colored by Adams' singular philosophy of history and how great was the disparity between the protagonist of the Education and Adams as he actually was. Upon its completion in 1964, Samuel's life of Henry Adams was hailed as one of the great biographical achievements of our time; its laurels included a Pulitzer Prize. Ernest Samuel has now distilled his ample narrative into a single absorbing volume. We see Adams as a lively undergraduate in contrast to the jaded young man of the Education; as budding writer, newspaper correspondent, eager participant in political maneuverings in Washington and at the American embassy in London; as teacher at Harvard and editor of the North American Review; settled in Washington as scholar, biographer, historian, novelist, as insatiable traveler, as friend and adviser to statesmen, as elderly cosmopolite spending half of each year abroad and always as witty chronicler of the social scene and trenchant commentator on the events of his time. We are drawn into the personal drama of Adams' middle years, his married life with Clover, the halcyon period in Washington in the early 1880s catastrophically terminated by Clover's depression and suicide, his growing passion for Elizabeth Cameron and his flight to the South Seas. Throughout the book we follow the genesis and progress of his writings, from his muckracking journalism in President Grant's Washington through the social and political criticism of his novels, his biographies, and his great History to the classic Mont Saint Michel and Chartres, the daring theories of the Education and his last essays. Few biographies have so broad a canvas: sixty years of American political, social, and intellectual life from the pre-Civil War years to the First World War. And few offer so revealing a portrait of a complex human being and an extraordinary career.

"John La Farge, A Biographical and Critical Study" James L.

Yarnall, 2017-07-05 John La Farge A Biographical and Critical Study is the first biography in a century of the American painter, illustrator, muralist, stained glass artist, and writer. Examining La Farge's career from his youth to his late rebound as a decorative artist from New York City and New England to Europe to Japan to the South Seas, this is also the only biography to date composed independently of the artist and his estate. Drawing on primary documentation culled from archives and contemporary newspapers and journals, the biography thoroughly documents La Farge's career and artwork. Earlier biographies avoided the darker aspects of his complex and conflicted life, which had dramatic effects on his work. The study also offers critical analysis of the artist's works, showing influences from other artists and giving contemporary and modern responses. La Farge authority James L. Yarnall scrutinizes how posterity has viewed the artist throughout the century since his death. The book is copiously illustrated with black and white and color images.
