Kennedy's assassination in 1968 seems like it should be an open and shut case Many people crowded in the small room at Los Angeles's famed Ambassador Hotel that fateful night saw Sirhan Sirhan pull the trigger Sirhan was also convicted of the crime and still languishes in jail with a life sentence However conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy a patsy for the real killers or even a hypnotized assassin who did not know what he was doing a popular plot in Cold War era fiction such as *The Manchurian Candidate* Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan's extensive personal notebooks He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present day terrorism *The Forgotten Terrorist* is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968 This second edition features a new afterword containing interviews and new evidence as well as a new examination of the RFK assassination acoustics evidence

The Narcotic Farm Nancy D. Campbell, JP Olsen, Luke Walden, 2021-03-16 The United States Narcotic Farm opened in 1935 in the rolling hills of Kentucky horse country Portrayed in the press as everything from a New Deal for the drug addict to a million dollar flophouse for junkies the sprawling art deco facility was equal parts federal prison treatment center working farm and research laboratory Its mission was to rehabilitate addicts who were increasingly criminalized and incarcerated as a result of strict new drug laws and to discover a cure for opiate addiction This richly illustrated book offers an important history of this progressive yet ultimately doomed experiment Narco as the locals called it pioneered new treatments such as prescribing methadone to manage heroin withdrawal and developed drugs that blocked the action of opiates The coed institution admitted federal prisoners as well as volunteers who checked themselves in for treatment and

through the years it hosted several legendary jazz musicians including Chet Baker and Sonny Rollins as well as actor Peter Lorre and writer William S Burroughs The facility ultimately closed in 1975 under a cloud as Congress learned that Narco researchers had recruited patients as test subjects for CIA funded LSD experiments from 1953 to 1962 part of the notorious project MK Ultra Featuring a new foreword by Sam Quinones The Narcotic Farm offers a vital perspective on US drug policy addiction and incarceration as the nation struggles with a new opioid epidemic
