## **Searching For The New Liberalism Perspectives Policies Prospects:**

**Searching for the New Liberalism** Howard Aster, Tom Axworthy, 2003 It is clear today during the early years of the 21st century that the search for fundamental political ideas for vital and viable political discourse is taking many people from the Pope to Tony Blair back to the discourse on liberalism The papers in this volume are intended to extend the Canadian discourse on liberalism further and to provide a first and incomplete map in the search for the new liberalism From the introduction by Howard Aster     Constitutional Democracy Under Stress Peter L. Biro, Peter L. Biro, 2022-12-31

Constitutional democracy is not just any old form of democracy It has a peculiar logic and is premised upon some exacting criteria and principles including good laws and institutions predicated on specific fundamental core values and principles But it is when fully ingrained in the public sensibility a sort of civic serum necessary to inoculate free citizens against the ravages of anti democratic populism authoritarianism racism nativism discrimination xenophobia corruption self dealing and much worse The need for civic inoculation of that sort is urgent today globally The essays in this volume probe the sources and malaise now confronting Constitutional Democracy However they go much further Many of the essays are indeed road maps for a realistic and cultivated response to our present condition The clues for a rehabilitated democracy are found here analytically but also prescriptively     *Applied Political Theory and Canadian Politics* David McGrane, Neil

Hibbert, 2019-03-14 Bringing together political theorists and specialists in Canadian politics *Applied Political Theory and Canadian Politics* combines conceptual frameworks from political theory and empirical evidence to offer fresh perspectives on political events in contemporary Canada Examining complex and timely subjects such as equality social justice democracy citizenship and ethnic diversity contributors present current and archival research supplemented with insights drawn from political theory to give readers a deep and nuanced understanding of increasingly pressing issues in Canadian society For scholars and students seeking a work of political theory that is tangible focused and connected to the real world of everyday politics *Applied Political Theory and Canadian Politics* will be an important resource combining philosophical insights and empirical evidence to enhance our understanding of contemporary Canadian politics     **Professionalism and Public**

**Service** David Siegel, Kenneth Rasmussen, 2008-07-26 Representing the leading scholars in the field *Professionalism and Public Service* assesses the state of public administration in Canada while also moving the discipline forward both as a profession and an academic discipline The contributors to this volume trace the evolution of public administration institutions and explore issues such as the protection and improvement of the public service recent innovations in the area of service delivery and how this has created increased legitimacy and recognition from citizens The various chapters also examine the importance of ongoing learning and training within the public service and study many recent advances in teaching methods for both students as well as for public administration practitioners Written in honour of Kenneth Kernaghan the groundbreaking scholar who played an important role in public administration in Canada *Professionalism and Public Service*

thematically highlights some of his lasting contributions to the discipline It is a history of the recent evolution of an essential part of Canadian governance and a fitting tribute to a distinguished scholar      **Canada Among Nations, 2006** Andrew F. *Index of Conference Proceedings* British Library. Document Supply Centre, 2003      South Korea's New Southern Policy Lam Peng Er, 2023-04-17 This book examines the first regional strategy of South Korea toward Southeast Asia and India. At issue is how a middle power, a G20 country with the tenth largest economy in the world, seeks to play a larger and more comprehensive role in regions beyond the Korean peninsula. Hitherto, South Korean foreign policy has focused on nuclearizing North Korea, alliance maintenance with the United States, tricky relations with its most important economic partner, China, and difficult ties with Japan marred by historical and territorial disputes. The Moon Administration has sought to diversify South Korean foreign policy by elevating ASEAN and India to the same strategic level as the United States, China, Russia, and Japan. To be sure, the latter countries continue to be most significant to the Korean peninsula. However, this book offers different country and regional perspectives on Seoul's first regional grand strategy to play a role commensurate with its status as a middle power.      **Seeking Sustainability** G. J. Paton, 2010-11-23 This book is born of the need for a critique of current approaches to environmental policy and governance and the search for alternative sustainability frameworks.

**Struggling for Social Citizenship** Michael J. Prince, 2016-05-01 The Canada Pension Plan disability benefit is a monthly payment available to disabled citizens who have contributed to the CPP and are unable to work regularly at any job. Covering the program's origins, early implementation, liberalization of benefits, and more recent restraint and reorientation of this program, *Struggling for Social Citizenship* is the first detailed examination of the single largest public contributory disability plan in the country. Focusing on broad policy trends and program developments and highlighting the role of cabinet ministers, members of Parliament, public servants, policy advisors, and other political actors, Michael Prince examines the pension reform agendas and records of the Pearson, Trudeau, Mulroney, Chrétien, Martin, and Harper prime ministerial eras. Shedding light on the immediate world of applicants and clients of the CPP disability benefit, this study reviews academic literature and government documents, features interviews with officials, and provides an analysis of administrative data regarding trends in expenditures, caseloads, decisions, and appeals related to CPP disability benefits. *Struggling for Social Citizenship* looks into the ways in which disability has been defined in programs and distinguished from ability in given periods, how these distinctions have operated, been administered, contested, and regulated, as well as how, through income programs, disability is a social construct and administrative category. Weaving together literature on social policy, political science, and disability studies, *Struggling for Social Citizenship* produces an innovative evaluation of Canadian citizenship and social rights.
