Houses from Books Daniel D. Reiff,2010-11-01 Many homes across America have designs based on plans taken from pattern books or mail order catalogs In Houses from Books Daniel D Reiff traces the history of published plans and offers the first comprehensive survey of their influence on the structure and the style of American houses from 1738 to 1950 Houses from Books shows that architectural publications from Palladio s *I Quattro Libri* to Aladdin s *Readi Cut Homes* played a decisive role in every aspect of American domestic building Reiff discusses the people and the firms who produced the books as well as the ways in which builders and architects adapted the designs in communities throughout the country His book also offers a wide ranging analysis of the economic and social conditions shaping American building practices As architectural publication developed and grew more sophisticated it played an increasingly prominent part in the design and the construction of domestic buildings In villages and small towns which often did not have professional architects the publications became basic resources for carpenters and builders at all levels of expertise Through the use of published designs they were able to choose among a variety of plans styles and individual motifs and engage in a fruitful dialogue with past and present architects Houses from Books reconstructs this dialogue by examining the links between the published designs and the houses themselves Reiff s book will be indispensable to architectural historians architects preservationists and regional historians Realtors and homeowners will also find it of great interest A catalog at the end of the book can function as a guide for those attempting to locate a model and a date for a particular design Houses from Books contains a wealth of photographs many by the author that enhance its importance as a history and guide      *Old-House Journal* ,1994-05 *Old House Journal* is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice      *Texas Houses Built by the Book* Margaret Culbertson,1999 In addition to identifying design sources actually used in Texas Culbertson provides personal background information on several of the original owners many of whom were prosperous and respected members of their communities By providing such

contextual information about the houses and their owners Culbertson shows that using designs published in magazines and catalogues was socially and culturally acceptable during this period The book closes with an in depth look at the use of published designs in one particular community Waxahachie and the place of these houses within the community and in the lives of their original owners **BOOK JACKET** **The Architectural Plates from the "Encyclopedie"** Denis Diderot, 2013-01-23 From Diderot's monumental illustrated record of 18th century European arts and sciences elegant renderings of architectural landmarks drawings and plans for windmills bridges and boats renderings of palatial interiors and furnishings elevations and floor plans for many well known European theaters scenes of 18th century craftsmen at work in the building trades and much more **Plantation Houses and Mansions of the Old South** J.
