given by the CSO during this time as well as transcripts of his remarkable radio interviews with these colossal figures These pages hold tidbits for the curious such as Patner s driving survey that playfully ranks the Maestri he knew on a scale of total comfort to fright level five and the observation that Muti appears to be a southpaw on the baseball field Moving easily between registers they also open revealing windows onto the sometimes difficult pasts that brought these conductors to music in the first place including Boulez s and Haitink s heartbreaking experiences of Nazi occupation in their native countries as children Throughout these reviews and interviews are threaded together with insights about the power of music and the techniques behind it from the conductors varied approaches to research preparing scores and interacting with other musicians to how the sound and personality of the orchestra evolved over time to the ways that we can all learn to listen better and hear more in the music we love Featuring a foreword by fellow critic Alex Ross on the ethos and humor that informed Patner s writing as well as an introduction and extensive historical commentary by musicologist Douglas W Shadle this book offers a rich portrait of the musical life of Chicago through the eyes and ears of one of its most beloved critics
