rather have easy access to his food than go out hunting for it And that is what made him add fruit and vegetables to his daily diet instead of substance on just animal products like meat fish and game which needed to be hunted in all weather depending on the need and requirement of the tribe and family And that is why he began domesticating farm animals But we a large number of us who are town dwellers or city dwellers have supposedly lost touch with our roots no pun intended and that is why we can not imagine ourselves grubbing in the family farms or plots from dawn to dusk in order to get enough of a harvest to feed our families
