Carver McGriff, 1998 Preachers must understand the teaching techniques of parable and hyperbole not to mention having a good background in systematic theology in order to understand what the Bible's writers really meant But our responsibility is also to reduce the complexities of Bible study to such simplicities that our many listeners ranging from busy young professional people to aging men and women of failing health to youngsters facing a variety of new temptations can take away a saving word from the Preface E Carver McGriff provides the tools preachers need for their daunting task with some of the most timely and thought provoking research on the lectionary texts ever made available Included for each scriptural lesson in the lectionary are A listing of the applicable Revised Common Roman Catholic and Episcopal lectionary texts A description of the Psalm of the day A prayer for the day Commentary that is more than academic exegesis McGriff brings to the forefront those points in the lessons that relate most poignantly to our contemporary reality Suggested sermon titles for each of the three texts for each Sunday Themes and suggested directions for preaching on each text Several additional illustrations to enliven your preaching Known in the Indianapolis community as a preacher with extraordinary gifts it is no surprise at all that this work by Carver McGriff brings remarkable insights to those who look for integrity in their preaching Carver looks at the texts with a freshness that is sure to stimulate the thought process Careful use of these suggestions will bring serendipities to preacher and congregation George H Tooze Senior Minister First Baptist Church Indianapolis Indiana One of America's premiere preachers E Carver McGriff returned home after earning two Purple Hearts during World War II to earn a degree in business administration from Butler University Following a career as a salesman and business owner McGriff entered Garrett Theological Seminary where he was voted Best Preacher by the faculty and graduated with distinction During his 26 year ministry at St Luke's Methodist Church in Indianapolis McGriff spearheaded his congregation's remarkable growth in membership from 900 to 4 400 with average Sunday attendance increasing from 300 to over 1 850 McGriff received an honorary degree from the University of Indianapolis and the Outstanding Alumnus award from Butler University and was voted the Distinguished Alumnus of the year by Christian Theological Seminary McGriff was also honored in 1993 by the Governor of Indiana with the Sagamore of the Wabash His sermons have been distributed nationwide by the United Methodist Publishing House Cycles of Time and Meaning in the Mexican Books of Fate Elizabeth Hill Boone, 2013-05-17 In communities throughout precontact Mesoamerica calendar priests and diviners relied on pictographic almanacs to predict the fate of newborns to guide people in choosing marriage partners and auspicious wedding dates to know when to plant and harvest crops and to be successful in many of life's activities As the Spanish colonized Mesoamerica in the sixteenth century they made a determined effort to destroy these books in which the Aztec and neighboring peoples recorded their understanding of the invisible world of the sacred calendar and the cosmic forces and supernaturals that adhered to time Today only a few of these divinatory codices survive Visually

complex esoteric and strikingly beautiful painted books such as the famous Codex Borgia and Codex Borbonicus still serve as portals into the ancient Mexican calendrical systems and the cycles of time and meaning they encode In this comprehensive study Elizabeth Hill Boone analyzes the entire extant corpus of Mexican divinatory codices and offers a masterful explanation of the genre as a whole She introduces the sacred divinatory calendar and the calendar priests and diviners who owned and used the books Boone then explains the graphic vocabulary of the calendar and its prophetic forces and describes the organizing principles that structure the codices She shows how they form almanacs that either offer general purpose guidance or focus topically on specific aspects of life such as birth marriage agriculture and rain travel and the forces of the planet Venus Boone also tackles two major areas of controversy the great narrative passage in the Codex Borgia which she freshly interprets as a cosmic narrative of creation and the disputed origins of the codices which she argues grew out of a single religious and divinatory system
