Seasons Past Damon Rice (pseudonym), S. Arber, Ford Hovis, 1976-05-15 **Reflections of Seasons Past** Mary Booth Bright, 2009-03-12 This book is personal journey that a couple made when they left the Rural South to live in the hustle and bustle of New York City Mary gives us an insight into that journey in a way that recounts her perceptions of life as she settled and grew in the Big Apple She became an accomplished seamstress as she and her husband built a successful life She recounts her life as they rubbed elbows with the rich and famous from the assorted cultures surrounding their daily living This book is a blending of black historical events interspersed with the history of a black woman's life It helps us all look through the crystal and understand Mary's well grounded values forged from her southern roots with hopes of a better future that will lift our spirits and enable us to reflect on our own seasons past **A New Season** Brian Porto, 2003-08-30 This book demonstrates how colleges might retain threatened varsity programs and expand sports opportunities for women students if they replaced the current commercial model with one that emphasizes student participation This would benefit the college students who play varsity sports instead of benefiting the coaches athletic directors or over generous boosters who dominate many programs In Title IX the federal law prohibiting sex discrimination in education schools have been handed a golden opportunity to bring fiscal sanity and academic integrity back to their campuses by once again making students and not money the focal point of athletic policies This book demonstrates how colleges might retain threatened varsity programs and expand sports opportunities for women students if they replace the current commercial model with one that emphasizes student participation This would benefit the college students who play varsity sports instead of benefiting the coaches athletic directors or over generous boosters who dominate many programs Reformist tinkering has done little to solve the deep seated problems plaguing college sports Porto argues that replacing the enormous commercial pressures corrupting college sports with a student oriented participation model can solve these problems Fiscal sanity academic integrity personal responsibility and gender equity in college sports are possible Faculty members can lead a broader movement to reclaim their institutions from the college sports industry This book shows how college sports may once again be the integral part of the educational program the NCAA advertises them to be and that they should be Catalog of Copyright Entries Library of Congress.
