Genesis Geoffrey Carr, 2019-01-25. Watching, waiting, planning. Hidden somewhere deep in the Cloud, something is collating information. It reads everything it learns, it watches. And it plans. Around the world, researchers, engineers, and entrepreneurs are being killed in a string of apparently unrelated accidents. But when intelligence agency analysts spot a pattern, they struggle to find the culprit, blocked at every step by reluctant allies and scheming enemies. Meanwhile, a multi-billionaire inventor and forward thinker is working hard to realise his dream and trying to keep it hidden from everyone, one government investigating him and another helping him. But deep in the Cloud, something is watching him too. And deep in the Cloud, it plans. Visit bit.ly/GC_Genesis. Cover artwork by Alison Buck. Mars image: Nerthuz/shutterstock.com.

Publications of the Astronomical Society of the Pacific Astronomical Society of the Pacific, 1910. **Pacific Fisherman**, 1921. **Hercules and the King of Portugal** Dian Fox-Hindley, 2019-01-08. Hercules and the King of Portugal investigates how representations of masculinity figure in the fashioning of Spanish national identity, scrutinizing ways that gender performances of two early modern male icons, Hercules and King Sebastian, are structured to express enduring nationhood. The classical hero Hercules features prominently in Hispanic foundational fictions and became intimately associated with the Hapsburg monarchy in the early sixteenth century. King Sebastian of Portugal, 1554-78, both during his lifetime and after his violent death, has been inserted into his own land's charter myth, even as competing interests have adapted his narratives to promote Spanish power. The hybrid oral and written genre of poetic Spanish theater, as purveyor and shaper of myth, was well situated to stage and resolve dilemmas relating both to lineage determined by birth and performance of masculinity in ways that would ideally uphold hierarchy. Dian Fox's ideological analysis exposes how the two icons are subject to political manipulations in seventeenth-century Spanish theater and other media. Fox finds that officially sanctioned and sometimes popularly produced narratives are undercut by dynamic social and gendered processes. Hercules and Sebastian slip outside normative discourses and spaces to enact nonnormative behaviors and unproductive masculinities.
