Arthur F. Kinney

Shakespeare's Promises:

Shakespeare's Binding Language John Kerrigan, 2016 Shakespeare's Binding Language is an innovative substantial but highly readable study exploring the significance in Shakespeare's plays of oaths vows contracts pledges and the other verbal and performative acts by which characters commit themselves to the truth of things past present and to come

Shakespeare's Promises William Kerrigan, 1999 After a discussion of promises in philosophy law psychology politics language and ordinary life the author presents detailed studies of Richard III The Merchant of Venice and Othello and concludes with a brief visit to the swearing scene in Hamlet BOOK JACKET *Shakespeare's Religious Frontier* Robert Stevenson, 2013-03-09 THIS slight volume is addressed not to Shakespearean specialists but rather to the general public My chief purpose has been to view Shakespeare's manipulation of his clergy The last three chapters deal with ancillary problems Two articles in this collection have already been published Shakespeare's Cardinals and Bishops in The Crozer Quarterly April 1950 Shakespeare's Interest in Heresy's Declaration in Publications of the Modern Language Association September 1952 I appreciate the Editors permission to reprint these essays in the present volume I also thank Professors Gerald Eades Bentley and Lily Bess Campbell for encouragement and advice during the writing of the first fifth and last pieces in this collection Neither is however to be held responsible for any errors discovered by reviewers All of the essays in this volume except the first were written either at The Folger Shakespeare Library in 1950 or at The Huntington Library in 1952 I thank the directors and staffs of both libraries for their many exceptional kindnesses Miss Mary Neighbour of Oxford has placed me further in her debt by typing the completed collection *Shakespeare Studies* Susan Zimmermann, Susan Zimmermann, 2005-10 Shakespeare Studies is an international volume containing essays studies by critics cultural historians from both hemispheres Volume 33 continues the series in which specialists in theatrical traditions in the time of Shakespeare discuss the state of scholarly study in their areas *Secret Shakespeare* Richard Wilson, 2024-06-04 Shakespeare's Catholic context was the most important literary discovery of the last century No biography of the Bard is now complete without chapters on the paranoia and persecution in which he was educated or the treason which engulfed his family Whether to suffer outrageous fortune or take up arms in suicidal resistance was as Hamlet says the question that fired Shakespeare's stage In Secret Shakespeare Richard Wilson asks why the dramatist remained so enigmatic about his own beliefs and so silent on the atrocities he survived Shakespeare constructed a drama not of discovery like his rivals but of darkness deferral evasion and disguise where for all his hopes of a golden time of future toleration What's to come is always unsure Whether or not He died a papist it is because we can never pluck out the heart of his mystery that Shakespeare's plays retain their unique potential to resist This is a fascinating work which will be essential reading for all scholars of Shakespeare and Renaissance studies Promises to Keep Yael Ziegler, 2008 While many studies explore the literary role of the oath in general literature none have contended with the role of the oath in the biblical narratives This study seeks to fill that vacuum

This study demonstrates that by perceiving the oath as a literary device for plot and character development additional or more precise meanings may be revealed in the biblical stories The Shakespearean Enigma and an Elizabethan Mania John F. Forbis,1924 *The Shakespeare Wars* Ron Rosenbaum,2011-11-09 Ron Rosenbaum is one of the most original journalists and writers of our time David Remnick In *The Shakespeare Wars* Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the human imagination As he did in his groundbreaking *Explaining Hitler* he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency He gives us a Shakespeare book like no other Rather than raking over worn out fragments of biography Rosenbaum focuses on cutting edge controversies about the true source of Shakespeare's enchantment and illumination the astonishing language itself How best to unlock the secrets of its spell With quicksilver wit and provocative insight Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience deeper into the mind of Shakespeare Was Shakespeare the one draft wonder of Shakespeare in Love Or was he rather as an embattled faction of textual scholars now argues a different kind of writer entirely a conscientious reviser of his greatest plays Must we then revise our way of reading staging and interpreting such works as *Hamlet* and *King Lear* Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South He makes ostensibly arcane textual scholarship intensely seductive and sometimes even explicitly sexual At an academic Pleasure Seminar in Bermuda for instance he examines one scholar's quest to find an orgasm in *Romeo and Juliet* Rosenbaum shows us great directors as Shakespearean scholars in their own right We hear Peter Brook perhaps the most influential Shakespearean director of the past century disclose his quest for a secret play hidden within the Bard's comedies and dramas We listen to Sir Peter Hall founder of the Royal Shakespeare Company as he launches into an impassioned table pounding fury while discussing how the means of unleashing the full intensity of Shakespeare's language has been lost and how to restore it Rosenbaum's hilarious inside account of the Great Shakespeare Funeral Elegy Fiasco a man versus computer clash illustrates the iconic struggle to define what is and isn't Shakespearean And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right *The Shakespeare Wars* offers a thrilling opportunity to engage with Shakespeare's work at its deepest levels Like *Explaining Hitler* this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time **Shakespeare and Cognition** Arthur F. Kinney,2013-10-31 *Shakespeare and Cognition* examines the essential relationship between vision knowledge and memory in Renaissance models of cognition as seen in Shakespeare's plays Drawing on both Aristotle's *Metaphysics* and contemporary cognitive literary theory Arthur F Kinney explores five key objects images in Shakespeare's plays crowns bells rings graves and ghosts that are not actually seen or in the case of the latter not meant to be seen but are central to the imagination of both the playwright and the playgoers *Shakespeare's*

Politic Histories John H. Cameron, 2023-12-22 This book posits that Shakespeare's First Tetralogy draws inspiration from the Italian politic histories of the early modern period. These works of history, influenced by the Roman historian Tacitus, delve into the exploration of the machinations of power, politics in governance, and the shaping of historical events. The argument is that closely analysing these Italian politic histories can significantly enhance our understanding of the politic aspects dramatized in Shakespeare's early English History plays. Specifically, the writings of Niccolò Machiavelli are highlighted as contributing to this understanding. These politic histories were accessible in a variety of forms to many English early modern writers, including Shakespeare. Thus, they serve as foundation for political and strategic analogies, enriching our interpretation of Shakespeare's politic histories. While delving into the Italian politic historians can illuminate Shakespeare's achievement, it is suggested that we should regard the English History plays as politic histories in their own right. In essence, they are dramatized versions of precisely the same kinds of politic historical writing, with its emphasis on *ragion di Stato* or *raison d'état*. This emphasis on what the Elizabethans called stratagems introduces new approaches to interpreting the plays. Considering the motivation and action of its characters entails novel approaches that challenge the established reading of the plays. Machiavellian characters, particularly Richard III, shed light on previously overlooked characters, particularly Buckingham and Stanley, revealing their considerably greater strategic acumen. This exploration provides fresh avenues for reading the Shakespeare's politic histories and better appreciate their Italian connection.
