Los Angeles in Fiction David M. Fine,1984 **The Many Voices of the Los Angeles Novel** Julia Stein,2022-05 As this volume shows Los Angeles novels changed greatly beginning in the 1960s as the population of the city became multi national For decades Latino as have written critical novels of resistance about LA and in the 1970s their novels came of age while influenced by South American magical realism The book also highlights that African Americans and Asian Americans have authored brilliant Los Angeles fiction for a number of years while women transformed novels dealing with Hollywood detectives and science fiction In addition LGBTQ writers both Anglos and Chicano as have created innovative works while men s novels that explored 20th century class conflicts have been recently rediscovered *Leaving Los Angeles* Kyle Kouri,2018 Imagining Los Angeles David Fine,2016-06-01 The literary image of Los Angeles has evolved since the 1880s from promotional literature that hyped the region as a New Eden to contemporary visions of the city as a perplexing sometimes corrupt even apocalyptic place that reflects all that is wrong with America In *Imagining Los Angeles* the first literary history of the city in more than fifty years critic David Fine traces the history and mood of the place through the work of writers as diverse as Helen Hunt Jackson Mary Austin Norman Mailer Raymond Chandler Joan Didion Carolyn See and many others His lively and engaging text focuses on the way these writers saw Los Angeles and used the image of the city as an element in their work and on how that image has changed as the city itself became ever larger more complex and more socially and ethnically diverse This is essential reading for anyone interested in the literature and changing image of Southern California *Making History* Carolyn See,1991 Carolyn See s four previous novels have established her as one of the best chroniclers of California life Now she reaches out to encompass the whole Pacific Rim in a dazzling new novel about living on the edge of the future It is the story of one family who has achieved the L A dream of affluent happiness and of what happens when their sunny world is shattered by a series of random accidents **L.A. Breakdown (Deluxe Edition)** Lou Mathews,2023-06-13 A 1999 LOS ANGELES TIMES BEST BOOKDELUXE EDITION WITH NEVER BEFORE SEEN RECOVERED CHAPTERS Los Angeles 1967 With gleaming detail and blinding precision Lou Mathews freeze frames a hidden corner of L A s outlaw culture in the moments before it becomes extinct The heart of the culture is the drive in where street racers meet to challenge their rivals and place their bets This world comes to life after dark lit by headlights and street lamps

a moveable feast of drag races peopled with its own lost generation young men and women who have left high school but have no thoughts of college Drifting from one dead end job to another supplementing their income through thieving doing the occasional stint in prison and reluctantly entering the armed services when there is nothing else left they live and sometimes die for the excitement the danger the money of racing In the world of drag racing fleeting and bittersweet like the end of summer the stakes the stakes grow higher and higher as one by one each player spins out and disappears from the scene Here we meet Vaca crippled in soul and body prefers the armor of his car to a wheelchair The ex con Brody Vaca s driver is the best street racer in town Reinhard a loner who has no one and nothing but the exquisite machines he builds and races Charlie the race organizer who tells the story And Connie who rolls her eyes at the whole parade never without a sarcastic riposte but who can t stay away from the boys and their toys Stunning bleakly beautiful and laugh out loud funny L A Breakdown paints a riveting portrait of 1960s Los Angeles frozen in time yet disintegrating before our eyes with all the reckless speed of romantic era Mathews keeps the reader so firmly focused on horsepower hand rubbed black lacquer paint jobs and custom pinstripes that the small epiphanies that unfold here really do sneak up as surprising and pungent as burning oil Los Angeles Times **L.A. and Joan Didion are in conversation with activists and astronauts vampires and veterans Baldwin records the stories of countless Angelenos discovering people both upended and reborn by disasters natural and economic following gospels of wealth or self help or personal destiny The result is a story of a kaleidoscopic vibrant nation unto itself vastly more than its many many parts Baldwin s concept of the city state allows us finally to grasp a place Los Angeles whose idiosyncrasies both magnify those of America and are so fully its own Here space and time don t quite work the same as they do elsewhere and contradictions are as stark as southern California s natural environment Perhaps no better place exists to watch the United States s past and its possible futures play themselves out Welcome to Los Angeles the Great American City State **Spring Street** James Hugh Richardson,2017-09-17 Excerpt from Spring Street A Story of Los Angeles One day the editor stopped beside my desk and told me he wanted me to write a novel about Los Angeles to appear in serial form Seven weeks later Spring Street was on his desk I was assigned to write it as I would have been assigned as a reporter to cover a big story About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *LOS ANGELES* David Rieff,1992-09 The author turns his critical eye to the City of Angels discussing L A s gridlocked freeways immigrant neighborhoods posh Beverly Hills popular culture health consciousness and more and speculates on the city s future *The Novels of Tobias Smollett* Tobias Smollett,1884 *L.A. Rex* Will Beall,2007-09-04 A gritty and ferocious novel written by Will Beall an LAPD officer who continues to patrol the streets he writes about L A Rex is the story of Ben Halloran a seemingly fresh faced rookie assigned to the 77th Division L A s most violent precinct still reeling from the Rodney King riots Partnered with old school cop Miguel Marquez the two plunge fast and deep into the city s burgeoning gang war and it soon becomes clear that they won t be able to emerge again unless Ben faces the demons he s running from once and for all Bristling with the energy and authenticity of the author s experiences as a working policeman in South Central L A this is a literary thriller that doesn t just unfold It explodes
