Bob Brown s reading machine and the radical technicities of African American experimentalists including Gwendolyn Bennett

ways in which trauma alters women s identities While some of the chapters look deeply at individual experiences many of the

for women The book shows that language has a transformative power to change us to give us a great capacity for inner and  
outer dialogues and for healing and self love As shown here women have historically employed autobiography and memoir to  
free themselves and others rather than seeing the limit of form they reinvent the parameters to offer a new relationship with
