**Lost Chicago** David Lowe, 2010-10 The City of Big Shoulders has always been our most quintessentially American and world class architectural metropolis In the wake of the Great Fire of 1871 a great building boom still the largest in the history of the nation introduced the first modern skyscrapers to the Chicago skyline and began what would become a legacy of diverse influential and iconoclastic contributions to the city's built environment Though this trend continued well into the twentieth century sour city finances and unnecessary acts of demolishment left many previous cultural attractions abandoned and then destroyed Lost Chicago explores the architectural and cultural history of this great American city a city whose architectural heritage was recklessly squandered during the second half of the twentieth century David Garrard Lowe's crisp lively prose and over 270 rare photographs and prints illuminate the decades when Gustavus Swift and Philip D Armour ruled the greatest stockyards in the world when industrialists and entrepreneurs such as Cyrus McCormick Potter Palmer George Pullman and Marshall Field made Prairie Avenue and State Street the rivals of New York City's Fifth Avenue and when Louis Sullivan Daniel Burnham and Frank Lloyd Wright were designing buildings of incomparable excellence Here are the mansions and grand hotels the office buildings that met technical perfection including the first skyscraper and the stores trains movie palaces parks and racetracks that thrilled residents and tourists alike before falling victim to the wrecking ball of progress Lost Chicago is more than just another coffee table gift more than merely a history of the city's architecture it is a history of the whole city as a cultural creation New York Times Book Review **Lost Chicago** John Paulett, Judy

Chicago's Lost "L"s David Sadowski, 2021 Chicago's system of elevated railways known locally as the L has run continuously since 1892 and like the city has never stood still It helped neighborhoods grow brought their increasingly diverse populations together and gave the famous Loop its name But today's system has changed radically over the years Chicago's *Lost Ls* tells the story of former lines such as Garfield Park Humboldt Park Kenwood Stockyards Normal Park Westchester and Niles Center It was once possible to take high speed trains on the L directly to Aurora Elgin and Milwaukee Wisconsin The L started out as four different companies two starting out using steam engines instead of electricity Eventually all four came together via the Union Loop The L is more than a way of getting around Its trains are a place where people meet and interact Some say the best way to experience the city is via the L with its second story view Chicago's *Lost Ls* is virtually a secret history of Chicago and this is your ticket      **Lost Chicago** Wttw, 2004-05-28      Forgotten Chicago
