Giordano,2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident **Focus On: 100 Most Popular American Game Show**

Hosts Wikipedia contributors, Careless Love (Enhanced Edition) Peter Guralnick,2014-12-30 Hailed as a masterwork by the Wall Street Journal *Careless Love* is the full true and mesmerizing story of Elvis Presley s last two decades in the long awaited second volume of Peter Guralnick s masterful two part biography Winner of the Ralph J Gleason Music Book Award *Last Train to Memphis* the first part of Guralnick s two volume life of Elvis Presley was acclaimed by the New York Times as a triumph of biographical art This concluding volume recounts the second half of Elvis life in rich and previously unimagined detail and confirms Guralnick s status as one of the great biographers of our time Beginning with Presley s army service in

Germany in 1958 and ending with his death in Memphis in 1977 *Careless Love* chronicles the unravelling of the dream that once shone so brightly homing in on the complex playing out of Elvis relationship with his Machiavellian manager Colonel Tom Parker It s a breathtaking revelatory drama that for the first time places the events of a too often mistold tale in a fresh believable and understandable context Elvis changes during these years form a tragic mystery that *Careless Love* unlocks for the first time This is the quintessential American story encompassing elements of race class wealth sex music religion and personal transformation Written with grace sensitivity and passion *Careless Love* is a unique contribution to our understanding of American popular culture and the nature of success giving us true insight at last into one of the most misunderstood public figures of our times Last Stage Manager Standing Daniel B. Morgan,2014-10-22 Television is one of the most significant and notable inventions of the Twentieth century Over the years people have seen an overabundance of glitz and glamour on television Homo sapiens used to turn on televisions in their living rooms to enjoy their TV dinners while watching the early movie now we are pulverized by news and fluff But what is really going on behind the camera Stage manager Daniel Morgan gives you his insight into how the production crew works together to run and direct **412** Craig Bohlin,2022-05-04 When my experiences began I started writing when I first learned how and when my experiences began where I am from and where I am presently I am excited about an obscurity of suggestion and willing to venture into the unknown to obtain a classification of words and advice for metaphorical composition and creation Resisting spoiled misused commercialized deformed mispronounced and in general degraded words Sensitivity to colloquial speech intrigue with definition and synonyms When there seems like there is no such thing as free verse but only different kinds of rhythm Choice and will are always involved for the use of words can be argued in an illuminating way or a misleading way Direct elegant and vivid sudden transitions connections in logical order conception concise word choice the unrewarding exercise of discovering observation and justification The poetic idiom given to generalization Where discouragement and difficulties follow When words fall densely onto the page imposing upon comprehension of sensibility I have written or have started writing many topical stories including some with difficult vocabulary I have studied poets authors and novelists and have researched their reputable writing concepts I have currently completed working on condensing through editing a book that I have written which is a series of short topical stories if that This is that book When I write I have little problem with punctuation and spelling although I will find some errors in editing My grammar skills are good but I could always use more vocabulary skills Subjective spontaneous words that fall onto the paper and using as few words as possible to express an idea I often find myself reading the dictionary to abstract new words ideas and topics Writing I believe has at least one distinction which entitles me to something A communicational tool used as an explanation for what is to be held true and valued Inventing accomplished expression sets me to musing thinking and searching Amusing melancholy expression that seem to fit justly and harmoniously That which seems to fortify an idea prompt and unfailing Accuracy makes it deliver an explosion Well

used words converge to form an especially planned distinction in part losing a special distinction This is what is difficult Arranging words justly and harmoniously which seem to fit into a theme justly and harmoniously Honest criticism and sensitive appreciation are directed not upon the poet but upon the poetry Starvation for words is always regrettable because I believe writing is the most sophisticated form of communication A writer may have the prolific arrangements of being confined to the surface but by a form and method in which the past and present are constantly faced with each other and resulting in a contrast which fires new interest which is wise and interesting Perfecting truth and sincerity with an endless imagination A strange combination of words to represent the brighter side of things Having judgement with precision and accuracy and written by the testimony of instinct The problem is that so much has been written with strong and persistent vacancies It leaves little room for decision
