Lost King The:

The Lost King Philippa Langley, Michael Jones, 2013-10-22 The official inside story of the discovery of the bones of Richard III now a major motion picture starring Sally Hawkins and Steve Coogan The mystery of who Richard III really was has fascinated historians readers and audiences familiar with Shakespeare's dastardly portrait of a hunchbacked monster of royalty for centuries In 2012 the remains of a man with a curving spine who possibly was killed in battle were discovered underneath the paving of a parking lot in Leicester England Philippa Langley head of The Richard III Society spurred on by the work of the historian Michael Jones led the team of who uncovered the remains certain that she had found the bones of the monarch When DNA verification later confirmed that the skeleton was indeed that of King Richard III the discovery ranks among the great stories of passionate intuition and perseverance against the odds The news of the discovery of Richard's remains has been widely reported by the British as well as worldwide and was front page news for both the New York Times and The Washington Post Many believe that now with King Richard III's skeleton in hand historians will finally begin to understand what happened to him following the Battle of Bosworth Field twenty miles or so from Leicester and ultimately to know whether he was the hateful unscrupulous monarch of Shakespeare's drama or a much more benevolent king interested in the common man Written in alternating chapters with Richard's 15th century life told by historian Michael Jones author of the critically acclaimed *Bosworth 1485* contrasting with the 21st century eyewitness account of the search and discovery of the body by Philippa Langley *The Lost King* will be both an extraordinary portrait of the last Plantagenet monarch and the inspiring story of the archaeological dig that finally brings the real King Richard III into the light of day **The Lost Kings**
