Lost Tapestries Of The City Of Ladies:

The Lost Tapestries of the City of Ladies Susan Groag Bell, 2004-11-29 Like a particularly good detective story this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces Susan Bell recounts both her long search for a series of sixteenth century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them Opening a new window on the lives of noblewomen in the Renaissance the brilliantly colored tapestries that were the ultimate artistic luxury of the day and the popular and influential fourteenth century writer Christine de Pizan Bell pursues a compelling tale that moves from centuries past to today The tapestries around which this story revolves are linked to Christine de Pizan's Book of the City of Ladies 1405 originally published six hundred years ago in 1405 The book is a tribute to women that honors two hundred female warriors scientists queens philosophers and builders of cities Though twenty five manuscripts of the City of Ladies still exist references to tapestries based on the book are elusive Bell takes us along as she tracks down records of six sets of tapestries whose owners included Elizabeth I of England Margaret of Austria and Anne of Brittany Queen of France Bell examines the intriguing details of these women's lives their arranged marriages their power their affairs of state asking what interest they had in owning these particular tapestries Could the tapestries have represented their thinking As she reveals the historical linguistic and cultural aspects of this unique story Bell also gives a fascinating account of medieval and early Renaissance tapestry production and of Christine de Pizan's remarkable life and legacy

The Oxford Handbook of Early Modern Women's Writing in English, 1540-1700 Elizabeth Scott-Baumann, Danielle Clarke, Sarah C. E. Ross, 2022 A Handbook on early modern women's writing that combines new developments in historical and critical research with theoretical and conceptual approaches

Hobbes on Sex Susanne Sreedhar, 2025-07-16 Why care what Hobbes thought about sex Contemporary scholars have largely dismissed Hobbes's brief and somewhat scattered remarks about gender and sexuality as peripheral to his central concerns In Hobbes on Sex the first book length study of Hobbes's writings on these topics Susanne Sreedhar challenges this dismissal Far from being haphazard or tangential Hobbes's views on sex are integral to his broader philosophical political project Drawing out the underlying logic of his claims this volume reconstructs a coherent substantive and distinctive account of sexual normativity from Hobbes's various remarks It argues that in stark contrast to many of his contemporaries and the traditions from which he emerges Hobbes is logically committed to a view it calls sexual positivism According to Hobbes the nature and status of gender and sexuality from the proper organization of marriage and the family to prohibitions on sexual behaviors to the differences between men and women to the legitimacy of female rule are entirely a matter of positive i.e. civil law Because matters of gender and sexuality are the result of human action for Hobbes they are fundamentally contingent and revisable This contingency stands in contrast with the pervasive and entrenched ways both natural patriarchalism and sexual moralism were enthroned in much of early modern political

theorizing The volume argues that Hobbes's sexual positivism dethrones sex from its usual prominent position in the history of philosophy By systematically stripping gender and sexuality of their privileged status whether as a source of normativity or as a topic of inquiry this dethroning of sex strikes at the heart of beliefs about human nature moral knowledge and social and political institutions that are widely accepted even today This novel interpretation of Hobbes's views on sexual normativity not only challenges traditional understandings of the trajectory of early modern political thought but it also suggests a new understanding of his place in the intellectual history of sex

The Prison of Love Emily C. Francomano, 2018-01-18 The Spanish romance *Círcel de amor* blossomed into a transnational and multilingual phenomenon that captivated audiences throughout Europe at a time when literacy was expanding and print production was changing the nature of reading writing and of literature itself In *The Prison of Love* Emily Francomano offers the first comparative study of this sixteenth century work as a transcultural humanist fiction Blending literary analysis and book history Francomano provides us with the richly textured history of the translations material books and artefacts that make this tale of love letters and courtly intrigue an invaluable prism through which the multifaceted world of sixteenth century literary and book cultures are refracted

A History of Women's Political Thought in Europe, 1400-1700 Jacqueline Broad, Karen Green, 2009-01-22 This ground breaking book surveys the history of women's political thought in Europe from the late medieval period to the early modern era The authors examine women's ideas about topics such as the basis of political authority the best form of political organisation justifications of obedience and resistance and concepts of liberty toleration sociability equality and self preservation Women's ideas concerning relations between the sexes are discussed in tandem with their broader political outlooks and the authors demonstrate that the development of a distinctively sexual politics is reflected in women's critiques of marriage the double standard and women's exclusion from government Women writers are also shown to be indebted to the ancient idea of political virtue and to be acutely aware of being part of a long tradition of female political commentary This work will be of tremendous interest to political philosophers historians of ideas and feminist scholars alike

Incest and Agency in Elizabeth's England Maureen Quilligan, 2011-06-07 Maureen Quilligan explores the remarkable presence in the Renaissance of what she calls incest schemes in the books of a small number of influential women who claimed an active female authority by writing in high canonical genres and who even more transgressively for the time sought publication in print It is no accident for Quilligan that the first printed work of Elizabeth I was a translation done at age eleven of a poem by Marguerite de Navarre in which the notion of holy incest is the prevailing trope Nor is it coincidental that Mary Wroth author of the first sonnet cycle and prose romance by a woman printed in English described in these an endogamous if not legally incestuous illegitimate relationship with her first cousin Sir Philip Sidney and his sister the Countess of Pembroke translated the psalms together and after his death she finished his work by revising it for publication the two were the subject of rumors of incest Isabella Whitney cast one of her most important long poems as a fictive legacy to her brother arguably because such

a relationship resonated with the power of endogamous female agency Elizabeth Carey's closet drama about Mariam the wife of Herod spends important energy on the tie between sister and brother Quilligan also reads male authored meditations on the relationship between incest and female agency and sees a far different Cordelia Britomart and Eve from what traditional scholarship has heretofore envisioned Incest and Agency in Elizabeth's England makes a signal contribution to the conversation about female agency in the early modern period While contemporary anthropological theory deeply informs her understanding of why some Renaissance women writers wrote as they did Quilligan offers an important corrective to modern theorizing that is grounded in the historical texts themselves **Mademoiselle de Montpensier** Sophie

Maríñez, 2017-08-28 *Mademoiselle de Montpensier* Writings Châteaux and Female Self Construction in Early Modern France examines questions of self construction in the works of Anne Marie Louise d'Orléans Duchesse de Montpensier 1627-1693 the wealthiest unmarried woman in Europe at the time a pro women advocate author of memoirs letters and novels and the commissioner of four châteaux and other buildings throughout France including Saint-Fargeau Champaign-sur-Veude-Eu and Choisy-le-roi ANEHR funded project this study explores the interplay between writing and the symbolic import of châteaux to examine Montpensier's strategies to establish herself as a woman with autonomy and power in early modern France

Republic of Women Carol Pal, 2012-06-07 *Republic of Women* recaptures a lost chapter in the narrative of intellectual history It tells the story of a transnational network of female scholars who were active members of the seventeenth century republic of letters and demonstrates that this intellectual commonwealth was a much more eclectic and diverse assemblage than has been assumed These seven scholars Anna Maria van Schurman Princess Elisabeth of Bohemia Marie de Gournay Marie du Moulin Dorothy Moore Bathsua Makin and Katherine Jones Lady Ranelagh were philosophers schoolteachers reformers and mathematicians They hailed from England Ireland Germany France and the Netherlands and together with their male colleagues men like Descartes Huygens Hartlib and Montaigne they represented the spectrum of contemporary approaches to science faith politics and the advancement of learning Carol Pal uses their collective biography to reconfigure the intellectual biography of early modern Europe offering a new expanded analysis of the seventeenth century community of ideas **Arras Hanging** Rebecca Olson, 2013-09-26 Textiles have long provided metaphors for storytelling a compelling

novel weaves a tapestry and we enjoy hearing someone spin a tale To what extent however should we take these metaphors seriously *Arras Hanging: The Textile That Determined Early Modern Literature and Drama* reveals that in the early modern period when cloth making was ubiquitous and high quality tapestries called arras hangings were the most valuable objects in England such metaphors were literal The arras in particular provided a narrative model for writers such as Edmund Spenser and William Shakespeare who exploited their audience's familiarity with weaving to engage them in highly idiosyncratic and hands-on ways Specifically undescribed or blank tapestries in the period's fiction presented audiences with opportunities to see whatever they desired and thus weave themselves into the story Far more than background objects literary and dramatic

arras hangings have much to teach us about the intersections between texts and textiles at the dawn of print and more broadly about the status of visual art in post Reformation England Published by University of Delaware Press Distributed worldwide by Rutgers University Press **Well-Behaved Women Seldom Make History** Laurel Thatcher

Ulrich,2008-09-23 From admired historian and coiner of one of feminism's most popular slogans Laurel Thatcher Ulrich comes an exploration of what it means for women to make history In 1976 in an obscure scholarly article Ulrich wrote Well behaved women seldom make history Today these words appear on t shirts mugs bumper stickers greeting cards and all sorts of Web sites and blogs Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written She ranges from the fifteenth century writer Christine de Pizan who wrote The Book of the City of Ladies to the twentieth century's Virginia Woolf author of A Room of One's Own Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did And she concludes by showing how the 1970s activists who created second wave feminism also created a renaissance in the study of history
