Mourning Glory:

The Weight of Silence Heather Gudenkauf, 2016-01-26 The runaway New York Times bestseller over half a million copies in print It happens quietly one hot August morning in Iowa two families awaken to find their little girls have gone missing in the night Seven year old Calli Clark suffers from selective mutism brought on by a tragedy when she was a toddler Petra Gregory is Calli's best friend and her voice But neither girl has been heard from since they vanished Now Calli and Petra's parents are tied by the question of what happened to their children And the answer is trapped in the silence of unspoken family secrets

Terror and Its Discontents Caroline Weber, 2003-01-01 Camille Desmoulins a journalist writing under the Montagnard regime of 1793-94 remarked that France's government had replaced the language of democracy with the cold poison of fear which paralyzed thought in the bottom of people's souls and prevented it from pouring forth at the tribunal or in writing How this happened how the Reign of Terror reached even into the realms of thought and language is the subject of Caroline Weber's book a revealing look into the paradoxical embargo on free expression that underpinned the Robespierrists self proclaimed despotism of liberty during the French Revolution Weber examines Jean Jacques Rousseau's and the Robespierrists articulation of a series of initiatives designed to curtail and control the dissemination of alternative political and philosophical messages in the republic Here Weber underscores the internal contradictions and limitations of an enterprise that promised universal freedom while oppressing particularism and that railed against the very language that it was compelled to adopt as a principal political tool The book then focuses on two eloquent contemporary critics of this phenomenon Desmoulins and the Marquis de Sade the infamous libertine author Weber demonstrates how Desmoulins reconfigured the Montagnard regime's rhetoric to conjure up a political system based on tolerance not terror and how Sade deftly parodied the Robespierrists brutality and hypocrisy proposing a republic based on the ruthless elimination of dissident voices and on the unabashed celebration of despotism and bloodshed A balanced account of how the discourse of totality actually restricted particular freedoms in the wake of the French Revolution this book provides a highly original and timely exposition of the political uses of rhetoric and of the links between language and power

The Enemy Within Dominick Pratico, 2007-03-21 As a society the Interstellar Web was dying Enormous fortunes were amassed in the face of unspeakable want and avarice thrived as sport With no villains left to fight but each other quarreling factions stood prepared to devour one another at the slightest provocation None of this mattered to Zoeicelli K Galvin Black Ops Commander and ex Marine Exiled to a remote command on The Frontier nobody was looking for him until he was ordered to investigate the disappearance of a fellow Black Ops commander What starts as a routine search and recovery operation rapidly escalates into something more sinister as Galvin suddenly finds himself caught up in a web of deceit and

corruption On the very edge of civilization from the coldest of barrens to blistering infernos Calvin is not only forced to confront The Enemy but also The Enemy Within The seven veils of privacy Kieron O'Hara,2023-07-18 Privacy is one of the most contested concepts of our time This book sets out a rigorous and comprehensive framework for understanding debates about privacy and our rights to it Much of the conflict around privacy comes from a failure to recognise divergent perspectives Some people argue about human rights some about social conventions others about individual preferences and still others about information and data processing As a result privacy has become the focus of competing definitions leading some to denounce the disarray in the field But as this book shows disagreements about the role and value of privacy obscure a large amount of agreement on the topic Privacy is not a technical term of law cybersecurity or sociology but a word in common use that adequately expresses a few simple and related ideas **Deadly Southern Charm** Mary Burton,Mary

Vergil's Aeneid and Greek Tragedy Vassiliki Panoussi, 2009-03-23 This book is a systematic study of the importance of Greek tragedy as a fundamental intertext for Vergil's *Aeneid* Vassiliki Panoussi argues that the epic's representation of ritual acts especially sacrifice mourning marriage and maenadic rites mobilizes a connection to tragedy The tragic ritual model offers a fresh look into the political and cultural function of the *Aeneid* expanding our awareness of the poem's scope particularly in relation to gender and presenting new readings of celebrated episodes such as Anchises' games Amata's maenadic rites Dido's suicide and the killing of Turnus She interprets the *Aeneid* as a work that reflects the dynamic nature of Augustan ideology contributing to the redefinition of civic discourse and national identity In her rich study readers will find a unique exploration of the complex relationship between Greek tragedy and Vergil's *Aeneid* and a stimulating discussion of problems of gender power and ideology in ancient Rome [Brief History of China](#) Jonathan
