The Millennial City Markus Moos, Deirdre Pfeiffer, Tara Vinodrai, 2017-08-04 Millennials have captured our imaginaries in recent years The conventional wisdom is that this generation of young adults lives in downtown neighbourhoods near cafes public transit and other amenities Yet this depiction is rarely unpacked nor problematized Despite some commonalities the Millennial generation is highly diverse and many face housing affordability and labour market constraints Regardless as the largest generation following the post World War II baby boom Millennials will surely leave their mark on cities This book assesses the impact of Millennials on cities It asks how the Millennial generation differs from previous generations in terms of their labour market experiences housing outcomes transportation decisions the opportunities available to them and the constraints they face It also explores the urban planning and public policy implications that arise from these generational shifts This book offers a generational lens that faculty students and other readers with interest in the fields of urban studies planning geography economic development demography or sociology will find useful in interpreting contemporary U S and Canadian cities It also provides guidance to planners and policymakers on how to think about Millennials in their work and make decisions that will allow all generations to thrive

The City: The city in global context Michael Pacione, 2002

Shanghai Mundane Lei Ping, 2025-09-18 This book offers a new critical intervention into the studies of the paradox of Chinese socialism Centering on the unremovable Shanghai bourgeoisie and middle class the book brilliantly discovers Chinese society s persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology from the Mao era to the Xi era Shanghai Mundane offers a new

critical intervention into the studies of the paradox of Chinese socialism Through the lens of contested state society relations the book challenges conventional China Studies by repositioning Shanghai as the key to decode the protracted ideological warfare between socialism and capitalism Based on significant archival ethnographic and theoretical evidence unearthed from the distinct cases of Shanghai bourgeoisie and middle class Lei Ping discovers the city's persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology throughout the entire history of the People's Republic of China Ping argues that despite the socialist remolding of capitalist industry and commerce the post 1949 Chinese state failed to eradicate bourgeois heritage in the domain of everyday life in the Mao era which ironically contributed to its controversial policy reversals in the post Mao era from Deng to Xi What lies at the heart of the major intellectual conundrum namely the survival and revival of bourgeois sentiments is what Ping calls the unremovable Shanghai mundane This captivating and provocative account sheds new light on understanding the larger questions as to the crisis ridden practices of Chinese socialism and the *raison d'être* of the Chinese Communist Party in the twenty first century **Capital City** Samuel

Stein,2019-03-05 This superbly succinct and incisive book on urban planning and real estate argues gentrification isn't driven by latte sipping hipsters but is engineered by the capitalist state Michael Sorkin author of *All Over the Map* Our cities are changing Around the world more and more money is being invested in buildings and land Real estate is now a 217 trillion dollar industry worth thirty six times the value of all the gold ever mined It forms sixty percent of global assets and one of the most powerful people in the world the former president of the United States made his name as a landlord and developer Samuel Stein shows that this explosive transformation of urban life and politics has been driven not only by the tastes of wealthy newcomers but by the state driven process of urban planning Planning agencies provide a unique window into the ways the state uses and is used by capital and the means by which urban renovations are translated into rising real estate values and rising rents *Capital City* explains the role of planners in the real estate state as well as the remarkable power of planning to reclaim urban life Everyday Life in the Gentrifying City Tone Huse,2016-04-15 Based on ethnographic

fieldwork conducted in Oslo *Everyday Life in the Gentrifying City* offers an examination of gentrification from below exploring the effects of this process upon city neighbourhoods and those that inhabit them whether residents business owners and their customers or local activists Engaging with recent debates surrounding immigration and the inclusion of ethnic minorities in the city the book takes up the question of ethnicity and gentrification It argues for an urban policy that gives up the preoccupation with policies concerning the residential mix and place transformation in favour of empowering its citizens A lively and engaging analysis in which theoretical rigour is illuminated with rich interviews and empirical content in order to shed light on the relationship between gentrification displacement and integration *Everyday Life in the Gentrifying City* will appeal to scholars and students of sociology geography anthropology and urban studies *Gentrification Is*

Inevitable and Other Lies Leslie Kern,2022-09-06 From the author of the best selling *Feminist City* this urbanite's guide to

gentrification knocks down the myths and exposes the forces behind the most urgent housing crisis of our time Gentrification is no longer a phenomenon to be debated by geographers or downplayed by urban planners it is an experience lived and felt by working class people everywhere Leslie Kern travels to Toronto Vancouver New York London and Paris to look beyond the familiar and false stories we tell ourselves about class money and taste What she brings back is an accessible radical guide on the often invisible forces that shape urban neighbourhoods settler colonialism racism sexism ageism ableism and more Gentrification is not inevitable if city lovers work together to turn the tide Kern examines resistance strategies from around the world and calls for everyday actions that empower everyone from displaced peoples to long time settlers We can mobilize demand reparations and rewrite the story from the ground up

Queer Premises Ben Campkin, 2023-06-01 Queer premises provide vital social and cultural infrastructure a queer infrastructure connecting different generations and locations facilitating the movement of resources across and beyond the city Queer Premises offers evidence for how London's diverse LGBTQ populations have embedded themselves into urban space systems and resources It sets out to understand how across their different material dimensions bars cafés nightclubs pubs community centres and hybrids of these typologies have been imagined created and sustained From the 1980s to the present Campkin asks how where and why these venues have been established how they operate and the purposes they serve what challenges they face and why they close down

In Search of Paradise Li Zhang, 2012-08-17 A new revolution in homeownership and living has been sweeping the booming cities of China This time the main actors on the social stage are not peasants migrants or working class proletariats but middle class professionals and entrepreneurs in search of a private paradise in a society now dominated by consumerism No longer seeking happiness and fulfillment through collective sacrifice and socialist ideals they hope to find material comfort and social distinction in newly constructed gated communities This quest for the good life is profoundly transforming the physical and social landscapes of urban China Li Zhang who is from Kunming the capital of Yunnan province turns a keen ethnographic eye on her hometown She combines her analysis of larger political and social issues with fine grained details about the profound spatial cultural and political effects of the shift in the way Chinese urban residents live their lives and think about themselves In Search of Paradise is a deeply informed account of how the rise of private homeownership is reconfiguring urban space class subjects gender selfhood and ways of life in the reform era New seemingly individualistic lifestyles mark a dramatic move away from yearning for a social utopia under Maoist socialism Yet the privatization of property and urban living have engendered a simultaneous movement of public engagement among homeowners as they confront the encroaching power of the developers This double movement of privatized living and public sphere activism Zhang finds is a distinctive feature of the cultural politics of the middle classes in contemporary China Theoretically sophisticated and highly accessible Zhang's account will appeal not only to those interested in China but also to anyone interested in spatial politics middle class culture and postsocialist governing in a globalizing world

Artistic Enclaves in

the Post-Industrial City Geoffrey Moss, 2017-03-20 This SpringerBriefs presents a case study and theoretical analysis of an artistic enclave that emerged within Lawrenceville Pittsburgh It briefly describes the history of greater Pittsburgh and Lawrenceville's transition from thriving blue collar community to depopulated low income neighborhood to gentrifying site of artistic and creative culture It draws on multiple methods e.g. interviews observations and survey data to discuss the advantages and disadvantages associated with being a Pittsburgh artist and offer a detailed description of the origins and ongoing development of Lawrenceville's artistic enclave It discusses this enclave in the context of sociological historical and interdisciplinary work on urban artistic communities i.e. bohemian and quasi bohemian communities and situates it within the larger urban artistic tradition and within its contemporary urban context It maintains that this enclave constitutes a successful i.e. sustainable example of an artistic creative class enclave a heuristic concept that clarifies and amends Richard Florida's brief commentary on contemporary urban artistic life It concludes by offering policy suggestions for those who wish to promote such enclaves and a preliminary critical appraisal of their potential impact on society

Children, Youth and the City Kathrin Horschelmann, Lorraine van Blerk, 2013-06-17 More than half of the global and around eighty per cent of the western population grow up in cities Here Horschelmann and van Blerk provide a vivid picture of children and youths in the city how they make sense of it and how they appropriate it through their social actions Considering the causes and forms of social inequalities in relation to class gender ethnicity sexuality ability and geographical location this book discusses specific issues such as poverty homelessness and work Each chapter draws on examples and cases from both the developed and developing world and throughout the chapters it contrasts experiences of growing up in the city focuses on urban youth culture consumption and globalization considers contemporary movements towards the role of children and youths in planning processes Horschelmann and van Blerk argue that youths must be recognised as urban social agents in their own right Their informative book though dealing with complex theoretical arguments relates key ideas to this topical subject in a clear and coherent manner making this book an excellent resource for students of human geography urban studies and childhood studies

Education Policy, Space and the City Kalervo N. Gulson, 2011-10-14 Drawing on three case studies of K 12 public schooling in London Sydney and Vancouver this book examines the geographies of neoliberal education policy in the inner city Gulson uses an innovative and critical spatial approach to explore how the processes and practices of neoliberal education policy specifically those relating to education markets and school choice enable the pervasiveness of a white middle class reimagining of inner city areas and render race invisible With urbanization posited as one of the central concerns for the future of the planet relationships between the city educational policy and social and educational inequality deserve sustained examination Gulson's book is a rich and needed contribution to these areas of study

The City in American Cinema Johan Andersson, Lawrence Webb, 2019-06-27 How has American cinema engaged with the rapid transformation of cities and urban culture since the 1960s And what role have films and film industries played in shaping and

mediating the postindustrial city This collection argues that cinema and cities have become increasingly intertwined in the era of neoliberalism urban branding and accelerated gentrification Examining a wide range of films from Hollywood blockbusters to indie cinema it considers the complex evolving relationship between moving image cultures and the spaces policies and politics of US cities from New York Los Angeles and Boston to Detroit Oakland and Baltimore The contributors address questions of narrative genre and style alongside the urban contexts of production exhibition and reception discussing films including *The Friends of Eddie Coyle* 1973 *Cruising* 1980 *Desperately Seeking Susan* 1985 *King of New York* 1990 *Inception* 2010 *Frances Ha* 2012 *Fruitvale Station* 2013 *Only Lovers Left Alive* 2013 and *Doctor Strange* 2016 Olympic Housing Penny Bernstock, 2016-05-13 One of the distinguishing characteristics of London's bid to host the games was its commitment to legacy where it was argued that the legacy would lead to the regeneration of an entire community for the direct benefit of everyone who lives there This book adopts a critical approach to the concept of legacy focussing specifically on housing It argues there will be a range of both intended and unintended legacy outcomes and an urgent need for revised strategies if those original objectives are to be achieved The concept of legacy is explored in a number of ways including an overview of housing legacy in other host cities the experiences and perspectives of those residents decanted to make way for the Olympic Park a critical review of legacy plans a detailed analysis of the conversion of the Athletes Village into housing and a case study of the emerging area Stratford High Street which explores issues of social class change and the limitation of planning policies Whilst taking housing as its focus this book adopts a sociological perspective by exploring the likelihood of social class change in order to draw conclusions about gentrification social polarisation and the extent to which social inclusion is reflected in housing legacies *Gentrification* Loretta Lees, Tom Slater, Elvin Wyly, 2013-10-18 This first textbook on the topic of gentrification is written for upper level undergraduates in geography sociology and planning The gentrification of urban areas has accelerated across the globe to become a central engine of urban development and it is a topic that has attracted a great deal of interest in both academia and the popular press *Gentrification* presents major theoretical ideas and concepts with case studies and summaries of the ideas in the book as well as offering ideas for future research
