DJ Losen

Read It Play It With Babies And Toddlers:

Read It! Play It! with Babies and Toddlers Joanne Oppenheim, Stephanie Oppenheim, 2006 **Reading with Babies, Toddlers and Twos** Susan Straub, KJ Dell'Antonia, 2013-05-07 It's never too early or too late to start sharing books with your baby. Reading is one of the first activities you can enjoy with your child, and *Reading with Babies, Toddlers and Twos* gets you started. Instill a love for reading early by answering questions such as: Which books will a newborn baby enjoy? What do you buy after you've read *Goodnight Moon*? Are eBooks and apps appropriate for young children? Can I make up a story to tell my child? What are the best collections of fairy tales, fables, and other classic stories? A parenting resource to help with early learning and literacy, Straub, Dell'Antonia, and Payne use their decades of experience as parents, book reviewers, and children's librarians to bring you the very best in children's books so you'll never run out of ideas for reading with your baby. An accessible and enjoyable guide, this book is a go-to resource. Traci Lester, executive director, Reach Out and Read of Greater New York.

Read, Rhyme, and Romp Heather McNeil, 2012-06-26 Designed to promote literacy in young children and to empower parents, educators, and librarians, this guide is filled with simple strategies, creative activities, and detailed instructions that help make reading fun. Encouraging a love of reading in young children can be a source of both great frustration and immense joy. This handy resource provides essential tips, techniques, and strategies for making early literacy development fun and inspiring a lifelong love of reading. *Read, Rhyme, and Romp: Early Literacy Skills and Activities for Librarians, Teachers, and Parents* explores the six basic pre-literacy skills that experts agree are necessary for a young child to be ready to learn to read. Special sections within each chapter are dedicated to the specific needs of preschool teachers, parents, and librarians, making the content relevant to different settings. Recommended book lists, personal anecdotes, and literacy-rich activities combine to create an effective and accessible plan for implementing an early literacy program.

Literacy and Reading Programmes for Children and Young People: Case Studies from Around the Globe Patrick Lo, Stephanie H. S. Wu, Andrew J. Stark, Bradley Allard, 2022-01-26 *Literacy and Reading Programmes for Children and Young People: Case Studies from Around the Globe* presents interviews with over 40 librarians from around the world who tell of their library programs. The volumes are arranged geographically, with Volume 1 offering interviews from library professionals from the USA and Europe, and with Volume 2 sharing programs from Asia, Africa, Australia, and the Middle East. The volumes highlight the diversity of the types of programs catering to the varying needs of children and young adults throughout the world. Case studies featured in this book outline the details of programs, events, and activities provided by over 40 organizations in the context of social capital and social inclusion. Each interview chapter discusses the contributions made to literacy development and community building of children and teens. With the many variations and examples of best practice, librarians and educators can glean new ideas for their own programs. The interviews reveal the challenges and issues faced and the work being achieved in vastly different environments in many geographic areas and in diverse economic, social, and

cultural contexts The programs include those of national and state libraries public libraries and mobile libraries carried out by public libraries NGOs and commercial organizations in both developed and developing countries They also feature programs of multicultural libraries libraries for indigenous people and libraries for refugees This publication complements the range of initiatives and activities carried out by IFLA's Libraries for Children and Young Adults Section that supports library services and reading promotion initiatives catering to children and young adults around the world These volumes are rich in variety and will provide much food for thought for creating unique and successful library programs

Reading Picture Books with Infants and Toddlers Jane Torr, 2023-03-03 Reading picture books with infants and toddlers facilitates their early language development with far reaching benefits for their later reading abilities and academic achievement While the importance of reading books with children aged from 3 to 5 years is widely recognised the benefits of reading with much younger children from 0 to 3 years who are still engaged in learning their first language are less well understood This book will explore the seemingly simple practice of reading picture books with infants and toddlers aged 0-3 years from a range of perspectives Not only do book focused adult child interactions support language and early literacy development in multiple ways such interactions can also at the same time foster intellectual social emotional and spiritual growth By weaving together in an accessible manner the insights from several different discipline areas this book will explain how and why reading with infants and toddlers has such power to enrich their lives Providing an evidence based theoretically informed account *Reading Picture Books with Infants and Toddlers* supports educators parents and caregivers with the knowledge skills and motivation to provide frequent enjoyable and language rich reading experiences with infants and toddlers

Adults in Play with Children Niklas Pramling, Ann Farrell, Cecilia Wallerstedt, Malin Nilsen, 2025-09-30 This is an Open access book This work addresses the presence and participation of adults in play with children Rather than discussing this issue on ideological ground the international contributions build on empirical data and report research conducted in many different contexts and settings around the world Responding to the many forms it takes play is defined from different theoretical points of view Amongst the topics addressed in the chapters are the ethics of participation play with refugee children democracy and play multilingualism in play development of play and imagination For knowledge building on children's lives childhoods and early childhood education and care it is important to develop empirically and theoretically what processes come into play when children and adults play together whether in play initiated and framed by adults or play initiated by children and to which adults try to gain entry Primarily intended for researchers interested in play and intergenerational communication the book is also valuable for professionals working with children in different kinds of early childhood settings

Reading Games for Young Children Jackie Silberg, 2005 Bestselling author Silberg offers more than 200 activities that will keep children ages 3-6 engaged interested and entertained as they acquire the skills they need to become successful readers The fun and easy to do activities require little preparation and few materials Teachers parents

Sugar and Spice, and Everything Nice: Exploring Prosocial Development Through Infancy and Early Childhood Chris Moore, Markus Paulus, Amanda Williams, 2015-05-18 Prosocial behaviors such as sharing helping and comforting begin to emerge early in development The presence of these prosocial behaviors is important not only in childhood but throughout one's lifetime as behaving prosocially is important for social functioning and maintaining social relationships For many years researchers have been interested in how and when these behaviors develop as well as how these behaviors are influenced by a variety of factors Recently however exciting new research has shown novel and surprising findings particularly on the early development and ontogenetic origins of prosocial behavior Research in this area is important as by understanding what influences prosocial behavior we may be better able to sustain and support the development of prosociality Further a richer understanding may help us to be better able to mediate factors that impede or negatively influence positive social behaviors as well as negate triggers that may lead to negative social behaviors Many theoretical views guide different streams of developmental research in this field Here we will bring together scholars from various theoretical backgrounds to collectively explore the development of early prosocial behaviors from early infancy to early school aged children Contributors will offer insights using a variety of methodologies from various resource allocation paradigms derived from economist game theorists to looking time paradigms and more Together we seek to broadly explore questions pertaining to prosocial development for example at what age do prosocial behaviors moral understanding or social selectivity emerge Contributors will individually address unique research questions across a spectrum of topics For example how prosocial behaviors are influenced by underlying mechanisms such as moral emotions e.g. guilt and sympathy will be explored as will how children's expectations may shape their behaviors and how they come to care about others Questions surrounding different contexts will also be investigated For example how does empathy influence prosociality Do children treat partners differently depending on their past behaviors wealth or other characteristics Does whether there is a cost associated with behaving prosocially influence decision making By incorporating the work of numerous researchers in the field of prosocial development who contribute comprehensive reviews of past research unique theoretical perspectives and empirical approaches the proposed research topic endeavors to provide new insights into a breadth of prosocial behaviors In sum the proposed research topic will contribute to our understanding of prosocial development in the early years by highlighting the relevant factors and contexts under which prosocial behavior emerges

Help Your Child to Read: Teach Yourself Dee Reid, Diana Bentley, 2010-11-26 Help Your Child to Read Teach Yourself shows you how to develop your child's skills and foster a love of books from an early age From discovering the benefits of singing and rhyming together to learning letters and later helping them at school it gives you all the practical advice you need to confidently help your child whatever their age and reading ability Teach Yourself the world's leading learning brand is relaunched in 2010 as a multi platform experience that will keep you motivated to achieve your goals Let our expert author guide you through this brand new edition with personal insights tips energising

self tests and summaries throughout the book Go online at www.teachyourself.com for tests extension articles and a vibrant community of like minded learners And if you don t have much time don t worry every book gives you 1 5 and 10 minute bites of learning to get you started Gives your child a head start Shows you how to read with your baby Explains how to teach basic letters Shows you how to help them make progress at school *Cincinnati Magazine* ,1987-07 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region Library Services from Birth to Five Carolynn Rankin,Avril Brock,2015-02-25 Following on from their ground breaking first book Delivering the Best Start Rankin and Brock return to the subject of pre school and early years library provision with contributions and case studies from innovators and experts around the world There is a growing awareness of the significance of the first five years of life for intellectual social and emotional development and early intervention is of political interest This book provides knowledge and understanding about early language and literacy development and how young children become successful through enjoyable and meaningful experiences Coverage includes an examination of the key role of library practitioners who work with young children the importance of effective interdisciplinary teamwork for professionals working with the early years a focus on involving parents and carers and valuing their culture language heritage and community practical guidance given on setting up and running pre school library services contributions and case studies from experts around the world This book will be useful reading for early years professionals and librarians those responsible for commissioning and delivering pre school library services students of library and information studies or childhood studies and practitioners undertaking practical early years qualifications **On Reading Books to Children** Anne van Kleeck,Steven A. Stahl,Eurydice B. Bauer,2003-04-02 Brings together current research on adult book reading to children chapter authors are eminent scholars from fields of reading and literacy child language speech pathology and psychology representing diverse perspectives **Transforming the Workforce for Children Birth Through Age 8** National Research Council,Institute of Medicine,Board on Children, Youth, and Families,Committee on the Science of Children Birth to Age 8: Deepening and Broadening the Foundation for Success,2015-07-23 Children are already learning at birth and they develop and learn at a rapid pace in their early years This provides a critical foundation for lifelong progress and the adults who provide for the care and the education of young children bear a great responsibility for their health development and learning Despite the fact that they share the same objective to nurture young children and secure their future success the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well Transforming the Workforce for Children Birth Through Age 8 explores the science of child development particularly looking at implications for the professionals who work with children This report examines the current capacities and practices of the workforce the settings in which they work the policies and

infrastructure that set qualifications and provide professional learning and the government agencies and other funders who support and oversee these systems This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning shared knowledge and competencies for care and education professionals and principles for effective professional learning Young children thrive and learn best when they have secure positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice specific actions to improve professional learning systems and workforce development and research to continue to build the knowledge base in ways that will directly advance and inform future actions The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive and ultimately improve outcomes for children

Mother-Baby-Toddler Group Guide Ilene S. Lefcourt, 2022-10-07 This book is a comprehensive guide for leading mother baby toddler groups a text for teaching child development and a handbook for early intervention The guidelines provide a detailed psychodynamic approach to resolve typical developmental and mothering difficulties that arise during the first three years of life As mothers thoughts about their babies and toddlers ricochet between the past the present and the future mothers childhood memories are activated and out of awareness influence mother child interactions Specific interventions that generate mothers self reflection and insight are delineated Group questions are organized by age and psychodynamic theme Compelling vignettes illustrate synergies between the supportive and

educational group process and the psychodynamic interventions with each mother child dyad Difficulties are resolved before they escalate into disorders This is the first psychodynamic group guide to extend the infant mental health focus on treatment to include prevention Experienced clinicians students psychologists psychiatrists social workers and others interested in infant mental health and mothers well being will find the specific guidelines practical informative and illuminating

Strong Foundations Anna Kilderry, Bridie Raban, 2021-01-01 Strong Foundations Evidence informing practice in early childhood education and care celebrates the progress made by the Australian early childhood education and care profession since the implementation of the Early Years Learning Framework Recognising this progress Associate Professor Anna Kilderry and Honorary Professor Bridie Raban lead a team of 34 notable contributors from 13 universities and institutions throughout Australia who focus on the challenges of access equity and quality that remain across the sector With a Foreword by Professor Alison Elliott Strong Foundations brings together knowledge and insights from research in education health social care child safety science mathematics and the arts The critical importance of health wellbeing and safety in the first five years of children s lives is reflected in a particular focus on supporting positive lifestyle choices on social and emotional development and on the role that adults play in keeping children safe The book addresses policy requirements from the Early Years Learning Framework the National Quality Standard and Quality Improvement Plans highlighting links between research and practice and making connections to the five EYLF Learning Outcomes With an emphasis on professional practice expectations Strong Foundations showcases evidence from Australian and international research and provides case studies of early childhood educators applying evidence informed actions in a wide variety of education and care settings Strong Foundations translates high quality peer reviewed research into everyday practice and supports early childhood educators in improving long term outcomes for children families and communities
