Read 'n' Roll Truck Liane Onish, Unauthored, 1997-08 **Reading Rock and Roll** Kevin J. H. Dettmar, William Richey, 1999 Considering the work of such artists as Madonna George Clinton U2 Elvis Costello and Nirvana the contributors deftly combine the rigors of scholarship with the energy of rock journalism to provide an analysis at once critical contextualized and enthusiastic While a number of scholars have recently turned their attention to rock and pop music most of their work has focused on providing sweeping cultural contexts for its popularity rather than exploring the music itself Now in Reading Rock and Roll Kevin Dettmar and William Richey have gathered a wealth of erudite original and clever writings that perform close readings of rock music often with surprising results The authors in this volume view rock and roll as having had affinities with postmodernism from its inception With its mongrel pedigree drawing on blues folk R and B and bluegrass and its relation to mass media and high tech modes of production rock music has been self conscious and full of irony from the beginning These essays regularly call attention to the allusiveness and intertextuality of rock and roll whether it is Kurt Cobain undermining the Beatles M C Hammer stealing from Rick James s Super Freak or U2 s use of Johnny Cash s legendary voice From a careful examination of the roles of addictions and female sexuality in the remakings of Courtney Love and Madonna to the politics of George Clinton s uses and abuses of language to the referencing of Elvis Costello in two recent novels and the use of 1970s rock in several recent film soundtracks these essays are as varied as the artists they consider Informal and theoretically informed Reading Rock and Roll is an important investigation of the music that more than any other has defined our century **The Melliand** ,1929 Burny's Journeys Brian Finkle, 2004 It s one man s story from childhood to his mid fifties and counting He never went looking for adventures or answers to life but because of timing coincidences synchronicities call it what you will that started early and have never ended he has been blessed with a lifetime of stories and then some He spent his first twenty years in small town Iowa before the U S Army decided that they had a need for him It was February of 1968 and it proved to be a bad time to be entering the military After a year in Vietnam he came home intact but a changed young man He packed up a van and headed west with everything he owned Except for the baseball cards that his parents had already thrown away Damn After joining Vietnam Veterans Against the War John Kerry was their president he went to D C and threw his medals away on the Capitol steps with a thousand or so other vets who realized that as a country we could make mistakes and this time we had He was thrown in jail in Denver with 78 other vets for simply trying to march as an organization in the Veteran s Day Parade It was a tough time for people to stand up to their government but he felt it was important and so did many people Those actions changed the direction of our country Maybe something like this the author suggests is needed again today After some bad relationships he hit the road for 2 1 2 years without an address to call his own He spent two fairy tale winters in Mexico and Guatemala where he explored caves found untouched ceynotes met many characters as well as great friends and all the while he compiled stories It was then that he

began journaling and has never stopped nearly 30 years later and neither have the stories He had the most vivid dream of his life which magically eventually led him to his lovely bride They have now shared the past quarter of a century together including kids and grandkids It s all there along with the lessons and confessions **Know It All! Grades 9-12 Reading** Princeton Review (Firm),2004 We Get Results We know what it takes to succeed in the classroom and on tests This book includes strategies that are proven to improve student performance We provide content review detailed lessons and practice exercises modeled on the skills tested by standardized tests proven test taking skills and techniques such as how to determine the main idea of a passage and write answers to open response questions *The Publishers Weekly* ,2006
