Realidades 2 Lecturas Para Hispanohablantes:

Realidades Para Hispanohablantes 2 Heritage Learner Revised Workbook 2004c Prentice-Hall Staff, 2000-05
REALIDADES is a standards based Spanish curriculum that balances grammar and communication. The program offers technology designed to integrate language and culture to teach and motivate all students. *The Teaching of Reading in Spanish to the Bilingual Student: La Enseñanza de la Lectura en Español Para El Estudiante Bilingüe* Angela Carrasquillo, Philip Segan, 2013-10-14. This dual language text provides theory and methodology for teaching reading in Spanish to Spanish English bilingual or Spanish dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and thus successful in the school system. At the very core of the book are the hispano parlantes, the Spanish speaking children who bring to the schools along with their native language and cultures a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as developmental literacy skills, reading in the content areas, new views of the development of proficiency in the second language, issues related to students with special learning needs, assessment and the uses of technology in the delivery of instruction. Never losing sight of its goal to teach reading in Spanish to bilingual or Spanish dominant students, the book includes a series of focusing questions and follow up activities. These are not simply translations of existing activities; strategies and techniques intended for monolingual English students but specifically designed to be appropriate for Spanish speaking students. Directed to university preservice and in-service instructors of reading and bilingual education as well as administrators and district and school level staff developers who work with Hispanic populations, the book is sensitive at all times to nuances of the languages and cultures of the intended audiences. *Desfronterizando lecturas: propuestas exocanónicas para el aula* Mónica Ruiz Bañuls, Sebastián Miras, Ramón F. Llorens García, 2023-07-27. El impulso que guía a los trabajos de este volumen es el de promover la enseñanza de las literaturas latinoamericanas en las aulas españolas. La multiplicidad y riqueza de las propuestas que aquí se ofrecen invitan a asumir el reto de incorporar a la enseñanza estas voces del otro lado del Atlántico. El prólogo de Jaime García Padrino subraya la intención manifiesta desde el título: superar las fronteras imaginarias que obstaculizan la circulación de muchas obras literarias y al mismo tiempo revisar la configuración de unos corpus literarios que se muestran en ocasiones limitadores para la promoción de un diálogo transcultural. Así, las obras literarias para los más jóvenes podrán circular con mayor libertad desde uno a otro lado del océano y se podrá alcanzar en plenitud el sentimiento unitario de toda la literatura escrita en español. La reflexión que se promueve desde estas páginas entonces gira en torno a la formación lectora y literaria de los futuros docentes a sus capacidades mediadoras para la dinamización de textos en el aula a la necesidad de descolonizar la literatura.

Dislexia Esmeralda Matute, Soledad Guajardo, 2012-08-12 La dislexia o trastorno del aprendizaje de la lectura es un problema que afecta entre 2 y 10% de la población infantil mundial. Las variaciones en su prevalencia y en sus manifestaciones están en muchos casos vinculadas a factores sociales y culturales entre las que destacan las características de la lengua y de su sistema ortográfico. Este libro reúne las aportaciones de especialistas hispanohablantes con el fin de caracterizar este problema en niños de nuestro entorno inmediato. Después de definir y explicar conceptos introductorios entre los que se incluye el mismo término de dislexia se hace énfasis en las características de los niños hispanohablantes con dislexia abordando los factores lingüísticos y ambientales así como sus características neuropsicológicas. En específico se explica cómo las características del sistema de escritura del español inciden en la manifestación de la dislexia y de ahí en su diagnóstico, evaluación y tratamiento. Paso seguido se hace una caracterización de materiales para la atención de estos niños y se presentan dos métodos de enseñanza de la lectura como referentes para su atención. Dislexia: Definición e intervención en hispanohablantes está pensado para ser leído o consultado por cualquier persona interesada en el tema y en específico por profesionistas involucrados en la atención de este problema. Los autores que participan en esta obra son especialistas de gran prestigio que buscan la difusión de los diferentes abordajes actuales que coadyuvan en la adquisición de la lectura en niños que presentan dislexia. Variedades de la lengua española Francisco Moreno-Fernández, 2019-12-06 Variedades de la lengua española ofrece un panorama general de la variación dialectal y sociolingüística en el espacio hispanohablante presentado por uno de los más prestigiosos expertos en la materia. La lectura de este manual permite familiarizarse con los rasgos que distinguen las diferentes variedades geográficas del español con una comprensión adicional de las causas históricas y políticas de sus diferencias y de sus implicaciones sociales. Cada capítulo incluye sugerencias de lecturas complementarias y propone temas de debate e investigación así como un glosario que explica la terminología más especializada. Complementariamente el texto remite a materiales audiovisuales disponibles en la red que permiten una aproximación más directa a las variedades del español. Estas páginas son de interés tanto para los hispanohablantes nativos como para los no nativos interesados por la diversidad dialectal. Asimismo esta obra puede servir como texto primario de apoyo o complementario para los estudiantes, el profesorado y los hispanistas interesados por el conocimiento de las variedades geográficas y sociales de la lengua española.
