Realism In Our Time Literature And The Class Struggle:

Realism in Our Time György Lukács, 1971 **Realism in Our Time** Georg Lukács, 1983-07 Samuel Beckett
Jennifer Birkett, Kate Ince, 2014-06-11 Bringing together seminal writings on Beckett from the 1950s and 1960s with critical readings from the 1980s and 1990s this collection is inspired by a wide variety of literary theoretical approaches and covers the whole range of Beckett's creative work Following an up to date review and analysis of Beckett criticism fifteen extracts of Beckett criticism are introduced and set in context by editors headnotes The book aims to make easily accessible to students and scholars stimulating and innovative writing on the work of Samuel Beckett representing the wide range of new perspectives opened up by contemporary critical theory philosophical political and psychoanalytic criticism feminist and gender studies semiotics and reception theory *To the Victor, the Potatoes!* Roberto Schwarz, 2019-11-26 Literary forms travel from core countries to the periphery of capitalism where they are adopted under social conditions that differ from those in the countries of their origin Besides being inevitable the resulting maladjustments lead to new and original aesthetic problems presenting to the reader the symptoms of the world's complexity When properly worked through these allow for the rise of world class art as in the case of the great Brazilian novels by Machado de Assis First published in Portuguese in 1977 as *Ao vencedor as batatas* Forma literária e processo social nos inícios do romance brasileiro by Duas Cidades Editora 34 ISBN 978 85 7326 169 2 and presented here in a new English language translation *To the Victor the Potatoes* is a major work of one of the most significant Marxist literary critics of our time *Cultural Imperialism and the Indo-English Novel* Fawzia Afzal-Khan, 2010-11-01 This is a provocative piece of scholarship and it engages an intriguing aspect of postcolonial writing Choice Fawzia Afzal Khan's excellent book could stand as a reply to those hostile critics who today attack multiculturalism for reductively politicizing literature In her trenchant discussion Afzal Khan shows just how complex the politics of liberation can be for colonial and postcolonial novelists Gerald Graff University of Chicago Afzal Khan's study is a major new contribution to the related fields of Indian writing in English and post colonial literatures Focused primarily on four Indian novelists its arguments and conclusions are of vital importance to our understanding of the many new literatures from the former British colonies Through her judicious use of the theoretical constructs of Frantz Fanon Fredric Jameson Edward Said and others Afzal Khan has produced a fresh and compelling interpretation of the Indian English novel Amritjit Singh Rhode Island College *Cultural Imperialism and the Indo English Novel* focuses on the novels of R K Narayan Anita Desai Kamala Markandaya and Salman Rushdie and explores the tension in these novels between ideology and the generic fictive strategies that shape ideology or are shaped by it Fawzia Afzal Khan raises the important question of how much the usage of certain ideological strategies actually helps the ex colonized writer deal effectively with post colonial and post independence trauma and whether or not the choice of a particular genre or mode employed by a writer presupposes the extent to which that writer will be successful in challenging the ideological strategies of containment perpetuated by most Western orientalist

texts and writers She argues that the formal or generic choices of the four writers studied here reveal that they are using genre as an ideological strategy of liberation to help free their peoples and cultures from the hegemonic strategies of containment imposed upon them She concludes that the works studied here constitute an ideological rebuttal of Western writers denigrating containment of non Western cultures She also notes that self criticism as implied in Rushdie s works is not to be confused with self hatred a theme found in Naipaul s work

Keats's Poetry and the Politics of the Imagination
Daniel P. Watkins, 1989 A reassessment of the historical dimension of Keats s poetry that addresses the influence on his work of the immediate post Waterloo period and traces his source materials A new reading of Keats s major poems is presented as well as of many less studied pieces

Lasting Impressions Jesse Matz, 2017-01-31 Impressionism captured the world s imagination in the late nineteenth century and remains with us today Portraying the dynamic effects of modernity impressionist artists revolutionized the arts and the wider culture Impressionism transformed the very pattern of reality introducing new ways to look at and think about the world and our experience of it Its legacy has been felt in many major contributions to popular and high culture from cubism and early cinema to the works of Zadie Smith and W G Sebald from advertisements for Pepsi to the observations of Oliver Sacks and Malcolm Gladwell Yet impressionism s persistence has also been a problem a matter of inauthenticity superficiality and complicity in what is merely impressionistic about culture today Jesse Matz considers these two legacies the positive and the negative to explain impressionism s true contemporary significance As Lasting Impressions moves through contemporary literature painting and popular culture Matz explains how the perceptual role cultural effects and social implications of impressionism continue to generate meaning and foster new forms of creativity understanding and public engagement

Acrobatic Modernism from the Avant-Garde to Prehistory
Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity recalibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound s slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and

remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both *The Forms of Historical Fiction* Harry E. Shaw,2018-03-15 Harry Shaw s aim is to promote a fuller understanding of nineteenth century historical fiction by revealing its formal possibilities and limitations His wide ranging book establishes a typology of the ways in which history was used in prose fiction during the nineteenth century examining major works by Sir Walter Scott the first modern historical novelist and by Balzac Hugo Anatole France Eliot Thackeray Dickens and Tolstoy **Disenchantment** Catherine D. Chatterley,2015-02-25 George Steiner has enjoyed international acclaim as a distinguished cultural critic for many years The son of central European Jews he was born in France fled from the Nazis to New York in 1940 and became a naturalized U S citizen in 1944 Through his many books voluminous literary criticism and book review articles published in the New Yorker the Times Literary Supplement and the Guardian Steiner has played a major role in introducing the works of prominent continental writers and thinkers to readers in North America and Great Britain Having escaped the Nazis as a child Steiner vowed that his work as an intellectual would attempt to understand the tragedy of the Shoah In *Disenchantment* Chatterley focuses on Steiner s neglected writings on the Holocaust and antisemitism and places this work at the center of her analysis of his criticism She clearly demonstrates how Steiner s family history and education as well as the historical and cultural developments that surrounded him are central to the evolution of his dominant intellectual concerns It is during the 1950s and 1960s in relation to unfolding discoveries about the Nazi murder of European Jewry that Steiner begins to study the effects of the Holocaust on language and culture and then questions the very purpose and meaning of the humanities The first intellectual biography of George Steiner *Disenchantment* provides an invaluable contribution to literary and cultural studies
