Realism Myth And History In Defoes Fiction:

Realism, Myth, and History in Defoe's Fiction Maximillian E. Novak, 1983 *Realism, Myth, and History in Defoe's Fiction* Maximillian E. Novak, 1984 **Defoe's Footprints** Robert M. Maniquis, Carl Fisher, 2009-01-01 In *Defoe's Footprints* essays by prominent scholars of eighteenth century literature salute Maximillian E. Novak's influence upon the study of Daniel Defoe. Best known today as the author of *Robinson Crusoe*, Defoe was a prolific writer in the late seventeenth and early eighteenth centuries who wrote novels, essays, pamphlets, and poems. Widely extending Novak's perspectives, this volume explores Defoe's place in the English novel and in literary developments of mimesis, realism, and popular mythology. The contributors locate Defoe in new ways within the complex symbolism and discourse of a turbulent world of burgeoning capitalism, Protestantism, imperialism, and economic speculation. With attention to Defoe's neglected writings as well as to his important works, this volume uncovers his distance from and influence on modern literature, paying tribute to Maximillian E. Novak by presenting new ideas about and new readings of Daniel Defoe.

Transformations, Ideology, and the Real in Defoe's Robinson Crusoe and Other Narratives Maximillian E. Novak, 2014-10-24 This book explores significant problems in the fiction of Daniel Defoe. Maximillian E. Novak investigates a number of elements in Defoe's work by probing his interest in rendering of reality, what Defoe called the Thing itself. Novak examines Defoe's interest in the relationship between prose fiction and painting as well as the various ways in which Defoe's works were read by contemporaries and by those novelists who attempted to imitate and comment upon his *Life and Strange Surprising Adventures of Robinson Crusoe* decades after its publication. In this book, Novak attempts to consider the uniqueness and imaginativeness of various aspects of Defoe's writings, including his way of evoking the seeming inability of language to describe a vivid scene or moments of overwhelming emotion, his attraction to the fiction of islands and utopias, his gradual development of the concepts surrounding Crusoe's cave, his fascination with the horrors of cannibalism, and some of the ways he attempted to defend his work and serious fiction in general. Most of all, *Transformations, Ideology, and the Real in Defoe's Robinson Crusoe and Other Narratives* establishes the complexity and originality of Defoe as a writer of fiction.

The Cambridge Companion to the Eighteenth-Century Novel John Richetti, 1996-09-05 In the past twenty years, our understanding of the novel's emergence in eighteenth-century Britain has drastically changed. Drawing on new research in social and political history, the twelve contributors to this Companion challenge and refine the traditional view of the novel's origins and purposes. In various ways, each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture. Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe, Swift, Richardson, Henry Fielding, Sterne, Smollett, and Burney. This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth-century British novel and its place within the culture of its time. *The Cambridge Companion to*
