If the Cross of Christ is anything
to the mind, it is surely everything

Reality Of The Cross Of Christ:

The Cross of Reality H. Gaylon Barker, 2015-09-01 The Cross of Reality investigates Bonhoeffer's interpretation and use of Luther's theology in shaping his Christology. In this essay H. Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer's theology; he also shows how Bonhoeffer's conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer's thought. What was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church, especially Luther's *theologia crucis*.

God Suffers for Us J.Y. Lee, 2012-12-06 Dietrich Bonhoeffer, writing in his cell in a Nazi prison, expressed a most remarkable idea: Men go to God in His need. This is the insight he observed which distinguishes the Christian faith from all other religions. It is a universal belief that God or the gods should come to help man in his mortal human need. But this is not the God and Father of Jesus Christ. Even as Jesus in Gethsemane chided his disciples for their sloth in not keeping watch with him during his agony, so God the Father must look to His creatures for their faith and sympathy. Therein lies the basis for the Christian answer to mankind's perennial complaint: Why do men suffer? Not all theologians believing Christians or believers in a personal God can share this idea. Traditionally the Eastern Orthodox thinkers have adhered to the rule of apophatic theology: that there are boundaries of knowledge about God which the human mind, even when enlightened by revelation, cannot cross. So who can say that God the Eternal One is susceptible to what we call suffering? It is better to hold one's silence on so deep a mystery. Still others are loathe to acknowledge God's passibility for varying reasons. God is ultimate and perfect; therefore he cannot know suffering or other emotions. God is impersonal; therefore it is meaningless to ascribe personal anthropopathic feelings to Him. Many angels may fear to tread on the ground of this most difficult question.

The Cross of Christ William H. Wetmore, 2015-06-10 The most momentous time in all of recorded history was when Jesus Christ, the Son of God, came into the world to proclaim the kingdom of God. Because He challenged the Jewish and Roman authorities with the Truth of God, He was arrested, condemned to death, nailed to the cross, died for the sins of the world, and rose from the grave. Therefore God has highly exalted Him. Christ fulfilled the reason for which the Father had sent Him into the world. On the cross, our sins were exchanged for Christ's righteousness. On the cross was Christ, the Righteousness of God, standing before the cross were we sinners in need of redemption. He died as the evidence of the love of God. The result of the cross is that we have been redeemed and reconciled to our Father and Creator. We have peace with God; we have become the children of God. He who knew no sin became sin for us. The Righteous for the unrighteous, the Sinless for the sinner. Therefore the cross of Christ symbolizes the glory of the Christian gospel. I Cor 1:17 the fact that through this cruel and inhuman death the debt of sin was nailed to the cross. Col 2:14 and we, having been crucified with Christ. Gal 2:20 have been freed from sin and death and made alive in God. Rom 6:6-11. The cross is the symbol of Christ's love, God's power to save, and our faith in Him who died for us.

The Cross of Christ Otto Zöckler, 1877 Treasured Writings H. Th. Lilipaly, Andre C. Aki, 2010-04-14 For

centuries Biblical scholars have attempted to prove statements of the Christian religion yet today there are still no definite answers in Christianity that provide us with confirmation of the true existence of the Trinity

Treasured Writings shares a unique introduction to God the Father and Jesus Christ who H Th Lilipaly says he received at the foot of the Cross of Golgotha Calvary to confirm the absolute answer to the question Where might we find a degree of certainty and be inspired by the principles of a high standard of Christian thinking As Lilipaly explores questions about Christian Trinity the Father Son and Holy Spirit as well as God s word he also offers insight into how he came to an understanding as to why being a Christian and having Christian consciousness is entirely different than what Christ expects of us Throughout the ages Christian philosophers and theologians have tried to present to us the truth of the Trinity through formulas doctrines research and contemplations of the Bible without ever presenting an intrinsic truth Treasured Writings opens the door to the acceptance of principles that focus on the reality of God in the light of the Cross of Christ Emmanuel Levinas' Conceptual Affinities with Liberation Theology Alain Mayama,2010 Emmanuel Levinas Conceptual Affinities with Liberation Theology analyzes Levinas work in relation to two important liberation theologians Gustavo Guti rrez and Jon Sobrino whose scholarship like his needs to be brought into greater contemporary debate about the subject s encounter with the other More specifically this book argues that for Levinas Guti rrez and Sobrino commitment to the neighbor is the necessary context for understanding God They posit the human other as the possibility of the subject s subjectivity To be human is to act with love toward one s neighbor Thus the author articulates the possibility of reading Levinas philosophy as a revalidation of one of the truths of Christianity the concern for the humanity of every human person as expressed in Christian theology in general and liberation theology in particular In order to show the relevance of Levinas philosophy for Christian theology in general the author discusses three Christian scholars Enrique Dussel Jean Luc Marion and Michael Purcell Although they challenge some aspects of Levinas philosophy they nevertheless see its significance for Christian theological anthropology The discussion concludes by proposing Levinas philosophy and liberation theology s turn to the neighbor as significant for addressing contemporary socio political and ethnic conflicts in sub Saharan Africa *The Truth About Jesus And The Story Of The Cross* ,Cynthia,2019-08-27 This book gives a clear understanding of the cross and all that happened to the Lord Jesus Many misconceptions have risen about the true depth of the sufferings of Christ but the Spirit of God in his clear revelation through the use of the scriptures opened our eyes to the cross revealing all that truly happened to Jesus the Anointed One It was during these different steps of revelations that a clear understanding of the sufferings of Christ began to be revealed to us providing a different understanding about the sacrifice on the cross and the depth of the sufferings of Christ The Power of the Cross Ann Marie Alman,2014-11-18 The Power of the Cross reveals in a most simple yet compelling way the plan purpose and potential of Christs life and sacrifice as it relates to all believers Jesus died for much more than your sins Christ died for your physical and spiritual healing deliverance from bondage prosperity and eternal security This book takes you on

a journey through the Scriptures to show you all of the blessings and glorious inheritance you have in Christ and how it is all available to you by grace through faith in Jesus Christ Get to the End Michael Hickey, 2016-03-07 Get to the End is written about the end times i.e. the end of the world and history as we know it But it is written from a Catholic perspective There are many books on the market that speak to the end times however they are all written from a Protestant perspective and for the most part they are written by Christians from conservative churches who are generally Fundamentalist Christians There are virtually no books written about the end times from a Catholic perspective The few that have been written with a Catholic perspective of the end times have been written for the most part by Catholic priests and they are generally weighed down heavily in doctrine and dogma This will be one of the first on the subject written by a Catholic layman who has a broader perspective than Catholic Doctrine and Dogma and who views himself as uniquely in the world but not of the world
