Brainmedia Flora Lysen,2022-07-28 Will we ever be able to see the brain at work Could it be possible to observe thinking and feeling as if watching a live broadcast from within the human head Brainmedia uncovers past and present examples of scientists and science educators who conceptualize and demonstrate the active human brain guided by new media technologies from exhibitions of giant illuminated brain models and staged projections of brainwave recordings to live televised brain broadcasts brains hooked up to computers and experiments with brain to brain synchronization Drawing on archival material
