

A silhouette of a person in a yoga pose, specifically the Padmasana (Lotus) position with arms raised and hands in a prayer position (Anjali Mudra) above their head. They are sitting on a dark, jagged rock in the ocean. The background is a sunset or sunrise sky with warm orange and yellow tones, and the ocean has dark blue waves with white foam.

Realization And Enlightenment:

12 Secret Laws of Self-Realization Shahram Shiva,2020-09-08 This book also includes The 4 Stages of Soul Evolution If you prefer to take charge of your own destiny instead of being a follower If you like to think and feel your way through life If you want to find out what s under the surface what s the real meaning of things instead of what s being pushed by the mainstream at any one time If you dust your belief system from time to time and reevaluate your likes and dislikes If you have managed or seriously trying to undo your childhood programming If you re hungry for wisdom and to push yourself higher at all times Then this book is for you For those focused on mental and spiritual growth and breaking personal barriers there has never been a better time We re living in an era of accelerated experiences and heightened reality The holy grail of personal growth spirituality and yoga is self realization For those truly seeking self empowerment there is no greater mission It is the intention and the mission of this book to cut through centuries old haze of disinformation that has existed about the power of real spirituality and to inspire guide and help you to keep on expanding and ascending Realization and Enlightenment M. Adam,1996-04-01 Life! Realized!! AiR,2019-08-01 Life Realized catalogues a series of life transforming realizations that can inspire and help one live a blissful peaceful meaningful and purposeful life Beyond Self-Realization Paul Breer,2018-06-21 Beyond Self Realization In his previous book on philosophy The Spontaneous Self the author argued that the concept of free will is an illusion while detailing what it might imply for our thoughts feelings and behavior to dispel that belief The present volume takes the argument further With equal emphasis on theory and practice it illustrates how giving up one s identity as a free willing inner I can serve as a stepping stone to the state of enlightenment To experience enlightenment we have to go beyond self realization and that can happen only if we change the way we define ourselves Given the ubiquitous value placed on the self in our Western culture that is not an easy task If the path to enlightenment can be envisioned as a trail leading to the top of a mountain the self can be seen as a large rock blocking the way To get to the top we have to either blast our way through the rock or go around it Most spiritual traditions opt for the latter In Beyond Self Realization the author lays out a plan for blasting our way through The plan consists of two steps first a gradual shrinking of the self illusion and second a total uprooting of the self tree The techniques used include meditation contemplation linguistic exercises and group work in which members look for signs that the self illusion is present in their behavior Once a sign is detected the other techniques are brought to bear on removing the rock When applied with persistence the practice is designed to release one from the cage of quiet desperation in which most of us are trapped Once released we are free to discover who we really are **Runaway Realization** A. H. Almaas,2014-10-21 Spiritual teacher A H Almaas presents the highest level and most profound teachings of the Diamond Approach on the true nature of reality and the path to enlightenment The teaching in this book is off the map because reality itself cannot be captured in a map In fact reality is far more alive far more mysterious than anything we can conceive of It is always revealing itself by knowing itself and knowing

reality and living it becomes the fulfillment of our life Here A H Almaas the originator of the Diamond Approach presents a new paradigm for understanding reality the view of totality He reveals that our life can become an endless revelation of reality an adventure with neither beginning nor end A H Almaas has been developing and teaching the Diamond Approach a spiritual path of self realization and maturity based on an original synthesis of modern discoveries in the field of psychology and a new paradigm about spiritual nature for more than thirty years The Diamond Approach aims to realize the truth at progressively deeper levels until one reaches the ultimate Truth the Absolute and to become integrated into that truth so that we are a living presence and embodiment of it The teachings of this path have been unfolding over time and Runaway Realization presents for the first time in print the highest level of teachings in the Diamond Approach in the most profound work by Almaas so far Almaas offers a detailed look at the true nature of reality and the nature of enlightenment He also talks about practice what it is and what it isn't and how it relates to the process of realization He looks at what it is to be a human being and what our role is in the totality of the universe The material includes a discussion of the nature of space and time as well as a view of more and more subtle levels of realization
