Reas Interactive United States History 1841 191:

United States History 1500-1841 Interactive Flashcards Book The Editors of REA,2013-01-01 REA s Interactive Flashcard books represent a novel approach which combines the merits of flash cards with the ease of using a book One side of each page includes questions to be answered with space for writing in one s answers a feature not usually found on flash cards The flip side of the same page contains the correct answers much as flash cards do United States History 1500 1841 is fully indexed making it easy to locate topics for study Thanks to the book form there is no need to look for and fish out appropriate questions from a box and put them back in the proper order and there is no need to carry around a box of 1 000 flash cards The book is easier to take along and carry **Prologue** ,2004 *Western Art, Western History* Ron Tyler,2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler s extensive career of connoisseurship brings together eight of the author s most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images *Western Art Western History* tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying pleasure travel and scientific discovery In eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout *Western Art Western History* is the important role that technology especially the development of lithography played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance

 people and more Transpacific Engagements Florina H. Capistrano-Baker, Meha Priyadarshini, 2020-01-01 Between the
 sixteenth and nineteenth centuries competing European empires notably Spain Portugal Great Britain the Netherlands
 Germany France Belgium and others vied for commercial and political control of transoceanic networks particularly the
 transpacific routes between Asia and the Americas The essays in Transpacific Engagements Trade Translation and Visual
 Culture of Entangled Empires 1565 1898 address the resulting cultural and artistic exchanges with an emphasis on both the
 Spanish and American enterprises in the Asia Pacific region The essays are grouped into three parts entitled Entangled
 Empires Empires and Translations and Empires and Trade A common thread in the diverse perspectives presented here is
 the importance of transpacific engagements to the global connections of the sixteenth century and beyond While the focus is
 on the specific connection between the Asia Pacific region and the Americas through the Philippines we see how other parts
 of the world notably South and Southeast Asia and Europe were also participants impacted by these transpacific linkages The
 goal is to convey the complexity of entangled networks of commercial political and religious interests that complicate the
 Spanish enterprise in the Pacific Commercial ventures into Canton and Manila by the early American republic for example
 overlapped with and later replaced the Spanish galleons East South and Southeast Asian polities and dynasties remained
 powerful players in what were often multilateral rather than bilateral exchanges Contributors to this volume are based in
 Asia the Americas and Europe **The Queen of Sheba** Deborah M. Coulter-Harris, 2013-05-28 Part I of this book begins
 with a scriptural study of all Sheba references particularly the origins and genealogy of the name and its connections with
 Hebrew patriarchs such as Abraham and kings Saul and David it later explores the literature and legends surrounding king
 Solomon and his trade negotiations with Sheba The text analyzes theories and links between the Queen of Sheba and
 Pharaoh Hatshepsut and concludes that Sheba may well be the Pharaoh based upon linguistic associations and the related
 stories from a multitude of regions and countries Part II travels into ancient Arabian Yemeni Ethiopian and Eritrean tales of
 the Queen of Sheba and examines the mention of Sheba in an array of Jewish Christian and Muslim texts It scrutinizes
 associations between ancient gods and pharaohs particularly the similarity of their iconographic representations the meaning
 of their symbols and signs that connect with Sheba legends and Hatshepsut's history the real extent and location of her vast
