

The question of the existence of God and the nature of God is inherent in the human mind and has been from the beginning of time. For this reason, one cannot hold a neutral belief about God. Whatever your definition of God may be, you are in relationship with that definition. Even if you claim you do not believe in a Creator, then that is your relationship – one of disbelief. All are participating in a process that involves some level of connection or disconnection to the Original Source.

Reason And The Question Of God

D. C. Schindler

Reason And The Question Of God:

Reason and the Question of God Richard Schaeffler,1999 A masterful presentation of the basic themes of the philosophy of religion and the various philosophical approaches to the question of religion *The Question of God* Michael Palmer,2001 This invaluable text introduces the six great arguments for the existence of God It requires no specialist knowledge of philosophy and includes a wealth of primary sources from classic and contemporary texts *The Question of God's Perfection* Yoram Hazony,Dru Johnson,2018-11-26 Philosophers have often described theism as the belief in the existence of a perfect being a being that is said to possess all possible perfections so that it is all powerful all knowing immutable perfectly good perfectly simple and necessarily existent among other qualities But such a theology is difficult to reconcile with the God we find in the Bible and Talmud *The Question of God's Perfection* brings together leading scholars from the Jewish and Christian traditions to critically examine the theology of perfect being in light of the Hebrew Bible and classical rabbinic sources Contributors are James A Diamond Lenn E Goodman Edward C Halper Yoram Hazony Dru Johnson Brian Leftow Berel Dov Lerner Alan L Mittleman Heather C Ohaneson Randy Ramal Eleonore Stump Alex Sztuden and Joshua I Weinstein *The Question of Providence* Charles Monroe Wood,2008-01-01 The traditional doctrine of providence has fallen on hard times in the face of human suffering such as that of September 11 2001 In this clear and engaging book Charles Wood seeks to renew reflection on doctrine of providence by reexamining features of the classical doctrine and reorienting the doctrine in a way that coheres more fully with the gospel Woods argument moves in two directions first by examining recent thinking about the function of doctrine Wood sheds light on what the doctrine of providence is supposed to do and how one might assess its adequacy Second Wood proposes a reorientation of the doctrine around the central Trinitarian and christological commitments a reorientation that moves beyond neglecting the doctrine of providence and toward a new way of understanding Gods involvement with the world **Reason, Faith and History** Martin Stone,2016-04-08 Spanning the breadth of philosophical historical and theological interests articulated in the work of Paul Helm including chapters on Calvinism philosophical theology philosophy of mind Christian Doctrine and epistemology *Reason Faith and History* offers an accessible text for students of contemporary philosophy of religion as well as those interested in philosophical theology more broadly *Reason Faith and History* offers a unique collection of essays on key topics in the philosophy of religion Published in honour of Paul Helm a major force in contemporary English speaking philosophy of religion this book presents newly commissioned chapters by distinguished philosophers and theologians from North America Israel the UK and Continental Europe Contributors include Robertson Trueman Hughes Swinburne Torrance Clark Robinson Pink Gellman Cross Byrne Hossack and Crisp **Kant and the Question of Theology** Chris L. Firestone,Nathan A. Jacobs,James H. Joiner,2017-09-21 God is a problematic idea in Kant's terms but many scholars continue to be interested in Kantian theories of religion and the issues that they raise In these new essays scholars both within and outside Kant studies

analyse Kant's writings and his claims about natural philosophical and revealed theology. Topics debated include arguments for the existence of God, natural theology, redemption, divine action, miracles, revelation, and life after death. The volume includes careful examination of key Kantian texts alongside discussion of their themes from both constructive and analytic perspectives. These contributions broaden the scope of the scholarship on Kant, exploring the value of doing theology in consonance or conversation with Kant. It builds bridges across divides that often separate the analytic from the continental and the philosophical from the theological. The resulting volume clarifies the significance and relevance of Kant's theology for current debates about the philosophy of God and religion.

The Catholicity of Reason D. C. Schindler, 2013-08-11 An original argument for the recovery of a robust notion of reason and truth in response to modern rationalism and postmodern skepticism. The Catholicity of Reason explains the grandeur of reason, the recollection of which Benedict XVI has presented as one of the primary tasks in Christian engagement with the contemporary world. While postmodern thinkers, religious and secular alike, have generally sought to respond to the hubris of Western thought by humbling our presumptuous claims to knowledge, D. C. Schindler shows in this book that only a robust confidence in reason can allow us to remain genuinely open both to God and to the deep mystery of things. Drawing from both contemporary and classical theologians and philosophers, Schindler explores the basic philosophical questions concerning truth, knowledge, and being, and proposes a new model for thinking about the relationship between faith and reason. The reflections brought together in this book bring forth a dramatic conception of human knowing that both strengthens our trust in reason and opens our mind in faith.

Constructing Moral Concepts of God in a Global Age Myriam Renaud, 2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God's existence. It advances a theological method or step-by-step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions. Since a moral God is more likely to foster a moral life, this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral. The proposed method builds on the work of twentieth-century theologian Gordon Kaufman during the Kantian phase of his work. It anticipates a person like God who hears prayers, loves without end, and comforts in times of hardship. To accommodate today's pluralistic and globalized world, the ethical check integrated in the method is a widely collaborative and vetted global ethic: the Parliament of the World's Religions Declaration Towards a Global Ethic. This volume of constructive philosophical theology is written for seminary students, educators, clergy, study groups, and anyone interested in delving more deeply and systematically into understandings of God, whether their own or those of others.

Fakhr Al-Dīn Al-Rāzī and Thomas Aquinas on the Question of the Eternity of the World Muammer İskenderoğlu, 2002 This volume examines and compares the approaches of Fakhr al-Dīn al-Rāzī (d. 1209) and Thomas Aquinas (d. 1274) to the question of the eternity of the world and brings out some similarities and differences of their approaches between them as well as in relation to their own traditions, Islam and Christianity respectively.

The Romance of Reason Montague Brown, 1993 A study of reason as an invitation to explore and discover a new life of meaning The Romance of Reason is an attempt to put the philosophical basis of Aquinas thinking into nontechnical language and make it accessible to the general reader

Discover tales of courage and bravery in is empowering ebook, Stories of Fearlessness: **Reason And The Question Of God** . In a downloadable PDF format (Download in PDF: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
