Reason Why Liberals Will Win The Battle For America:

Reason Robert B. Reich, 2004-05-11 For anyone who believes that liberal isn't a dirty word but a term of honor this book will be as revitalizing as oxygen For in the pages of Reason one of our most incisive public thinkers and a former secretary of labor mounts a defense of classical liberalism that's also a guide for rolling back twenty years of radical conservative domination of our politics and political culture To do so Robert B Reich shows how liberals can Shift the focus of the values debate from behavior in the bedroom to malfeasance in the boardroom Remind Americans that real prosperity depends on fairness Reclaim patriotism from those who equate it with pre-emptive war making and the suppression of dissent If a single book has the potential to restore our country's good name and common sense it's this one *The Future of Liberalism* Alan Wolfe, 2009-02-03 A compelling and deeply felt exploration and defense of liberalism what it actually is why it is relevant today and how it can help our society chart a forward course The Future of Liberalism represents the culmination of four decades of thinking and writing about contemporary politics by Alan Wolfe one of America's leading scholars hailed by one critic as one of liberalism's last and most loyal sons Wolfe mines the bedrock of the liberal tradition explaining how Immanuel Kant John Stuart Mill John Dewey and other celebrated minds helped shape liberalism's central philosophy Wolfe also examines those who have challenged liberalism since its inception from Jean Jacques Rousseau to modern conservatives religious fundamentalists and evolutionary theorists such as Richard Dawkins Drawing on both the inspiration and insights of seminal works such as John Locke's Second Treatise on Government Adam Smith's Theory of Moral Sentiments Kant's essay What is Enlightenment and Mill's On Liberty and The Subjection of Women Wolfe ambitiously sets out to define what it truly means to be a liberal He analyzes and applauds liberalism's capacious conception of human nature belief that people outweigh ideology passion for social justice faith in reason and intellectual openness and respect for individualism And we see how the liberal tradition can influence and illuminate contemporary debates on immigration abortion executive power religious freedom and free speech But Wolfe also makes it clear that before liberalism can be successfully applied to today's problems it needs to be recovered understood and embraced not just by Americans but by all modern people as the most beneficial way to live in our complex modern world The Future of Liberalism is a crucial enlightening and immensely rewarding step in that direction
