David M. Johnson

Rebirth Of Wonder:

Rebirth of Wonder David M. Johnson, 2007 *Rebirth of Wonder* chronicles in prose David Johnson's migrations and adventures of discovery from Minnesota to New Mexico, Mexico, Spain, and Greece. His odysseys have taken this young son of a Norwegian Lutheran minister to the life of a poet, teacher, making his way in the world as a father, husband, grandfather, and man of tolerance and conscience of the twentieth century. Memoir and poetry fuse in these delightful family history and travel sagas revealing the poet's intense experiences on a road well traveled. Rudolfo Anaya, author of *Jemez Spring*, UNM Press. David Johnson was my first teacher of poetry. He inspired and gave permission to explore the territory of the soul. This collection of poems reveals the immense spirit of the poet, and these poems will in turn inspire and give permission. These poems are deft, tender, and powerful, are lights in a time of wounding. I continue to learn. Joy Harjo, poet, musician, professor. What a beautiful book. David Johnson celebrates the mysterious powers that drive us to seek wholeness in family life, ancestral memory in the putting down of roots, only to uproot. Craft and contemplation come together here, and the winners are readers hungry for a fuller, more beautiful life. Demetria Martinez, **Medi-Cal**, University of California, San Francisco, 1968.

The Living Legacy Ben Witherington, Julie Noelle Hare, 2009-01-01. *The Living Legacy* is a resource for spiritual formation that involves original Christian poetry, theological analysis, and spiritual formation exercises following the *lectio divina*. Following the seasons of the Church Year, Witherington and Hare provide a guide to help those of us on spiritual journeys as we seek to explore the living legacy which is our faith in the biblical God.

The Trojan Horse in the Tribal Classroom Thomas Alan Tobin, 2022-05-04. *The Trojan Horse in the Tribal Classroom: How Culture Wars are Waged and Won on the Front Lines of Education*. By Thomas Alan Tobin. All three hundred thirty million of us are immersed in culture wars at every turn. It's one of the great disadvantages of diversity. One such warfare has been hidden from all of us despite the fact that we had to face it almost daily in our formative years. The battleground for this most common cultural conflict is where we all spent at least 40% of our school years preparing not just for unforeseen pandemics such as we're caught up in now, nor also for dealing with the economic, ecological, and political divisions that currently confront all arenas of American society. Surprisingly, it's our educational system, and especially the classroom, where the frontlines of cultural warfare may have kept us constantly struggling for so long. Unwittingly and unwillingly drafted into these social and cultural battles, we've been trained to continue this perennial struggle between academic and popular subcultures in our schools. *The Trojan Horse in the Tribal Classroom* reveals the situational factors and functions that have caused education to become an embattled institution and teaching an embattled profession. Most importantly, it proposes social and cultural solutions to these problems that promise real, institution-wide improvement and a completely reconstructed, truly academic classroom culture. One reading of this book will totally revise one's vision of American education and our memories of thousands of hours of classroom life. Dr. Regina Peter, Executive Director, NEWMARK Education.
