God, Help Me Rebuild My Broken World
Michael Youssef, 2016-08-01 With Society Crumbling Around Us It s Time to Rebuild We live in a post Christian age marked

by moral and spiritual decay We have watched our comfortable walls collapse as our faith has been attacked on every side But take heart God can raise up leaders dedicated to defending His truth and following His blueprints for holy living One of those leaders might be you because no matter where you live and what you do you have a circle of influence And your influence is desperately needed How does a believer construct secure barriers to hold back the discouragement and moral danger of this world Respected ministry leader Michael Youssef takes you through the book of Nehemiah to help you learn the keys to godly leadership and restoration Discover what it takes to rebuild walls in this highly relevant study of a people who traded their rubble for rejoicing **The New World History** Ross E. Everywhere Joana Breidenbach, Pál Nyíri, 2011-07-01 Today s world is shaped by an obsession with cultural difference that penetrates everyday life and matters of state in unprecedented ways Culture and cultural difference are commonly used to explain everything that s in the news from wars to economic development and consumer behavior This fuels the belief that our world is shaped by clashing cultures a view that is counterproductive when it assumes falsely that culture is a timeless container that traps nations and ethnic groups Seeing Culture Everywhere challenges the misguided and dangerous global obsession with cultural difference and directly critiques the popular notion that world affairs are determined by essential civilizations with immutable and conflicting cultures The book offers an alternative view of a world in which cultural mixing not isolation is the norm but where several historical trends have come together at the beginning of the twenty first century to produce the current wave of culture think Brimming with concrete examples that move from genocide in Rwanda to schools in Berlin from the Chrysler boardroom to the war in Iraq it contemplates how ethnic identity can be mobilized in the service of all kinds of goals violent or nonviolent laudable or despicable and the unintended effects such mobilization invariably produces The authors suggest ways to remain sensitive to the cultural impacts of policies and decisions without falling into the traps of determinism essentialism and misrepresentation Seeing Culture Everywhere will be useful in the fields of anthropology law intercultural communication and international relations as well as for general readers interested in ethnicity and travel **American Book Publishing Record** , 2005 **The Classical Revolution** John Borstlap, 2017-08-15
