Recalling Our Own Stories Spiritual Renewal For Religious Caregivers:

Recalling Our Own Stories Edward P. Wimberly, 2019-02-01 How religious caregivers can find spiritual renewal in their own story *Recalling Our Own Stories* which author Edward P Wimberly describes as a spiritual retreat in book form is designed to help clergy and religious caregivers face the challenges of ministry It is also a valuable resource for practitioners who assist these clergy and caregivers in meeting the challenges of their work Wimberly enables caregivers to map out and come to grips with cultural expectations of their profession He also helps readers explore and edit the mythologies that make up their self image attitudes toward others expectations about their performance and role and convictions about ministry Finally he provides a model for spiritual and emotional review grounded in narrative psychology and spiritual approaches As Wimberly explains this book offers a way to renew our motivation for ministry by reconnecting to our original call visualizing again how God has acted and remains intricately involved in our lives Wimberly demonstrates how religious caregivers often facing burnout can tap the sources of renewal that reside in the faith community

Undocumented Migration as a Theologizing Experience Eunil David Cho, 2024-09-02 In *Undocumented Migration as a Theologizing Experience* Eunil David Cho examines how Korean American undocumented young adults tell religious stories to cope with the violence of uncertainty and construct new meanings for themselves Based on in depth interviews guided by narrative inquiry the book follows the stories of ten Korean American DACA Deferred Action for Childhood Arrivals recipients who have found their lives in limbo While many experience narrative foreclosure believing My story is over Cho highlights how telling religious stories enables them to imagine and create new stories for themselves not as shunned outsiders but as beloved children of God

Headley, 2010-01-01 This book explores the life and ministry of John Wesley from the perspective of Murray Bowen s Extended Family Systems Theory and to a lesser extent from Alfred Adler s concept of family constellation Throughout the book the author uses concepts drawn from these theories to explore significant historical and pivotal events in the life of John Wesley Beginning with family events prior to his birth the author also explores his early family constellation influential themes factors shaping his ministry and various relational issues including his relationships with Sophy Hopkey Grace Murray and his marriage to Mary Vazeille It concludes by drawing lessons from Wesley s life pertinent to today s ministers

African American Pastoral Care and Counseling: Edward P. Wimberly, 2006-05-01 Ed Wimberly s important book links politics and pastoral care two practices I haven t seen connected very often Wimberly s book comes at a critical time in the life of theological education and religious practice in America There is a raging debate afoot within black church culture about the appropriate balance of personal and political construal of the Christian message This book could advance a much needed approach to a complicated conversation about the kind of pastoral care best suited for people who have known racism sexism poverty and religious abuse Wimberly s dedication warmth intelligence and charisma will transform this book into a tool for opening closed minds and closing open arguments that do not liberate

Robert M Franklin Presidential Distinguished Professor of Social Ethics Candler School of Theology Emory University It is because pastoral care and counseling facilitate person agency and efficacy personal social and political empowerment and transformation that African American pastoral care and counseling are inherently political processes contends Edward Wimberly In African American Pastoral Care and Counseling The Politics of Oppression and Empowerment Wimberly outlines the theological anthropology that undergirds the practices of care and the practices of self as holistic processes Wimberly shows those who engage in pastoral counseling with African Americans how to navigate around the negative self images identities and stories into which they have been recruited in order to liberate themselves to discern how to best make use of their personal and political agency and efficacy

CAVENOMICS:Turning Towards Light Binu Peniel,2018-07-04 The allegory of the cave by Plato is the genre of this book Plato claims that knowledge gained through the senses is no more than opinion and in order to have real knowledge we must gain it through philosophical reasoning A journey through this book is intended to create a lasting influence in the lives of people through creating values I believe that enlightenment is possible only through awareness and through a mind shift This work brings value to your life which is Christ centered innovative motivational and empowering and it is a journey towards light There are many people who journey with me in this process of healing recovery and restoration from a labor trafficking situation I truly believe no one can be a slave until and unless one gives up ones willpower and ones own desire to be set free Cavenomics is an attempt to enlighten your mind your spirit your soul and your being Liberation freedom recovery and restoration is possible Cavenomics is the mantra for success

Caring for Joy: Narrative, Theology, and Practice Mary Clark Moschella,2016-09-07 In Caring for Joy Narrative Theology and Practice Mary Clark Moschella offers a new account of the value of joy in caregiving vocations demonstrating how the work of caring for persons communities and the world need not be a dreary endeavor overwhelmed by crises or undermined by despair Moschella presents glimpses of joy in action in the narratives of five notable figures Heidi Neumark Henri Nouwen Gregory Boyle Pauli Murray and Paul Farmer gleaning their wisdom for the construction of a theology of joy that embodies compassion connection justice and freedom Care must be deep enough to hold human suffering and spacious enough to take in the divine goodness beauty and love This book expands the pastoral theological imagination and narrates joy full approaches to transformational care This work is a scholarly engaging and compassionate call to reconsider the significance of joyful living and joyful lives in radical pastoral theology Heather Walton University of Glasgow President of the International Academy of Practical Theology July 2016 Based

on biographies interviews and life stories Mary Clark Moschella presents joy as a counter cultural emotion as a spiritual path and as a fruit of the Spirit In her research joy and reason are not ultimately opposed Jeanne Stevenson Moessner Professor of Pastoral Care Perkins School of Theology Southern Methodist University July 2016 This highly readable and compelling theology of joy will inspire you to explore how joy might energize your vocation especially caregiving vocations that use narrative approaches to spiritual care and pastoral counseling I plan on using this book as a textbook in my theodicy grief death and dying and vocational courses Carrie Doehring Professor of Pastoral Care and Counseling Iliff School of Theology Denver August 2016 Mary Moschella has given us a rare text one that is theologically rich intellectually sophisticated drenched in pastoral wisdom and beautifully written She gives us a pastoral theology attuned to the realities of diversity and sensitive to the complex challenges facing those who lives constantly interface with suffering There is simply nothing else like this book in pastoral care Willie James Jennings Professor of Systematic Theology and Africana Studies Yale University August 2016 *Ethnography as a Pastoral Practice* Mary Clark Moschella,2023-02-28 Ethnography is a way to tap the deep undercurrents in a community through a process of gathering analyzing and sharing data Fully revised and updated for this second edition Ethnography as a Pastoral Practice has quickly become the go to textbook for those in or training for ministry who want to discover how they can use ethnography to help them hear the stories of those to whom they minister Setting forth the case for ethnography s ability to galvanize aspirations and heal communal hurt this book presents the helpful pastoral practice of ethnography in a clear step by step manner and includes many compelling case studies of transformational leadership Ethnography as a Pastoral Practice invites us to open our eyes ears and hearts to those in our congregations *Our Bodies Are Alive* Bridget Piggue,2025-04-29 Our bodies are ALIVE is a statement suggesting that we physically and energetically exist as dynamic and active beings Even when unaware our bodies are engaging and mapping all that exists around them and consequently are creating and supporting narratives we would do well to investigate These narratives have the power to lodge within the scripts of our bodies while at the same time continuing to inform our choices and decisions without explicit permission We are so much more than our physical brains because our minds exist throughout the entirety of our bodies they are bodies that can hold knowledge and wisdom from ages past and have the ability to inform themselves Intentional mining of this gold within can significantly inform the impact leaders have on others and the state of their own physical and mental health Any healing and liberative work then begins with self literacy From the disciplines of neuroscience womanist theology psychology and indigenous spirituality conversations with African American clergy women reveal fascinating insights on embodied self relationship pain and healing as well as paths toward more integrated and effective leadership practices It is ultimately an invitation to radical self regard respect of body intelligence and the process of healing FIERCELY Teaching for a Multifaith World Eleazar S. Fernandez,2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical

hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that s who we are Neither does radical hospitality require that we water down our commitment because faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side **Uncovering Spiritual Narratives**

Suzanne M. Coyle,2014 All cultures use story as a way to make sense of life Yet for many only a single story line is seen as the real truth Using narrative therapy as a caregiving approach can help individuals uncover multilayered narratives that are far more complex and liberating Drawing on theological approaches and real life experiences Coyle creates a contextual pastoral theology that helps caregivers find the power of God in people s stories Meet Me at the Palaver Tapiwa N Mucherera,2010-04-29 Meet me at the Palaver shows the damaging impact of colonial Christianity on indigenous African communities The book opens with stories of destructive change brought to indigenous contexts where in the culture values religion and humanity of African peoples were often marginalized Mucherera argues for a holistic narrative pastoral counseling approach to assess and service the three basic areas of human needs in indigenous African communities body mind and spirit The book presents a hopeful strategy of recovering stories cultural traditions and values that have been subjugated in the past as effective means for dealing with contemporary life in indigenous contexts such as Zimbabwe

Koppel,2021-08-03 A new articulation of pastoral theology care and counseling Too often we think and teach in ways that reinforce a mind body split This can lead people to self alienation impeding holistic healthy relationships between people God and each other Body Connections takes a different approach teaching us to see the connections between our embodied experience and faithful spiritual care Author Michael Koppel focuses on the human body and its relationship to faith and spiritual care He engages religious texts and traditions as well as scientific insights offering accessible theology and spiritual practices for healing and care of the body Our bodies are

amazing resources but we are too often unaware of their power or unable to harness it in helpful ways for our own good This remarkable book empowers pastors counselors chaplains seminarians and caregivers to understand and provide the ministry of care in an entirely new life giving way This book is highly useful for individuals and groups It is for clergy chaplains spiritual directors seminarians clinical educators lay people in churches and those who are institutionally unaffiliated but care deeply about fostering a holistic spiritual path Praise for Body Connections Everything we think feel and do comes through the body But practices of spiritual care tend to downplay the body as a source of knowledge and a tool for responding to others and to God Koppel s book reclaims that wisdom coaching us to strengthen our abilities to read listen and think with the body I can t wait to teach this practical wise and convicting book which addresses embodied emotion grief silence trauma and more Koppel s seasoned pastoral voice offers a rich synthesis of sources and insights that demonstrate the body s place at the center of ministry Duane Bidwell professor of practical theology spiritual care and counseling Claremont School of Theology Claremont CA Body Connections provides new insights into the voice and language of the body Koppel crafts a body theology that encourages spiritual care practitioners to be proactive in their spiritual practices of listening adapting and responding to our bodies and to the bodies of those to whom we offer care Using the image of body as storyteller and other metaphors Koppel captures and defines the healing power of the body in clear and profound ways Bishop Teresa Jefferson Snorton D Min Presiding Bishop Fifth Episcopal District The CME Church Michael Koppel returns the body to its rightful place at the center of each person s story and the center of the Christian story He calls readers home to their bodies and gently challenges escapes from the body into hasty fixing detached rationalizing anxious dithering or addictive numbing At a time when the COVID pandemic has underscored the vulnerability of bodies Koppel s focused healing deep body consciousness paints a portrait of health far beyond mere absence of disease Don t just read this book absorb it practice it and let it heal you Douglas M Thorpe PhD is Executive Director of the Virginia Institute of Pastoral Care and a past president of the American Association of Pastoral Counselors It is surprisingly difficult even confusing to have a body to be a body to touch talk and listen to even read a sensing body to honor and restore the body s wounds traumas and shame while celebrating its healing and resilience Koppel is a wise guide and caregiver for those seeking to embrace the sacredness of a human body and its unique story Body Connections empowers a reader to discover body knowledge anew It deepens trust in the most intimate relationship one has the relationship with one s body Jaco J Hamman professor of religion psychology and culture and director of the Program in Theology and Practice Vanderbilt University Nashville TN *Preaching in the Small Membership Church* Lewis A. Parks, 2010-09-01 Step into the pulpit in a small membership church and you ll sometimes find your fair share of challenges but you ll almost always find more than your share of blessings as well Those blessings and the chance for authentic life transforming preaching are what preaching in the small membership church are all about Lewis Parks knows those blessings well For nearly 40 years he has preached in small membership churches and taught others who

Dudley,2010-09-01 Dudley s work in Making the Small Church Effective 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith **Leadership Formation in the African Context** Samuel

Deressa,2022-03-25 The teachings of Christian leadership have been dominated by a focus on the influence of a leader on its followers Samuel Deressa s new book Leadership Formation in the African Context highlights how an African concept of community and holistic approach to ministry provides a biblically sound approach to understanding leadership formation and practice in this new age This book links the issue of missional leadership with the life of the congregation It provides theological and practical insights into how we can understand leadership formation in contexts where churches are engaged in the Missio Dei as a community of believers **Teaching Religion and Healing** Linda L. Barnes,Inés M.

Talamantez,2006-10-19 The study of medicine and healing traditions is well developed in the discipline of anthropology Most religious studies scholars however continue to assume that medicine and biomedicine are one and the same and that when religion and medicine are mentioned together the reference is necessarily either to faith healing or bioethics Scholars of religion also have tended to assume that religious healing refers to the practices of only a few groups such as Christian Scientists and pentecostals Most are now aware of the work of physicians who attempt to demonstrate positive health outcomes in relation to religious practice but few seem to realize the myriad ways in which healing pervades virtually all religious systems This volume is designed to help instructors incorporate discussion of healing into their courses and to encourage the development of courses focused on religion and healing It brings together essays by leading experts in a range of disciplines and addresses the role of healing in many different religious traditions and cultural communities An invaluable resource for faculty in anthropology religious studies American studies sociology and ethnic studies it also addresses the needs of educators training physicians health care professionals and chaplains particularly in relation to what is referred to as cultural competence the ability to work with multicultural and religiously diverse patient populations Beyond Church Walls Dr. Richard Rouse,2016-05-19 Pastoral care has been traditionally understood as pastoral acts administered to individuals or small groups by an ordained or lay religious practitioner As congregations in the twenty first century begin to reclaim the missional nature of church this view must be broadened to include care and concern for the needs of the larger

community A missional perspective of pastoral care embraces the notion that all of Gods people not just trained professionals are called to partner in the healing and redemption of the world In Beyond Church Walls Rick Rouse sets out to articulate precisely what such an approach to pastoral care looks like and the substantial impact it can have on congregations and communities A skilled teacher and pastor with deep experience in real communities Rouse leads readers through the changing realities of the twenty first century and to new ways for missional churches to succeed in offering pastoral care for the whole community
