Frankie McIntosh and the Art of the Soca Arranger Frankie McIntosh, Ray Allen, 2024-10-23 Soca music an offspring of older Trinidadian calypso emerged in the late 1970s and is now recognized as one of the English speaking Caribbean s most distinctive styles of popular vocal music Frankie McIntosh and the Art of the Soca Arranger tells a story of Caribbean music in the diaspora through the eyes and ears of a pioneering soca arranger A fascinating collaboration between Frankie McIntosh and music scholar Ray Allen this cowritten memoir places the music arranger at the center of several overlapping narratives of immigration and musical diaspora The book begins with McIntosh s personal voyage from Saint Vincent to Brooklyn and his efforts to hammer out a career in music while raising a family in his newly adopted home His immigrant tale is intertwined with his musical journey from popular Caribbean dance bands through formal studies in Western classical music and jazz to his work as a gigging jazz pianist and calypso soca arranger Along the way he embraced the varied musics of New York s African American and West Indian communities working with such iconic calypsonians as the Mighty Sparrow Lord Kitchener Calypso Rose and Alston Becket Cyrus His story provides a unique lens for viewing Brooklyn Carnival music and brings into focus the borough s rise to prominence as the transnational hub of the soca music industry in the 1980s An alternative to traditional scholarship that tends to focus on calypso and soca singers this work explores the instrumental dimensions of the art form through the life and music of one of the most celebrated soca arrangers and keyboardists of all time

Chocolate Surrealism Njoroge M. Njoroge, 2016-06-16 In Chocolate Surrealism Njoroge M Njoroge highlights connections among the production performance and reception of popular music at critical historical junctures in the late nineteenth and twentieth centuries The author sifts different origins and styles to place socio musical movements into a larger historical framework Calypso reigned during the turbulent interwar period and the ensuing crises of capitalism The Cuban rumba son complex enlivened the postwar era of American empire Jazz exploded in the Bandung period and the rise of decolonization And lastly Nuyorican Salsa coincided with the period of the civil rights movement and the beginnings of black brown power Njoroge illuminates musics of the circum Caribbean as culturally and conceptually integrated within the larger history of the region He pays close attention to the fractures fragmentations and historical particularities that both unite and divide the region s sounds At the same time he engages with a larger discussion of the Atlantic world Njoroge examines the deep interrelations between music movement memory and history in the African diaspora He finds the music both a theoretical anchor and a mode of expression and representation of black identities and political cultures Music and performance offer ways for the author to re theorize the intersections of race nationalism and musical practice and geopolitical connections Further music allows Njoroge a reassessment of the development of the modern world system in the context of local popular responses to the global age The book analyzes different styles times and politics to render a brief history of Black Atlantic sound

The Last "Darky" Louis Chude-Sokei, 2006-01-16 Examines the

use of Africa as a figure in the Harlem Renaissance and looks at the place of that movement within a wider Black modernism

Tropical Aesthetics of Black Modernism Samantha A. Noël, 2021-01-11 In *Tropical Aesthetics of Black Modernism* Samantha A. Noël investigates how Black Caribbean and American artists of the early twentieth century responded to and challenged colonial and other white dominant regimes through tropicalist representation. With depictions of tropical scenery and landscapes situated throughout the African diaspora, performances staged in tropical settings and bodily expressions of tropicity during Carnival, artists such as Aaron Douglas, Wifredo Lam, Josephine Baker, and Maya Angelou developed what Noël calls tropical aesthetics, using art to name and reclaim spaces of Black sovereignty. As a unifying element in the Caribbean modern art movement and the Harlem Renaissance, tropical aesthetics became a way for visual artists and performers to express their sense of belonging to and rootedness in a place. Tropical aesthetics, Noël contends, became central to these artists' identities and creative processes while enabling them to craft alternative Black diasporic histories. In outlining the centrality of tropical aesthetics in the artistic and cultural practices of Black modernist art, Noël recasts understandings of African diasporic art.

Societies After Slavery Rebecca J. Scott, Thomas C. Holt, Frederick Cooper, Aims McGuinness, 2002-08-18 One of the massive transformations that took place in the nineteenth and early twentieth centuries was the movement of millions of people from the status of slaves to that of legally free men, women, and children. *Societies After Slavery* provides thousands of entries and rich scholarly annotations, making it the definitive resource for scholars and students engaged in research on postemancipation societies in the Americas and Africa.

Fighting for Honor T. J. Desch-Obi, 2021-04-12 A groundbreaking investigation into the migration of martial arts techniques across continents and centuries, *The presence of African influence and tradition in the Americas* has long been recognized in art, music, language, agriculture, and religion. T. J. Desch-Obi explores another cultural continuity that is as old as eighteenth-century slave settlements in South America and as contemporary as hip hop culture. In this thorough survey of the history of African martial arts techniques, Desch-Obi maps the translation of numerous physical combat techniques across three continents and several centuries to illustrate how these practices evolved over time and are still recognizable in American culture today. Some of these art traditions were part of African military training, while others were for self-defense and spiritual discipline. Grounded in historical and cultural anthropological methodologies, Desch-Obi's investigation traces the influence of well-delineated African traditions on long-observed but misunderstood African and African American cultural activities in North America, Brazil, and the Caribbean. He links the Brazilian martial art capoeira to reports of slave activities recorded in colonial and antebellum North America. Likewise, Desch-Obi connects images of the kalenda, African stick-fighting techniques, to the Haitian Revolution. Throughout the study, Desch-Obi examines the ties between physical mastery of these arts and changing perceptions of honor. Including forty-five illustrations, this rich history of the arrival and dissemination of African martial arts in the Atlantic world offers a new vantage for furthering our understanding of the powerful influence of enslaved populations.

on our collective social history Black Britain and Nelson Mandela Elizabeth Williams, 2024-11-14 In *Black Britain and Nelson Mandela Pulling the Branch of a Tree* Elizabeth Williams leads a cast of renowned scholars to explore the impact of Nelson Mandela's legacy on Black intellectual thought on race and social justice in Britain. This engaging book presents an original collection of chapters authored by leading Black voices across the academy foregrounding the Black British perspective in historical discourse for the first time. This fresh take on Mandela the Man rather than the enduring myth around his branding explores the life of Nelson Mandela, his contribution to the peace in South Africa and the impact of British law on Mandela and his legal jurisprudence. Not only does this innovative collection highlight the lessons which can be learned from Mandela's life, it also connects with contemporary issues of race in Britain today, taking in the Rhodes Must Fall movement and Black Lives Matter movement. The result is a much needed revival of existing literature and a collection which will be of interest to students and scholars of Black British History.
