Brent-Dyer, 1995 *The Rivals of the Chalet School*, 1977 The Chalet School Books and the Twentieth Century Miles Booy, 2025-06-17 The first full length study of this beloved children's series The Chalet School in the Twentieth Century moves beyond the largely generic analysis within which it has previously been discussed Published between 1925 and 1970 the series moves from European reconciliation after the Great War through a second global conflict to a post war world increasingly defined by increased secularity and emerging consumerism Reproducing cover illustrations Miles Booy's book examines both those issues which author Elinor M Brent Dyer consciously explored such as the exceptional The Chalet School in Exile which she sought to explain the Nazi occupation of Austria to her young readers and those aspects of the text which must be read symptomatically This is a book which will engage students with historical and cultural interests beyond children's literature With barely a midnight feast in sight but much anxiety about social change it's a familiar genre but not as you think you know it Hurry up new girls class is about to begin The Rivals of the Chalet School, Etc Elinor Mary Brent-Dyer, 1929 British and American School Stories, 1910-1960 Nancy G. Rosoff, Stephanie Spencer, 2019-02-25 This book examines school and college fiction for girls in Britain and the United States written in the first half of the twentieth century to explore the formation and ideologies of feminine identity Nancy G Rosoff and Stephanie Spencer develop a transnational framework that recognises how both constructed and essential femininities transcend national boundaries The book discusses the significance and performance of female friendship across time and place which is central to the development of the genre and how it functioned as an important means of informal education Stories by Jessie Graham Flower Pauline Lester Alice Ross Colver Elinor Brent Dyer and Dorita Fairlie Bruce are set within their historical context and then used to explore aspects of sociability authority responsibility domesticity and possibility The distinctiveness of this book stems from the historical analysis of these sources which have so far primarily been treated by literary scholars within their national context Winner of the History of Education Society Anne Bloomfield Prize for the best book on history of education published in English 2017 19
