The Urban Planetary and Tokyo Modernity Christophe Thouny,2023-12-15 The Urban Planetary and Tokyo Modernity Dwelling in Passing analyzes everyday experiences in Tokyo during the 1910s and 1920s showing how urban literature and urban ethnography both tried to come to terms with an emerging planetary situation defined by both ongoing movement and an intensification of local experiences This book argues that modern urban experiences are not primarily a question of alienation consumerism or national life but first one of dwelling and in particular a dwelling in passing Looking at the work of the Japanese urban ethnographer Kon Wajiro in relation to early 20th century literary mappings of Tokyo in Japanese literature such as Mori Ogai s 1912 novel Youth to Tayama Katai s 1916 The Tokyo Near Suburb Christophe Thouny argues for the need to reconsider these texts in terms of a speculative genealogy of local answers to an insistent planetary situation

Writing Technology in Meiji Japan Seth Jacobowitz,2020-05-11 Writing Technology in Meiji Japan boldly rethinks the origins of modern Japanese language literature and visual culture from the perspective of media history Drawing upon methodological insights by Friedrich Kittler and extensive archival research Seth Jacobowitz investigates a range of epistemic transformations in the Meiji era 1868 1912 from the rise of communication networks such as telegraph and post to debates over national language and script reform He documents the changing discursive practices and conceptual constellations that reshaped the verbal visual and literary regimes from the Tokugawa era These changes culminate in the discovery of a new vernacular literary style from the shorthand transcriptions of theatrical storytelling rakugo that was subsequently championed by major writers such as Masaoka Shiki and Natsume S seki as the basis for a new mode of transparently objective transcriptive realism The birth of modern Japanese literature is thus located not only in shorthand alone but within the emergent multimedia channels that were arriving from the West This book represents the first systematic study of the ways in which media and inscriptive technologies available in Japan at its threshold of modernization in the late nineteenth to early twentieth century shaped and brought into being modern Japanese literature The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer,2011-11-15 Featuring choice selections from the core anthologies The Columbia Anthology of Modern Japanese Literature From Restoration to Occupation 1868 1945 and The Columbia Anthology of Modern Japanese Literature From 1945 to the Present this collection offers a concise yet remarkably rich introduction to the fiction poetry drama and essays of Japan s modern encounter with the West Spanning a period of

exceptional invention and transition this volume is not only a critical companion to courses on Japanese literary and intellectual development but also an essential reference for scholarship on Japanese history culture and interactions with the East and West The first half covers the three major styles of literary expression that informed Japanese writing and performance in the late nineteenth and early twentieth centuries classical Japanese fiction and drama Chinese poetry and Western literary representation and cultural critique Their juxtaposition brilliantly captures the social intellectual and political challenges shaping Japan during this period particularly the rise of nationalism the complex interaction between traditional and modern forces and the encroachment of Western ideas and writing The second half conveys the changes that have transformed Japan since the end of the Pacific War such as the heady transition from poverty to prosperity the friction between conflicting ideologies and political beliefs and the growing influence of popular culture on the country's artistic and intellectual traditions Featuring sensitive translations of works by Nagai Kafu Natsume Soseki Oe Kenzaburo Kawabata Yasunari Mishima Yukio and many others this anthology relates an essential portrait of Japan's dynamic modernization
