Fly Navy Charles Manning, 2000-03-07 Ninety five veterans of the British Royal Navy's Fleet Air Arm share gripping personal accounts of their service in the twentieth Century following World War II The Fleet Air Arm has always had an elite status and an image of derring do and living on the edge To mark the Millennium ninety five members of the Fleet Air Arm Officer's Association have recalled their experiences of over fifty five years of post war naval flying These first person accounts pull no punches Some are highly amusing others serious even tragic Covered are the piston engined planes early jets and supersonic nuclear capable fighter bombers as well as the full range of helicopters so vital in many theatres Fly Navy is a unique and entertaining anthology of flying stories which will delight all with even a passing interest in service life and aviation The subtitle says it all this is how it was for better or for worse Praise for Fly Navy This book is an excellent read and provides an insight to the operations of the Naval Air Arm in many parts of the world over a six decade period Highly recommended Richard K Parkhurst IPMS Portsmouth

The Fleet Air Arm Keith Abnett, 2024-11-08 This book uncovers many hidden facts and untold stories of the Fleet Air Arm FAA shedding light on its remarkable history much of which has not been widely published It offers a concise yet vivid account of how the Royal Navy's Air Service RNAS evolved over the years shaped by over a century of political manoeuvring and its long standing rivalry with the Royal Air Force Even today the FAA continues to operate in the shadow of the RAF as seen in the ongoing developments surrounding the Queen Elizabeth class aircraft carriers and the F 35B aircraft they now carry frequent subjects in the media Few know that the last serviceman to die in the Second World War was an FAA pilot shot down over Japan at the very end of the Pacific conflict While FAA victories such as Taranto and the Falklands are well known it may surprise readers to learn that the FAA briefly flew Lancasters in 1946 And in the Gulf War FAA Westland Lynx helicopters made history by virtually wiping out Iraq's navy using Sea Skua missiles the first time seaborne helicopters achieved such a feat This book also features the most comprehensive post 1945 timeline of the FAA a reflection of the decline of Britain's maritime power over recent decades Enriching the narrative are personal anecdotes from FAA personnel highlighting their bravery dedication and sacrifice in the line of duty

Outsider Inside No 10

John Warwicker, 2015-02-02 Former Special Branch officer John Warwicker gives the inside story of the six years he spent in charge of security at 10 Downing Street tracking one of the most turbulent periods in modern British politics From 1974 79 when the threat of the Cold War and the IRA was ever present the targets who Warwicker protected daily both at home and overseas were Prime Ministers Wilson Callaghan and Thatcher More than thirty years on since Warwicker left his post his insightful memoir based not only on personal memories and experience but often also from contemporaneous notes includes a fascinating and frank insight into the day to day operations at Downing Street and Chequers and the eccentric cast of characters within Despite the constant threat of terrorism that was prevalent at the time there is a touch of Yes Prime Minister that runs through the narrative which adds a surprisingly amusing element to this revelatory book

Unsung Hero of the Falklands War Anthony Cumming, 2025-12-30 The contribution of Commodore Michael Clapp has been overlooked when compared with the other senior Falklands commanders and the time is ripe to redress the balance Despite commanding the Amphibious Task Group and being responsible for Operation Sutton the successful San Carlos landing Clapp was overlooked for promotion instead received several snubs including not being allowed a seat at the top tables of public events celebrating this stunning victory Sadly his naval superiors showed no interest in learning the amphibious lessons of the War preferring to focus on supporting the Army in a potential conflict with the Soviet Union in Europe Michael Clapp s career has illustrated many of the corrosive effects of inter service rivalry and the author asks if the military establishment has now lost interest in amphibious operations in their purest form This highly readable and controversial work covers Clapp s distinguished wider career which included active service in Korea the Cyprus Emergency and the Indonesia Malayan Confrontation where he gained a reputation for decisive action He was an observer and squadron commander in the Fleet Air Arm took command of several warships and served in staff posts playing a crucial role in the introduction of the famous Sea Harrier V STOL strike aircraft before his appointment as Commodore Amphibious Warfare
