Road From Decadence:

J.-K. Huysmans Ruth Antosh,2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth century French decadent movement J K Huysmans 1848 1907 is often hailed as a forerunner of modernist letters While his novel rebours Against Nature remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams Huysmans s literary contributions are far reaching Ruth Antosh explores Huysmans s life and work illustrating how both reflect an uneasy era of profound social and artistic change In this context Huysmans s correspondence early fiction art criticism and surrealist novel En rade Stranded demand greater critical attention Antosh argues that Huysmans s life should be understood as an unwavering quest for spiritual and aesthetic fulfillment **Report on the Island of Porto Rico** Henry K. Carroll, Henry King Carroll, 1899 **Japan's Postwar** Michael Lucken, Anne Bayard-Sakai, Emmanuel Lozerand, 2013-03-01 Historical surveys of postwar Japan are usually established on the grounds that the era is already over interpreting postwar to be the years directly proceeding World War II However the contributors to this book take a unique approach to the concept of the postwar epoch and treat it as a network of historical time frames from the modern period and connect these time capsules to the war to which they are inextricably linked The books strength is in its very interdisciplinary approach to examining postwar Japan and as such it includes chapters centred on subjects as diverse as politics poetry philosophy economics and art which serve to fill the blanks in the collective cultural memory that historical narratives leave behind Originally published in French this new translation offers the English speaking world important access to a major work on Japan which has been greatly enriched by the translator s great accuracy and knowledge of English French and Japanese language history and culture Japan s Postwar will appeal to students and scholars of Japanese Studies and Modern Japanese History as well as historians studying the world after 1945 Deconstructing the Myths of Islamic Art Onur Öztürk, Xenia Gazi, Sam Bowker, 2022-03-20 Deconstructing the Myths of Islamic Art addresses how researchers can challenge stereotypical notions of Islam and Islamic art while avoiding the creation of new myths and the encouragement of nationalistic and ethnic attitudes Despite its Orientalist origins the field of Islamic art has continued to evolve and shape our understanding of the various civilizations of Europe Africa Asia and the Middle East Situated in this field this book addresses how universities museums and other educational institutions can continue to challenge stereotypical or homogeneous notions of Islam and Islamic art It reviews subtle and overt mythologies through scholarly research museum collections and exhibitions classroom perspectives and artists initiatives This collaborative volume addresses a conspicuous and persistent gap in the literature which can only be filled by recognizing and resolving persistent myths regarding Islamic art from diverse academic and professional perspectives The book will be of interest to scholars working in art history museum studies visual culture and Middle Eastern studies **Remembering the Road to World War Two** Patrick Finney, 2010-09-13 This is comparative history on a grand scale skilfully analysing complex national debates and drawing

major conclusions without ever losing the necessary nuances of interpretation Stefan Berger University of Manchester UK

Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War It explores how in the case of each of the major combatant countries historical writing on the origins of the Second World War has been inextricably entwined with debates over national identity and collective memory Spanning seven case studies the Soviet Union Germany Italy France Great Britain the United States and Japan Patrick Finney proposes a fresh approach to the politics of historiography This provocative volume discusses the political cultural disciplinary and archival factors which have contributed to the evolving construction of historical interpretations It analyses the complex and multi faceted relationships between texts about the origins of the war the negotiation of conceptions of national identity and unfolding processes of war remembrance Offering an innovative perspective on international history and enriching the literature on collective memory this book will prove fascinating reading for all students of the Second World War

Radicals on the Road Bernard Schweizer,2001 Schweizer an independent scholar explores the travel writing of George Orwell Evelyn Waugh Graham Greene and Rebecca West The observations made by these westerners of the lands they visited Catalonia Africa Mexico and Yugoslavia provide a range of views perhaps typical for the period Schweizer s reading concentrates on each authors politics and their psychological apprehension of the world around them The psychological theme is explored in the book s second half where Schweizer notes the inherently dualistic construction of national and international politics to be found in the writings as well as the authors anxiety of foreign places and their sense of the uncanny c Book News Inc

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
