The Legacy of Robert Penn

Warren David Madden, 2000-08-01 Robert Penn Warren was unique among twentieth century American writers for having achieved excellence in a broad and assorted range of genres poems novels plays critical works historical essays personal essays biography and innovative textbooks In this collection of essays critics and poets among the finest Warren scholars assess Warren's legacy within his various genres and illuminate his centrality to twentieth century American culture Although Warren was best known for his novel All the King's Men the fact that most of these essays focus on his poetry attests to the urgency these poets and scholars feel about the need to call attention to this relatively neglected aspect of his work Although their approaches and themes are varied the pieces in The Legacy of Robert Penn Warren are united in their assertion that the writer's true legacy is that he was in a century of increasing specialization a myriad minded Renaissance man

Robert Penn Warren Charles H. Bohnert, 1964 This study emphasizes the shaping influence of the Southern heritage on Warren and the stimulus of his career afforded by his early association with the famous coterie of Southern writers The Fugitives This is the first book length study to discuss systematically both the range of Warren's talents and the growth of his artistic development The author argues that despite the variety of forms Warren has employed his work is concerned with several underlying themes the problem of evil the meaning of history the human penchant for violence the search for self knowledge and the need for self fulfillment These themes Warren has returned to again and again exploring them with a depth of perception and a richness of illustration that have placed him among the major literary figures of his time

The American Vision of Robert Penn Warren William Bedford Clark, 1991 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It's a way of criticizing himself too Trying to live more intelligently and more fully In The American Vision of Robert Penn Warren a noted Warren scholar traces the evolution of our first poet laureate's distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren's career combining close reading with a historian's eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren's attitudes toward art and politics and he demonstrates the necessity of regarding Warren's major achievements in fiction and verse as forms of public speech Read in this light Warren's vision offers a set of possibilities for renegotiating America's covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark's study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging

account of the interplay between an author's imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike

Robert Penn Warren and the American Imagination Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren's distinguished sixty five year career Robert Penn Warren and the American Imagination identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions* Warren returned again and again to themes related to democracy regionalism personal liberties individual responsibilities minority relations and above all the loss of ideals Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism *Audubon A Vision* extols the power of imagination in one man's quest to assert an American identity in the wilderness and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works *Segregation and Who Speaks for the Negro* Warren depicted the civil rights movement as a struggle for identity and individualism Ruppersburg traces the development of Warren's attitudes arguing that his support of the civil rights movement paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand* In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology Looking particularly at *The Legacy of the Civil War Democracy and Poetry* and the poem *New Dawn* Ruppersburg concludes that Warren was skeptical about our prospects for survival Still through his advocacy of the arts and the primacy of the individual Warren affirmed the values that he believed would help Western culture to endure Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history Through this obsessive search for America's identity Ruppersburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers

Selected Letters of Robert Penn Warren Robert Penn Warren, 2006-01-01 Selected Letters of Robert Penn Warren Volume three provides an indispensable glimpse of Warren the writer and the man covering a crucial decade in his life Edited by Randy Hendricks and James A Perkins and introduced by William Bedford Clark this collection of largely previously unpublished letters and newly discovered material documents Warren's time at the University of Minnesota his writing and publication of

the Pulitzer Prize winning novel *All the King's Men* his appointment as Consultant in Poetry at the Library of Congress and his divorce from Emma Cinina Brescia and subsequent marriage to the writer Eleanor Clark The period 1943-1952 also saw the publication of *A Poem of Pure Imagination* *World Enough and Time* *The Ballad of Billie Potts* *At Heaven's Gate* and *Selected Poems* 1923-1943 Warren's letters shed new light on those works and on his close relationship with his editors Lambert Davis and Albert Erskine Included too is correspondence concerning Warren's collaboration with Robert Rossen on the movie production of *All the King's Men* which received the Academy Award for best picture in 1949 The list of friends and colleagues with whom Warren communicated reads like a roll call of major twentieth century literary figures and clearly shows his ever widening influence on the world of letters Spanning a remarkable range in both style and tone the letters disclose Warren's attitudes toward his work as a teacher and his thoughts on the events of World War II the Korean War and the political conflicts in postwar Europe Thoroughly annotated and scrupulously researched Volume Three captures Warren in an extraordinary phase in his life and career reaching his maturity and making many commitments at once yet pursuing them all with a seemingly boundless energy
