

Robert Shumann

Robert Schumann

Robert Schumann:

Robert Schumann Ronald Taylor, 1982 **On Music and Musicians** Robert Schumann, 2013-04-03 Edited by Konraad Wolff Translated by Paul Rosenfeld With twenty black and white illustrations Schumann's literary gifts and interests almost equaled his musical ones From boyhood on he was drawn to literary expression and his writings on music belong to the best among the romantic literature of the 19th century The same fire poetry directness of expression the same inventiveness we love in his compositions also animated his prose This edition for the first time groups his articles and observations according to subject matter and individual composers It is complete as far as Schumann's writings on the great composers are concerned All his reviews of the works by the masters from Beethoven to Brahms are included some of them translated for the first time into English The Life of Robert Schumann Told in His Letters Robert Schumann, 1890 **Early Letters of Robert Schumann** Robert Schumann, 1888 **Letters of Robert Schumann** Robert Schumann, This volume contains 133 intimate letters from the great composer *Robert Schumann* John Daverio, 1997-04-10 Forced by a hand injury to abandon a career as a pianist Robert Schumann went on to become one of the world's great composers Among many works his Spring Symphony 1841 Piano Concerto in A Minor 1841 1845 and the Third or Rhenish Symphony 1850 exemplify his infusion of classical forms with intense personal emotion His musical influence continues today and has inspired many other famous composers in the century since his death Indeed Brahms in a letter of January 1873 wrote The remembrance of Schumann is sacred to me I will always take this noble pure artist as my model Now in *Robert Schumann Herald of a New Poetic Age* John Daverio presents the first comprehensive study of the composer's life and works to appear in nearly a century Long regarded as a quintessentially romantic figure Schumann also has been portrayed as a profoundly tragic one a composer who began his career as a genius and ended it as a mere talent Daverio takes issue with this Schumann myth arguing instead that the composer's entire creative life was guided by the desire to imbue music with the intellectual substance of literature A close analysis of the interdependence among Schumann's activities as reader diarist critic and musician reveals the depth of his literary sensibility Drawing on documents only recently brought to light the author also provides a fresh outlook on the relationship between Schumann's mental illness which brought on an extended sanitarium stay and eventual death in 1856 and his musical creativity Schumann's character as man and artist thus emerges in all its complexity The book concludes with an analysis of the late works and a postlude on Schumann's influence on successors from Brahms to Berg This well researched study of Schumann interprets the composer's creative legacy in the context of his life and times combining nineteenth century cultural and intellectual history with a fascinating analysis of the works themselves **Robert Schumann** John Worthen, 2007 Publisher description **Robert Schumann** Martin Geck, 2022-12-22 Robert Schumann 1810-56 is one of the most important and representative composers of the Romantic era Born in Zwickau Germany Schumann began piano instruction at age seven and immediately developed a passion for music When a permanent injury to his hand

prevented him from pursuing a career as a touring concert pianist he turned his energies and talents to composing writing hundreds of works for piano and voice as well as four symphonies and an opera Here acclaimed biographer Martin Geck tells the fascinating story of this multifaceted genius set in the context of the political and social revolutions of his time The image of Schumann the man and the artist that emerges in Geck s book is complex Geck shows Schumann to be not only a major composer and music critic he cofounded and wrote articles for the controversial *Neue Zeitschrift f r Musik* but also a political activist the father of eight children and an addict of mind altering drugs Through hard work and determination bordering on the obsessive Schumann was able to control his demons and channel the tensions that seethed within him into music that mixes the popular and esoteric resulting in compositions that require the creative engagement of reader and listener The more we know about a composer the more we hear his personality in his music even if it is above all on the strength of his work that we love and admire him Martin Geck s book on Schumann is not just another rehashing of Schumann s life and works but an intelligent personal interpretation of the composer as a musical literary and cultural personality *Life of Robert Schumann* Von Wasielwski, 2022-10-30 Reprint of the original first published in 1871 **Robert Schumann** Herbert Bedford, 1925

Right here, we have countless books **Robert Shumann** and collections to check out. We additionally allow variant types and after that type of the books to browse. The agreeable book, fiction, history, novel, scientific research, as well as various other sorts of books are readily easy to get to here.
