are audiences prepared for a film like this How did fans of the book respond to its adaptation on screen How do people choose their favorite characters How was the films reception shaped by different national and cultural contexts The answers to these questions shed fresh light on the extraordinary popularity of The Lord of the Rings and provide important new insights into the global reception of cinema in the twenty first century **Unsung Heroes of The Lord of the Rings**

Lynnette Porter,2005-03-30 Most criticism of The Lord of the Rings trilogy emphasizes the most likely heroes in the tales Aragorn Frodo Gandalf and even Sam From popular to scholarly literature the women and smaller characters often go overlooked But our notions of what makes a hero have altered since September 11 and sometimes the most unlikely people can come to embody all that we look up to and admire in a person Here Lynnette Porter examines what we mean when we talk about heroes and for the first time illustrates the heroic qualities that can be found in the women and other beloved though less celebrated characters in the The Lord of the Rings books and movies She takes a critical look at the importance of literary and cinematic heroes in general emphasizing the roles of Merry Pippin Galadriel Eowyn Arwen Legolas and Gimli who can all be considered heroes despite their relatively smaller roles She shows ultimately that our attraction to and celebration of heroes does not have to be limited to the leading man but rather that women and youth often display essential characteristics of true heroes Bringing together a discussion of both the books and the movies Porter reveals for readers the heroic nature of several characters in The Lord of the Rings who have been ignored in terms of their status as heroes Nevertheless these female and youthful characters have received incredible popular acclaim and illustrate the shift in the way the Western movie going public identifies and glorifies heroes While other stars may have outshone the likes of Merry and Pippin Arwen and Galadriel Porter redirects the spotlight on these favorites of the books and movies to show us how the roles they play the actions they take and the behaviors they display are worthy of our praise and admiration This unique and refreshing perspective adds dimension to our understanding of The Lord of the Rings phenomenon The Cinematic Tourist

Rodanthi Tzanelli,2007-06-11 This book takes a closer look at the phenomenon of cinematic tourism exploring audiences perceptions of film and their covert relationship with tourist advertizing campaigns alongside the nature of and resistance to newly born tourist industries *Queenstown Activity Guide* Jasons Travel Media Ltd, *Artificial Culture* Tama

Leaver,2011-12-22 Artificial Culture is an examination of the articulation construction and representation of the artificial in contemporary popular cultural texts especially science fiction films and novels The book argues that today we live in an artificial culture due to the deep and inextricable relationship between people our bodies and technology at large While the artificial is often imagined as outside of the natural order and thus also beyond the realm of humanity paradoxically artificial concepts are simultaneously produced and constructed by human ideas and labor The artificial can thus act as a boundary point against which we as a culture can measure what it means to be human Science fiction feature films and novels and other related media frequently and provocatively deploy ideas of the artificial in ways which the lines between people our

bodies spaces and culture more broadly blur and at times dissolve Building on the rich foundational work on the figures of the cyborg and posthuman this book situates the artificial in similar terms but from a nevertheless distinctly different viewpoint After examining ideas of the artificial as deployed in film novels and other digital contexts this study concludes that we are now part of an artificial culture entailing a matrix which rather than separating minds and bodies or humanity and the digital reinforces the symbiotic connection between identities bodies and technologies

Locating Migrating Media Greg Elmer, Charles H. Davis, Janine Marchessault, John McCullough, 2012-07-10 Locating Migrating Media details the extent to which media productions both televisual and cinematic have sought out new and cheaper shot locations creative staff and financing around the world The book contributes to debates about media globalization focusing on the local impact of new sites of media production The book's chapters also question the role that film and television industries and local and regional governments play in broader economic develop and tax incentive schemes While metaphors of transportation mobility fluidity and change continue to serve as key concepts and frames for understanding contemporary media industries products and processes the essays in this book look to local spaces neighborhoods cultural workers and stories to ground the global that is to interrogate the effect of media globalization before during and after film and television shooting and onsite production By locating migrating media these chapters seek to determine the political economic and cultural conditions that produce contemporary forms of televisual and cinematic storytelling and how these processes affect the inhabitants the look and the very geopolitical future of local communities neighborhoods cities and regions The focus on relocated screen production highlights the act of film and television making both aesthetically and economically To locate migrating media is therefore to determine the political and cultural economies of globalized sets and stages be they in new studios or on city streets or perhaps most importantly in our imaginations

Issues in Cultural Tourism Studies Melanie K. Smith, 2015-10-14 The third edition of Issues in Cultural Tourism Studies provides a vital framework for analysing the complexity of cultural tourism and its increasing globalization in existing as well as emergent destinations of the world It focuses in particular on the need for even more creative tourism strategies to differentiate destinations from each other using a blend of localized cultural products and innovative global attractions The book explores many of the most pertinent issues in heritage arts festivals indigenous ethnic and experiential cultural tourism in urban and rural environments alike Since the second edition of this book there have been many important developments in this field and this third edition has been completely revised and updated to include New content on demand and motivation for cultural tourism sustainable cultural tourism and ethnic cultural tourism New and updated case studies from an even wider global perspective A revised up to date framework for global cultural tourism studies in the light of recent research publications and industry developments New pedagogical features within the text to aid understanding and critical thinking including questions at the end of case studies and a further reading section At the interface between the global and the local a sustainable and people centred approach to cultural

tourism planning and development is advocated to ensure that benefits are maximized for local areas a sense of place and identity are retained and the tourist experience is enhanced to the full The text is unique in that it provides a summary and a synthesis of all of the major issues in global cultural tourism which are presented in an accessible way using a diverse range of international case studies It is essential and valuable reading for all tourism students *Antipodean Antiquities*

Marguerite Johnson,2019-03-21 Leading and emerging early career scholars in Classical Reception Studies come together in this volume to explore the under represented area of the Australasian Classical Tradition They interrogate the interactions between Mediterranean Antiquity and the antipodean worlds of New Zealand and Australia through the lenses of literature film theatre and fine art Of interest to scholars across the globe who research the influence of antiquity on modern literature film theatre and fine art this volume fills a decisive gap in the literature by bringing antipodean research into the spotlight Following a contextual introduction to the field the six parts of the volume explore the latest research on subjects that range from the Lord of the Rings and Xena Warrior Princess franchises to important artists such as Sidney Nolan and local authors whose work offers opportunities for cross cultural and interdisciplinary analysis with well known Western authors and artists

Film-Induced Tourism Sue Beeton,2016-09-15 This research based monograph presents an introduction to the concept of film induced tourism building on the work of the seminal first edition Many new case studies exploring the relationship between film and TV and tourism have been added and existing cases have been updated The book incorporates studies on film studio theme parks the impact of film induced tourism on communities and the effect of film on tourists behaviour It introduces new content including film induced tourism in non Western cultures movie tours and contents tourism The book is an essential resource for postgraduate students and researchers in the fields of tourism film and media studies

Film-induced Tourism Sue Beeton,2005-01-01 Film induced tourism has the potential to revitalise flagging regional rural communities and increase tourism to urban centres however it carries with it unique problems This book explores the downside of the phenomenon Peter Jackson Alfio Leotta,2015-12-17 The most comprehensive academic examination of

Peter Jackson s work and career *New Zealand Medievalism* Anna Czarnowus,Janet M. Wilson,2024-04-30 This volume maps the phenomenon of medievalism in Aotearoa initially as an import by the early white settler society and as a form of nation building that would reinforce Britishness and ancestral belonging This colonial narrative underpins the volume s focus on the imperial relationship in chapters on the academic study of the Middle Ages on medievalism in film and music in manuscript and book collections and colonial stained glass and architecture Through the alternative 21st century frameworks of a global Middle Ages and Aotearoa s bicultural nationalism the volume also introduces Maori understandings of the ancestral past that parallel the European epoch and at the opposite end of the spectrum the phenomenon of global right wing medievalism as evidenced in the Alt right extremism underpinning the Christchurch mosque attack of 2019 The 11 chapters trace the transcultural moves and networks that comprise the shift from the 20th century study of the Middle Ages as an

historical period to manifestations of medievalism as the reception and interpretation of the medieval past in postmedieval times Collectively these are viewed as indications of the changing public perception about the meaning and practice of the European heritage from the colonial to contemporary era The volume will appeal to educationists scholars and students interested in the academic history of the Middle Ages in New Zealand enthusiasts of film music and performance of the medieval members of the public interested in Aotearoa s history and popular culture and all who enjoy the colourful reinventions of medievalism
