From the First Rising Sun Charla Jean Morris, 2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or Ph D Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been raised like a white that I had grown up learning about various herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the

first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad There Are Four Trees on Your Stone Jean Leonard, Wicapi

Winyan, 2013-02-18 When you are a 28 year old white woman reporter with a newspaper editor husband and a college administrator father and you find a stone on a holy Lakota mountain and a Lakota holy man says Do you see the four trees on this stone you look and see only four fern leaves fossilized on the stone When he says You will meet four men in 9 2 4 and 8 and points to some fossilized numbers in the corner of the stone you are skeptical and offer to give him the stone When he says No it is your stone you do keep it And over the next two years when in September February April and August you meet four men of the bloodlines of great Lakota Sioux and Apache you start honoring the stone and the mountain you found it on You start paying close attention to the holy man Frank Fools Crow and his wife Kate who is the mother you never had This book is the story of finding the four men the four trees It is the story of what they and Fools Crow taught me as we traveled several states together There were powerful adventures at North and South Dakota and Montana reservations and universities a Minnesota sacred pipestone quarry and Minnesota maximum security prison a California publishing company and Alaska cities These are places where September February April and August brought four holy men The skeptical just the facts man white woman began to see the connectedness of all of life On Bear Butte near Sturgis South Dakota where Crazy Horse had fasted she gave her life to the Great Spirit because her energies were being miserably unused and the world was going by without her doing something she felt she should be doing In exchange for her offering up her life the stone glowed a tree gave a loving message stars fell and she would never feel alone again Fools Crows prediction also brought Native American women to me and we wrote their books and traveled their lands in Minnesota and Alaska It was fun to travel them again in this book Also crossing my path were people of black white and Asian American cultures The book tells of the exciting events with these people I am writing this my story so that all these people can live on **A Second Look** Andie

Peterson, 2007-10-19 Four hundred twenty five books are reviewed in this superb collection **A Second Look** Native Americans in Childrens Books gives a thorough examination of the books as a guide for parents teachers librarians and administrators interested in books for children Anyone involved in selecting books will find this guide useful in working through the maze of available materials Andie Peterson one of the few women to be awarded an Eagle Feather has provided a meaningful criteria to help in judging books She outlines ways for objectively studying books to draw conclusions as to the suitability for the

reader She writes candidly about books filled with stereotypes hurtful images and damaging text and illustrations She writes eloquent glowing reviews of the books that are real treasures She writes On a daily basis children must face the hidden curriculum that lets them know where they fit in whether they can achieve their goals whether they even dare to dream An overwhelming part of that hidden curriculum begins with books that are more narrative and illustrations they are books that carry a message of politics and values Andie advises that in selecting Native American books the non Native child must be considered also She counsels that hurtful books set in motion attitudes of prejudice that persist for years She states that she has reviewed books with older copyrights because they are still on the shelves in libraries and available via the Internet She says reading the older books helps to understand how adults have formed ideas about Native people She says After all if its in a book in the library people believe it to be true Its time to disturb the peace and end the ritual of damage A Second Look Native Americans in Childrens Books By Andie Peterson **Poetry as Insurgent Art** Lawrence Ferlinghetti,2007

California Indian Oversight Hearings United States. Congress. Senate. Committee on Interior and Insular Affairs. Subcommittee on Indian Affairs,1974 **Apocalyptic Anxiety** Anthony Aveni,2016-05-02 Apocalyptic Anxiety traces the sources of American culture s obsession with predicting and preparing for the apocalypse Author Anthony Aveni explores why Americans take millennial claims seriously where and how end of the world predictions emerge how they develop within a broader historical framework and what we can learn from doomsday predictions of the past The book begins with the Millerites the nineteenth century religious sect of Pastor William Miller who used biblical calculations to predict October 22 1844 as the date for the Second Advent of Christ Aveni also examines several other religious and philosophical movements that have centered on apocalyptic themes Christian millennialism the New Age movement and the Age of Aquarius and various other nineteenth and early twentieth century religious sects concluding with a focus on the Maya mystery of 2012 and the contemporary prophets who connected the end of the world as we know it with the overturning of the Maya calendar Apocalyptic Anxiety places these seemingly never ending stories of the world s end in the context of American history This fascinating exploration of the deep historical and cultural roots of America s voracious appetite for apocalypse will appeal to students of American history and the histories of religion and science as well as lay readers interested in American culture and doomsday prophecies [A Concise Encyclopedia of the Baha'i Faith](#) Peter Smith,2013-10-01 Written by a well known author in the field of Baha i studies this is a comprehensive and accessible encyclopedia to the youngest of the world religions Regarded as the second most widespread faith after Christianity with adherents in almost every country around the globe the Baha i faith is nevertheless unfamiliar to many here Dr Smith traces the origins and development of the religion from 19th century Iran to the modern day introducing its central figures and major historical events combining breadth with a readable yet concise style he provides a balanced overview of Baha i scriptures doctrines and practices social teachings and organization This reference work presents a clear and knowledgeable view of a fascinating new religion **The 2012 Story**
