**Los fundamentos de la fe cristiana** James Montgomery Boice, 1996      Fundamentos de la Fe Cristiana James Montgomery Boice, 1996 En un volumen sistemático James Boice ofrece un panorama de la teología cristiana amplio y comprensible. Estudiantes y pastores sacarán provecho de esta rica fuente que abarca todas las principales doctrinas del cristianismo. Con erudición rigurosa y un corazón de pastor Boice aborda con sumo cuidado los temas de la naturaleza de Dios, el carácter de su revelación natural y especial, la caída, la persona y la obra de Cristo. Luego pasa a considerar la obra del Espíritu Santo en la justificación y la santificación. El libro concluye con discusiones de eclesiología y escatología. En esta edición revisada del material que originalmente se publicó en cuatro volúmenes Boice mantiene el sentido práctico y exhaustivo que harán de esta una obra clásica de referencia y de texto en los años venideros. In a systematic volume James Boice offers a comprehensive and understandable overview of Christian theology. Students and pastors will profit from this rich source covering all the major doctrines of Christianity. With rigorous scholarship and a pastor's heart Boice addresses with great care the topics of the nature of God, the character of his natural and special revelation, the fall, and the person and work of Christ. He then goes on to consider the work of the Holy Spirit in justification and sanctification. The book concludes with discussions of ecclesiology and eschatology. In this revised edition, originally published in four volumes, Boice maintains the practicality and comprehensiveness that will make this a classic reference and textbook for years to come.
