*Crime, Histoire et Sociétés*, 1998/1 ,      **The Neverending Hunt** Paul Herman, 2008-09-08 Prepared by renowned Howard scholar Paul Herman with the assistance of Glenn Lord this is the first new bibliography of Robert E Howard since 1976 This massive volume contains more than twice as much information as the preceding biblio The Last Celt Robert E Howard is considered the Godfather of Sword and Sorcery and the creator of the international icon Conan the Cimmerian yet wrote successfully in numerous genres The Neverending Hunt lists every story poem letter and publication in which a Howard work has appeared It s more than you might think      *Bilingual Games* D. Sommer, 2003-11-21 These essays bring home the most challenging observations of postmodernism multiple identities the fragility of meaning the risks of communication Sommer asserts that many people normally live that is think feel create reason persuade laugh in more than one language She claims that traditional scholarship aesthetics language and philosophy psychoanalysis and politics cannot see or hear more than one language at a time The goal of these essays is to create a new field bilingual arts aesthetics which examine the aesthetic product produced by bilingual diasporic communities The focus of this volume is the Americas but examples and theoretical proposals come from Europe as well In both areas the issue offers another level of complexity to the migrant and cosmopolitan character of local societies in a global economy      **Three Plays of Maureen Hunter** Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New      Musical Practices and Mobility in Asunción Laura Fahrenkrog Cianelli, 2024-11-19 The Indigenous musicians from the surrounding pueblos de indios took on a leading role in urban musical activity Musical Practices and Mobility in Asunción Indigenous Musicians in Colonial Paraguay sheds light on dynamics that go beyond the studies centered on the doing of Jesuits in missionary contexts and provides a more thorough comprehension of the urban musical models that were imposed and adapted Indigenous musicians were transferred to the city from the Jesuit reductions and the pueblos under the care of secular and Franciscan priests for festivals and celebrations Without them and without the mobilities that placed them in both contexts Laura Fahrenkrog Cianelli argues the urban institutional musical model would not have been possible to maintain in that distant corner of the empire By transcending the city limits imposed by urban approaches this book enables a novel reading of musical practices in a city connected with its hinterland revealing the different musical physiognomies of the empire in distant contexts      **Knowledge, Culture and Society** Peter Burke, 2020-09-28 How is knowledge measured How long does it take us to reflect on something and how long to express our thoughts Such is the dilemma that the human social and economic sciences go through since they face the challenge of understanding complex processes when confronting the urgency of standards measurements and forms of qualitative and quantitative evaluation that respond to notions of utility productivity and viability defined within social cultural and political realities discordant with those models Peter Burke Knowledge Culture and Society compiles a series of conferences given by Peter Burke during his visit to Medellín but also includes some unpublished works It constitutes the

first publication in English by the Editorial Center of the Faculty aimed at the internationalization of our programs and to support the acquisition of a second language It is also one of three publications commemorating the FCHE's 40th Anniversary the historical review 40 A os Creciendo Escribiendo y Publicando the Historia de la Facultad de Ciencias Humanas y Economicas 1975 2015 and now this academic jewel that encourages the reflection upon our disciplines and the sources that support us as academics and researchers I hope that Peter Burke Knowledge Culture and Society provides the tools for an interdisciplinary discussion about knowledge in the social and human sciences today as well as important considerations about the research and methodological challenges posed to us every day Yobenj Aucardo Chicangana Bayona Dean
