## Los Lares Apagados:

*Los lares apagados* Carlos Wyld Ospina, 1958      *A History of Ecology and Environmentalism in Spanish American Literature* Scott M. DeVries, 2013-09-05

*A History of Ecology and Environmentalism in Spanish American Literature* undertakes a comprehensive ecocritical examination of the region's literature from the foundational texts of the nineteenth century to the most recent fiction. The book begins with a consideration of the way in which Argentine Domingo Faustino Sarmiento's views of nature through the lens of the categories of civilization and barbarity from Facundo 1845 are systematically challenged and revised in the rest of the century. Subsequently, this book develops the argument that a vital part of the cultural critique and aesthetic innovations of Spanish American modernismo involve an ecological challenge to deepening discourses of untamed development from Europe and the United States. In other chapters, many of the well-established titles of regional and indigenista literature are contrasted to counter traditions within those genres that express aspects of environmental justice, deep ecology, the relational role of emotion in nature protectionism and conservationism, even the rights of non-human nature. Finally, the concluding chapters find that the articulation of ecological advocacy in recent fiction is both more explicit than what came before but also impacts the formal elements of literature in unique ways. Textual conventions such as language, imagery, focalization, narrative sequence, metafiction, satire, and parody represent innovations of form that proceed directly from the ethical advocacy of environmentalism. The book concludes with comments about what must follow as a result of the analysis, including the revision of canon, the development of literary criticism, and novel approaches such as critical animal studies and the advent of a critical dialogue within the bounds of Spanish American environmentalist literature. *A History of Ecology and Environmentalism in Spanish American Literature* attempts to develop a sense of the way in which ecological ideas have developed over time in the literature, particularly the way in which many Spanish American texts anticipate several of the ecological discourses that have recently become so central to global culture, current environmentalist thought, and the future of humankind.

**Historical Dictionary of Guatemala** Michael F. Fry, 2018-02-20

Guatemala holds a dual image. For more than a century, travel writers, explorers, and movie producers have painted the country as an exotic place, a land of tropical forests and the home of the ancient and living Maya. Archaeological ruins abandoned a millennium ago have enhanced their depictions with a wistful, dreamy aura of bygone days of pagan splendor, and the unique, colorful textiles of rural Maya today connect nostalgically with that distant past. Inspired by that vision, fascinated tourists have flocked there for the past six decades. Most have not been disappointed; it is a genuine facet of a complex land. Guatemala is also portrayed as a poor, violent, repressive country ruled by greedy tyrants with the support of an entrenched elite, the archetypal banana republic. The media and scholarly studies consistently confirm that fair assessment of the social, political, and economic reality. The *Historical Dictionary of Guatemala* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics,

economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Guatemala Hispania ,1948 Vol 1 includes Organization number published Nov 1917

*Handbook of Latin American Literature (Routledge Revivals)* David William Foster,2015-06-11 First published in 1987 this second edition in 1992 the Handbook of Latin American Literature offers readers the opportunity to explore this literary history in the English Language and constitutes an ideological approach to Latin American Literature It provides both concise information concerning particular authors works and literary traditions of Latin America as well as comprehensive material about the various national literatures of the area This book will therefore be of interest to Hispanic scholars as well as more general readers and non Hispanists La agonía del principio Igor Slowing,2000 **Encyclopedia of Latin American Literature** Verity Smith,1997-03-26 A comprehensive encyclopedic guide to the authors works and topics crucial to the literature of Central and South America and the Caribbean the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10 000 words on the literature of individual countries of the colonial period and of ethnic minorities including the Hispanic communities in the United States Besides presenting and illuminating the traditional canon the encyclopedia also stresses the contribution made by women authors and by contemporary writers Outstanding Reference Source Outstanding Reference Book *El último Katun* Carlos René García Escobar,2000
