Anthropology and Development Katy Gardner, David Lewis, 2015-02-20 Western aid is in decline Non traditional development actors from the developing countries and elsewhere are in the ascendant A new set of global economic and political processes are shaping the twenty first century This book engages with nearly two decades of continuity and change in the development industry In particular it argues that while the world of international development has expanded since the 1990s it has become more rigidly technocratic The authors insist on a focus upon the core anthropological issues surrounding poverty and inequality and thus sharply criticise what are perceived as problems in the field Anthropology and Development is a completely rewritten edition of the best selling and critically acclaimed Anthropology Development and the Post Modern Challenge 1996 It serves as both an innovative reformulation of the field as well as a textbook for many undergraduate and graduate courses at leading international universities The Vagabond's Way Rolf Potts, 2022-10-04 Thought provoking encouraging and inspiring Gretchen Rubin reflections on the power of travel to transform our daily lives from the iconoclastic travel writer scholar and author of Vagabonding For readers who dream of travel yearn to get back out on the road or want to enrich a journey they re currently on The Vagabond s Way explores and celebrates the life altering essence of travel all year long Each day of the year features a meditation on an aspect of the journey anchored by words of wisdom from a variety of thinkers from Stoic philosopher Seneca and poet Maya Angelou to Trappist monk Thomas Merton and Grover from Sesame Street Iconoclastic travel writer and scholar Rolf Potts embraces the ragged edged harder to quantify aspects of travel that inevitably change travelers lives for the better in unexpected ways The book s various sections mirror the phases of a trip including dreaming and planning the journey All life affecting journeys and the unexpected wonders they promise become real the moment you decide they will happen embracing the rhythms of the journey The most poignant experiences on the road occur in those quiet moments when we recognize beauty in the ordinary finding richer travel experiences Developing an instinct to venture beyond the obvious on the road allows you to see places as mysteries to be investigated expanding your comfort zone No moment of instant gratification can compare to savoring an experience that

has been earned by enduring the adversity that comes with it The Vagabond's Way encourages you to sustain the mindset of a journey even when you aren't able to travel and affirms that travel is as much a way of being as it is an act of movement

Tabachnick, Esther Bendit Saltzman, 2015-05-13 The graphic novel is the most exciting literary format to emerge in the past thirty years Among its more inspired uses has been the superlative adaptation of literary classics Unlike the comic book abridgments aimed at young readers of an earlier era today's graphic novel adaptations are created for an adult audience and capture the subtleties of sophisticated written works This first ever collection of essays focusing on graphic novel adaptations of various literary classics demonstrates how graphic narrative offers new ways of understanding the classics including the works of Homer Poe Flaubert Conrad and Kafka among many others *Gemma* Thomas Adolphus

The Patron Saint of Second Chances

Christine Simon, 2023-04-11 In a tiny village in Italy the self appointed mayor and vacuum cleaner repairman Signor Speranza will do anything he can to save his beloved town When he learns that the water is going to be cut off in sixty days unless he can come up with some quick cash he tries to boost tourism by spreading a harmless rumor that major movie star Dante Rinaldi is planning to film a movie in the village The plan works a

little too well and soon everyone wants to be a part of the fictional movie Village butcher Signor Maestro will even invest in the film if Signor Speranza can find roles for each of his fifteen enormous sons Speranza soon realizes that the only way to keep the momentum going is to actually make the movie assuring the villagers that Dante is on his way Luckily his hapless assistant Smilzo happens to have written a screenplay not so secretly based on his undying love for the film's leading lady As the entire town becomes involved in the movie even the village priest invests Signor Speranza starts to think he might be able to pull this off until word reaches Dante Rinaldi's ears Junk Melvin Burgess,2014-04-03 It was a love story Me Gemma and junk I thought it was going to last forever Tar loves Gemma but Gemma doesn't want to be tied down She wants to fly But no one can fly forever One day finally you have to come down Melvin Burgess most ambitious and complex novel is a vivid depiction of a group of teenagers in the grip of addiction Told from multiple viewpoints Junk is a powerful unflinching novel about heroin Once you take a hit you will never be the same again Everyone should read Junk The Times Helping Those Experiencing Loss Robert J. Grover Professor Emeritus,Susan G. Fowler,2011-07-13 This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources Grief caused by loss is both a very common human experience and a highly individualized one For example children experience a number of losses that are unique to their young age such as sibling and parent death adoption or divorce and should be given special consideration by professionals and parents helping them in these situations For gay lesbian or cohabiting heterosexual couples that suffer the loss of a partner societal standards often deny the survivors in these relationships the right to grieve Helping Those Experiencing Loss A Guide to Grieving Resources is a book like no other supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime as well as a comprehensive guide to the literature of bereavement and grieving It explains the grieving process interpreting the results of research on the topic in plain language and addressing specific groups children young adults parents who have lost a child adults who have lost spouses and the aging population *The Fiction of Hortense Calisher* Kathleen Snodgrass,1993 Hortense Calisher is the author of eleven novels six collections of stories or novellas and two memoirs The publication of her first book of short stories In the Absence of Angels 1951 marked the debut of an important writer For the past forty years her works have been consistently and widely reviewed Calisher has long been celebrated and censured as a writer's writer a consummate stylist with an impressive range of subjects Despite that range however Calisher's works possess a thematic coherence that has eluded critical notice For more than forty years she has spun out variations on the motif of rites of passage and of extradition Her protagonists may yearn for stasis for a firmly manageable reality but finally emerge into a world where change is the only constant In The Fiction of Hortense Calisher the first book length study of Calisher's work Kathleen Snodgrass demonstrates this theme's dominance Following an introduction that provides biographical and critical background she explores similarities in the structure of Calisher's works grouping them together to

illuminate both the general motif and its distinctive variations In the first chapter Bridging the Gulf The Autobiographical Stories Snodgrass arranges Calisher s early stories into a biographically chronological order a coherent narrative emerges that dramatizes Hester Elkin s rites of passage from childhood through adolescence to early adulthood Hester Elkin is only the first of a succession of Calisher s protagonists to embrace life as an open ended journey In chapter 2 Snodgrass examines four Calisher novels that have in common tumultuous transitions from adolescence to adulthood In Calisher an essential part of that rite of passage is a coming down from the heights of theorizing and fantasy into a willingness to grapple with mundane adult realities Chapter 3 False Entries focuses on two companion novels in which the central drama is the painful transition from stasis to movement Subsequent chapters focus on two very different types of movement Solo Flights deals with characters sloughing off conventional lives like dead skins and setting off alone while Re Entries examines the opposite movement here Calisher s characters re enter what she has termed the great enclosure of the norm Later chapters discuss Calisher s two novels of space travel works in which the primary voyage is psychic rather than physical and works dealing with the voyaging life well into old age In her conclusion Calisher s Monologuing Eye Snodgrass demonstrates the inseparability of style and theme in Calisher s works Both stylistically and thematically Calisher repudiates a predictably linear progression through life If her style is as some critics have remarked dense and elliptical so too is her experience of the world She leaves it to others to duplicate a received reality choosing instead to take soundings on a world in flux
