Losing It The Economic Fall Of The Middle Class:

Losing it Robert C. Yeager, 1980 Financialization Of Daily Life Randy Martin, 2002-10-18 While trillions of dollars came and went in the stock market boom of the 1990s the image of every man and woman a CEO may turn out to be the era's lasting legacy Business news once reserved to specialized papers or sections of the larger news of the day came to the forefront in cable television and in cultural images of how ordinary people through the internet and other avenues could not only master their financial life but move money and equity around with the ease of a financial titan Financialization of Daily Life looks at how this transformation occurred and how it is just now becoming a significant and troubling aspect of our political and cultural life Randy Martin takes us through all of the aspects of our financialization He examines how the shift in economic life arose not only from changes in culture but also from new policy priorities that emphasize controlling inflation over promoting growth He offers a close reading of self help literature that teaches parents how to rear financially literate children and to instruct adults in the fundamentals of fiscal management He examines just what a society that treats financial investment as a national past time really looks like and how that society is transforming the world In a country rocked by scandals in accounting and banking the identification ordinary citizens make with and the risk with which they engage in the stock market calls into question the very basis of our economic system Randy Martin spells out in clear terms the

implications our financial doings and undoing have for the way we organize our lives and especially our money **Losing Control** Louise Williams, Roland Rich, 2014-01-10 A free press is not a luxury A free press is at the absolute core of equitable development according to World Bank President James Wolfensohn A free press is also the key to transparency and good governance and is an indispensable feature of a democracy So how does Asia rate In Losing Control leading journalists analyse the state of play in all the countries of North Asia and Southeast Asia From the herd journalism of Japan to the Stalinist system of North Korea Losing Control provides an inside look at journalism and freedom of the press in each country One conclusion a combination of new technology and greater democracy is breaking the shackles that once constrained the press in Asia Brings together Asia's best and brightest observers of the press Hamish McDonald Foreign Editor The Sydney Morning Herald A rare insiders view exposing the real dynamics behind social and political change in Asia Evan Williams Foreign Correspondent ABC TV A timely and necessary contribution to the debate over the quality of freedom in Asia Geoffrey Barker The Australian Financial Review
