**Real?** Jerome W. Elbert, 2010-05-04 In an age dominated by science many traditional concepts are being reevaluated in light of current knowledge about the physical and biological world Among the many religious notions passed down from generation to generation belief in the soul may be the most in need of reconsideration Despite its slightly antiquated nuances and its fuzziness as a coherent idea people today still refer to the soul quite frequently We often hear such questions as Can the soul leave the body Does the soul survive death And if so do the souls of the departed occasionally appear to the living But given what we now know about the brain psychology and body chemistry the skeptic may well ask what meaning or relevance can this medieval term possibly have Physicist Jerome W Elbert takes up this intriguing issue in this informative yet accessible study He begins by reviewing the ancient origins of the soul concept looks at Christian beliefs and pagan parallels and then considers how the advance of science has changed our fundamental understanding of the brain and consciousness These new scientific insights he points out inevitably affect our traditional ideas about the soul Moreover many contemporary dilemmas have much to do with whether or not we posit the existence of a soul for example the question of free will and the debate over abortion Taking into consideration the views of many recognized experts he moves to the inescapable conclusion that we can account for the nature of life the mind and the human decision making process without any need for the now obsolete idea of a soul Insightful and absorbing Are Souls Real is popular science writing at its best Jerome W Elbert Ph D Tacoma WA now a self employed researcher and writer worked for many years as a research professor of physics at the University of Utah

**Baptist Traditions and Q** Clare K. Rothschild, 2005 Clare K Rothschild offers the first comprehensive examination of why current models of Q feature traditions concerning John the Baptist both prominently and favorably A close hermeneutical investigation of the NT Gospels including literary phenomena such as the double attribution of sayings to John and to Jesus contradictions among sayings of Jesus and significant thematic continuities between Baptist traditions and Q sayings on topics such as the Son of Man and Kingdom of God support the argument that at some point in the undoubtedly complex pre history of its redactions Q existed as a source of Baptist traditions exclusively This study also includes an important new interpretation of the Markan transfiguration narrative **BOOK JACKET**

**Jesus, the Gospels, and the Galilean Crisis** Tucker S. Ferda, 2018-12-27 Tucker S Ferda examines the theory of the Galilean crisis the notion that the historical Jesus himself had grappled with the failure of his mission to Israel While this theory has been neglected since the 19th century due to research moving to consider the response of the early church to the rejection of the gospel Ferda now provides fresh insight on Jesus own potential crisis of faith Ferda begins by reconstructing the origin of the crisis theory expanding upon histories of New Testament research and considering the contributions made before Hermann Samuel Reimarus He shows how the crisis theory was shaped by earlier and so called pre critical gospel interpretation and examines how despite the claims of modern scholarship the logic of the crisis theory is still a part of current debate Finally Ferda argues that while the crisis theory is a failed hypothesis its suggestions on early success and

growing opposition in the ministry as well as its claim that Jesus met and responded to disappointing cases of rejection should be revisited This book resurrects key historical aspects of the crisis theory for contemporary scholarship     Gender in the Rhetoric of Jesus Sara Parks,2019-10-04 Examining the hypothetical earliest layer of Jesus sayings known as Q Sara Parks argues that Jesus deliberately crafted parabolic teachings regarding the basileia of God to appeal to both male and female adherents For a century after Q vestiges of gender paired teachings popped up in multiple independent texts related to Jesus from Mark to Paul to the Synoptics and John making it more likely that this inclusion of women originated with Jesus himself In Gender and the Rhetoric of Jesus Parks engages the divided scholarship on the meaning of gendered pairs for an evaluation of the gender politics of Q arguing that even though Q s peculiar rhetoric of gender equality was an innovation it was also a product of its time as evidenced in other contemporaneous texts which struggled with ambiguous equalities from Philo to Musonius Rufus to Joseph and Aseneth In addition she shows that Jesus rhetoric of gender as remembered in Q constitutes some of the earliest evidence for the study of first century Jewish women and women in Christian origins     The Nonviolent Messiah Simon J. Joseph,2014-06-02 When scholars have set Jesus against various conceptions of the messiah and other redemptive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Missing from those discussions Simon J Joseph contends are the unique conceptions of an Adamic redeemer figure in the Enochic material conceptions that informed the Q tradition and he argues Jesus own self understanding     **Characterization in the Gospels** David Rhoads,Kari Syreeni,1999-01-01 This volume examines characterization in the four Gospels and in the Sayings Gospel Q Peter in Matthew Lazarus in John and Jesus as Son of Man in Q are examples of the characters studied The general approach is narrative critical At the same time each contribution takes special effort to widen the scope beyond the narrated world to include the text s ideological and real life setting as well as its effective history New ways of doing narrative criticism are thus proposed The concluding essay by David Rhoads delineates the development and envisions the future of narrative criticism in Gospel studies     **Grammaire du parler berbère de Figuig (Maroc oriental)** James McConkey Robinson,Paul Hoffmann,John S.
