Davis, 2022-03-30 Shrimp is easily America's favorite seafood but its very popularity is the wellspring of problems that threaten the shrimp industry's existence Asian Cajun Fusion Shrimp from the Bay to the Bayou provides insightful analysis of this paradox and a detailed thorough history of the industry in Louisiana Dried shrimp technology was part of the cultural heritage Pearl River Chinese immigrants

introduced into the Americas in the mid nineteenth century As early as 1870 Chinese natives built shrimp drying operations in Louisiana s wetlands and exported the product to Asia through the port of San Francisco This trade internationalized the shrimp industry About three years before Louisiana s Chinese community began their export endeavors manufactured ice became available in New Orleans and the Dunbar family introduced patented canning technology The convergence of these ancient and modern technologies shaped the evolution of the northern Gulf Coast s shrimp industry to the present Coastal Louisiana s historic connection to the Pacific Rim endures Not only does the region continue to export dried shrimp to Asian markets domestically and internationally but since 2000 the region s large Vietnamese immigrant population has increasingly dominated Louisiana s fresh shrimp harvest Louisiana shrimp constitute the American gold standard of raw seafood excellence Yet in the second decade of the twenty first century cheap imports are forcing the nation s domestic shrimp industry to rediscover its economic roots Fresh off the boat signs and real time internet connections with active trawlers are reestablishing the industry s ties to local consumers Direct marketing has opened the industry to middle class customers who meet the boats at the docks This right off the boat paradigm appears to be leading the way to reestablishment of sustainable aquatic resources All one can eat shrimp buffets are not going to disappear but the Louisiana shrimp industry s fate will ultimately be determined by discerning consumers palates

They Were Just People Bill Tammeus,Jacques Cukierkorn,2009-09-01 Hitler s attempt to murder all of Europe s Jews almost succeeded One reason it fell short of its nefarious goal was the work of brave non Jews who sheltered their fellow citizens In most countries under German control those who rescued Jews risked imprisonment and death In Poland home to more Jews than any other country at the start of World War II and location of six German built death camps the punishment was immediate execution This book tells the stories of Polish Holocaust survivors and their rescuers The authors traveled extensively in the United States and Poland to interview some of the few remaining participants before their generation is gone Tammeus and Cukierkorn unfold many stories that have never before been made public gripping narratives of Jews who survived against all odds and

courageous non Jews who risked their own lives to provide shelter These are harrowing accounts of survival and bravery Maria Devinki lived for more than two years under the floors of barns Felix Zandman sought refuge from Anna Puchalska for a night but she pledged to hide him for the whole war if necessary and eventually hid several Jews for seventeen months in a pit dug beneath her house And when teenage brothers Zygie and Sol Allweiss hid behind hay bales in the Dudzik family s barn one day when the Germans came they were alarmed to learn the soldiers weren t there searching for Jews but to seize hay But Zofia Dudzik successfully distracted them and she and her husband insisted the boys stay despite the danger to their own family Through some twenty stories like these Tammeus and Cukierkorn show that even in an atmosphere of unimaginable malevolence individuals can decide to act in civilized ways Some rescuers had antisemitic feelings but acted because they knew and liked individual Jews In many cases the rescuers were simply helping friends or business associates The accounts include the perspectives of men and women city and rural residents clergy and laypersons even children who witnessed their parents efforts These stories show that assistance from non Jews was crucial but also that Jews needed ingenuity sometimes money and most often what some survivors called simple good luck Sixty years later they invite each of us to ask what we might do today if we were at risk or were asked to risk our lives to save others **Children's Exodus**
