Forbidden History, The Lost Civilizations M.G. Hawking, Jenna Wolfe, Ph.D., 2025-09-24

Explore Evidence of Earth's Mysterious Lost Civilizations. For decades, the archaeological community labored under the theory that human civilization began only following the last Ice Age. Contemporary discoveries have greatly undermined that conjecture. Modern research has unearthed lost civilizations one after another, previous academic accounts of the origins of civilization have fallen forfeit to evidence from archaeological sites worldwide, including Thebes c. 37,900 BC, Edfu c. 18,000 BC, Turkey c. 12,000 BC, Bolivia c. 15,000 BC, Indonesia c. 22,000 BC, and most intriguingly in Antarctica c. 55,500,000 BC. The explorations in this book are organized as follows: Part I of this book, *The Lost Civilizations*, provides archaeological background regarding the pre-Younger Dryas Boundary event civilizations circa 10,770 BC or earlier and the known cataclysmic astronomical events that eradicated most evidence of prehistoric civilization from the historical record. Part II, *A Stunning Lost Civilization in Antarctica*, provides a detailed account of the satellite imaging evidence for the remains of an extensive Paleocene civilization existing under the ice of Antarctica, including intelligently made structures resembling some sort of pyramidal and rectangular buildings. Also examines the ice core-derived isotopic record from the Paleogene and Neogene geologic periods, indicating that the infrastructure of an advanced civilization existed on the Antarctic continent approximately 55.5 million years ago and may have been inhabited for 300,000 or more years. Part III, *Our Cosmos*, provides an overview of our incredible

universe including recent discoveries e g that the number of galaxies in the observable universe is more than ten trillion and that our galaxy as a whole may contain over 40 billion earth like terrestrial planets Examines new results of calculating the Drake equation based on the most recent Kepler survey data and studies of exoplanet atmospheres estimating that extraterrestrial civilizations in our galaxy may number in the millions As the study of antiquity is properly accounted purely academic except as it may be made living knowledge which enriches our contemporary life a Bonus Supplement containing Parts IV and V of this book contains a comprehensive anthology which explores the rare arcane knowledge of the ancient world wisdom that conveys benefits of great value in our modern world We invite you to explore amazing discoveries and knowledge that for long millenniums has remained concealed under layers of legend myth and secrecy A truly incomparable book for anyone interested in expanding their knowledge and personal power and especially fascinating for anyone interested in the realities behind the ubiquitous legends of antediluvian civilizations and the possibility of ancient extraterrestrial influences 2025 Edition estimated e reader page count 337 Thank you **The Lost Civilization Enigma** Philip Coppens,2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history Are history books giving us the whole story Or is civilization far more complex and older than we have been taught Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed The Lost Civilization Enigma reveals the truth about Lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted Clearly our history books have left out a great deal
