Mountains And Memories:

Mountain Memories Thurman Parish, 2019 *A Passion for Mountains* Kathryn Bridge, 2006 Don and Phyllis Munday are western Canada's most famous mountaineering couple. Active members of the Alpine Club of Canada, they climbed for almost four decades throughout the Pacific Northwest as well as in the Selkirks and the Rocky Mountains. The Mundays were ahead of their time. They are chiefly renowned for their tenacity and environmental awareness as well as for their scientific contributions in exploring and documenting the little-known Coast Mountains. Their joint climbs from the 1920s through the 1940s included scaling 150 plus mountains; more than 40 were first ascents. *A Passion for Mountains* features a broad selection of the Mundays' photographs and incorporates their own words to describe many of their ascents. **The Glittering Mountains of Canada** James Monroe Thornton, 1925 **My Mountains** Roselle Theodore Cross, 1921

Mount Mitchell and the Black Mountains Timothy Silver, 2003-12-04 Each year thousands of tourists visit Mount Mitchell, the most prominent feature of North Carolina's Black Mountain range and the highest peak in the eastern United States. From Native Americans and early explorers to land speculators and conservationists, people have long been drawn to this rugged region. Timothy Silver explores the long and complicated history of the Black Mountains, drawing on both the historical record and his experience as a backpacker and fly fisherman. He chronicles the geological and environmental forces that created this intriguing landscape, then traces its history of environmental change and human intervention from the days of Indian-European contact to today. Among the many tales Silver recounts is that of Elisha Mitchell, the renowned geologist and University of North Carolina professor for whom Mount Mitchell is named, who fell to his death there in 1857. But nature's stories of forest fires, chestnut blight, competition among plants and animals, insect invasions, and most recently airborne toxins and acid rain are also part of Silver's narrative, making it the first history of the Appalachians in which the natural world gets equal time with human history. It is only by understanding the dynamic between these two forces, Silver says, that we can begin to protect the Black Mountains for future generations. Edwards, 2018-01-06 The Foreword Indies Gold Medal Winner that analyzes Dolly Parton as a performance art project designed to subvert gender and class expectations Shondaland Dolly Parton is instantly recognizable for her iconic style and persona but how did she create her enduring image Dolly crafted her exaggerated appearance and stage personality by combining two opposing stereotypes the innocent mountain girl and the voluptuous sex symbol Emerging through her lyrics personal stories stage presence and visual imagery these wildly different gender tropes form a central part of Dolly s media image and portrayal of herself as a star and celebrity By developing a multilayered image and persona Dolly both critiques

representations of femininity in country music and attracts a diverse fan base ranging from country and pop music fans to feminists and gay rights advocates In *Dolly Parton Gender and Country Music* Leigh H Edwards explores Dolly s roles as musician actor author philanthropist and entrepreneur to show how Dolly s gender subversion highlights the challenges that can be found even in the most seemingly traditional form of American popular music As Dolly depicts herself as simultaneously real and fake she offers new perspectives on country music s claims of authenticity A valuable contribution to studies of celebrity gender music media and popular culture that should be useful to scholars working in any of these areas

Celebrity Studies A stellar exploration of how Parton deftly balanced traditional country aesthetics with her willingness to rebel against those same trappings by completely owning her image and how she performed her femininity

Bearded Gentlemen Music Mountain Memories Violet June Richardson,2009-12 From the beautiful green mountains of Tumbling Creek Virginia to the coalmines of West Virginia came a man strong as if carved from granite with a wife and ten children They survived the everpresent stench of coal dust the loud rumble of freight trains loaded with fresh dug coal that spewed billowing black smoke throughout the coal camps night and day Some will say they lived a gypsy life but those who lived through the Great Depression will remember the struggles that had to be made in order to survive to keep food on the table and clothes on their backs Later Tom moved his family several times in order to make a living These included Cedar Bluff Tumbling Creek and then on to Meadowview Farm where the family settled down to farming Their last move was to Indiana where Tom retired to live among his children who had moved there earlier You will get to know each child as they grow into adults laugh at the antics of a large and boistrous family and cry when tragedy strikes This is the continuing story of Tom and Dolly and the sequel to *Mountain Blossoms*

Country Music Kurt Wolff,2000 Includes essays tracing Country s growth from hand me down folk to a major American industry concise biographies critical album reviews from the earliest commercial recordings of the 1920s through the mulitplatinum artists of today and vintage album jackets and previously unpublished photographs
